DIVISION  
REPORTING:Tourist Safety DivisionDIVISION OF  
OCCURRENCE:DTACDATE & TIME  
OCCURRED:10/01/17LOCATION OF  
OCCURRENCE:2000 S. Las Vegas BlvdNARRATIVE:

On 10/01/17 upon broadcast of an active shooter in CCAC 791 advised DT32 to meet at MacTac rally point. Officer L. Vincent P# 15329 and Officer J. Sandoval P# 15661 paired up and responded to 2000 S. Las Vegas Blvd the Stratosphere main valet off of Las Vegas Blvd and Bob Stupak per 791.

Officers made contact with two females who were at the Route 91 event and were able to escape making it to the Stratosphere where they were identified as [REDACTED] phone # [REDACTED] and [REDACTED] phone # [REDACTED]. Both females were very scared and distraught while explaining to me that while facing the stage to the right [REDACTED] heard what she thought to be fireworks to her right. [REDACTED] and [REDACTED] then heard rapid fire gunshots and began to see multiple people being shot as they began running north east away from the gunfire.

While staged at the Stratosphere a suspicious female later identified as [REDACTED] via NV DL [REDACTED] who approached a Stratosphere security guard handing him a box stating this is for the police not saying what is in the box and walking away. The security guard immediately put the box down and alerted myself and Officer Sandoval. Officers located [REDACTED] and questioned her of what was in the box. [REDACTED] stated the box contained donuts and she was simply conducting a random act of kindness. Stratosphere K-9 officer had his dog check the package which was in fact donuts. Officers advised [REDACTED] to what was going on and why she was being questioned about her intentions.

Active Shooter Route 91 Festival

SUBJECT

DIVISION  
REPORTING:

SC13

DIVISION OF  
OCCURRENCE:

CCAC

DATE & TIME  
OCCURRED:

10/01/17 2208 hours

LOCATION OF  
OCCURRENCE:

3950 S. Las Vegas Blvd

**NARRATIVE:**

On Sunday, October 1, 2017 at approximately 2208 hours, I, Officer J. Collins (P#15332) was in pre-shift briefing in the South Central Area Command Briefing Room when I overheard a dispatch on the radio of an active shooter inside of the Route 91 Harvest Festival across the street from the Mandalay Bay, on Las Vegas Blvd. I immediately proceeded, with my squad, to our vehicles.

I drove northbound on Las Vegas Blvd., and upon arriving in the middle of the intersection of Mandalay Bay Rd and Las Vegas Blvd., I heard the sound of automatic gunfire coming from an elevated position on my left. I quickly stopped my vehicle, as I could see rounds in front of me going into the area of the festival and my driver side window was reverberating from the sounds of the shots being fired. As a second volley of gunfire commenced I exited my vehicle and took cover at the front of Officer T. Webb's (P#15851) vehicle, which was also in the intersection, but was facing north and south. At this time we became pinned down as we could not tell where in the Mandalay Hotel the gunfire was coming from, but I could hear the rounds skipping and ricocheting and people screaming.

As the second volley of gunfire concluded, I looked on the southeast corner of the intersection and observed 8-10 civilians huddled behind a power box. Officer Webb and I provided cover for the civilians and instructed them to retreat eastbound down Mandalay Bay Rd so that they could evacuate the area. For the next 10 minutes, we were able to get civilians in vehicles out of the area, driving southbound down Las Vegas Blvd, or eastbound down Mandalay Bay Rd.

After about 10-15 minutes of no gunfire Officer Webb and I became a two man team and began to evacuate all civilians in the area that we could find. We observed multiple people on the west side of Las Vegas Blvd in front of Mandalay Bay. Officer Webb and I crossed the street and evacuated 30-40 civilians southbound towards officers who were stationed at Russell Rd and Las Vegas Blvd. I then observed about 10 people on the east side of the street in front of the Motel 8/Liquor store, as well as about 15 people at the Desert Oasis Motel, just north of Four Seasons Dr on Las Vegas Blvd. Officer Webb and I cleared both areas and had the civilians shelter in place.

I then acknowledged a call from Dispatch asking for officers to provide an escort for fire and medical personnel who needed to get from Russell Rd to the Route 91 festival grounds, as there was a call that a male had a

DATE & TIME OCCURRED: <u>10-01-17 2213</u>	LOCATION OF OCCURRENCE: <u>Las Vegas BLVD/ Mandalay Bay RD</u>

**NARRATIVE:**

On 10-01-17 at around 2213 hours I, Officer J. Noriega, P# 15334 operating as marked patrol unit 1N23 was assigned to an active shooter call at the Mandalay.

I was in patrol briefing when Sgt. G. Jackson, P13418, alerted our squad to the active shooter and ordered our squad to the area of Las Vegas BLVD and Mandalay Bay. Upon arrival I parked my vehicle on Las Vegas BLVD just south of Mandalay Bay RD. I could hear the sound of gunfire coming from the Mandalay Bay and heard what sounded like bullets hitting the area. Myself and Officer Swanger, who arrived at the same location, then began to direct citizens southbound on Las Vegas Blvd away from the gunfire.

At one point, about 30 minutes after arriving, there was a white male, about 6', 200 lbs wearing no shoes and blue jeans, who began causing a disturbance in the parking lot of 3953 S. Las Vegas BLVD by knocking down a camera tripod from a news crew that was there because he was angry that he could not help with the incident. The subject was taken into custody momentarily then released by Officer Swanger.

I remained at the intersection of Las Vegas Blvd and Mandalay Bay Rd. until I was requested to return to the CP to join a strike team. I was assigned to strike team 36 but was never activated. After the event myself and Officer Swanger were assigned to take calls for service in the Enterprise area.

DATE & TIME OCCURRED: <u>10/01/17 2208 hours</u>	LOCATION OF OCCURRENCE: <u>Mandalay Bay (Route 91)</u>

**NARRATIVE:**

On October 1<sup>st</sup>, 2017, I, Officer S. Mikalonis P#15903 along with Officer P. Mills P#15854, operating as marked patrol unit 1M48 from squad CC14B, responded to the 415A at the Mandalay Bay from CCAC. We arrived on Las Vegas Blvd/ Tropicana in between the Excalibur and the Tropicana in the southbound lane as shots were still being fired. As we stopped our vehicle two victims that were shot (one in the arm and one in the foot) crossed the northbound lane into our lane. I helped the victims get over the barrier that separates the traffic and helped carry them over to a medical unit. A sergeant then pulled up from Enterprise, which I don't know the name and followed him up to the Luxor barrier where there were about 50-60 people taking cover behind the Luxor Pillar that was on Las Vegas Blvd. The sergeant directed my partner Mills to stand in front of the people who were taking cover to guard and to eliminate a threat if one approached. The sergeant then assembled a team of four officers (two of the overtime units that were at the event, the sergeant, and myself) as a designated strike team to go inside the Mandalay Bay (I don't know what strike team we were or the names of the Officers). We then jumped the gate that led to the parking lot in front of the Luxor and made our way towards the Mandalay Bay. We ran across the street on Mandalay Bay RD and went through the back clearing out the first floor. As we approached the Michael Jackson theatre to clear it out we found that there were about 1,000 people hiding in there. At the time Swat had just confirmed the 419 with the shooter. The sergeant then directed each officer to hold down a door and protect the people inside. About 20-30 minutes later, many units had showed up to our point to help out. The theatre had then become a designated evacuation point. I stayed at the evacuation point until I was told otherwise by the Sergeant that I was with.

Due to running out to my car as the 415A came out, I forgot to grab my body worn camera and did not have it during the incident.

DIVISION  
REPORTING: Tourist Safety Division/ CC 16DIVISION OF  
OCCURRENCE: Tourist SafetyDATE & TIME  
OCCURRED: 10/1/17, 2208LOCATION OF  
OCCURRENCE: 3950 S Las Vegas Blvd. LVN, 89019NARRATIVE:

At approximately 2208 hrs on 10/1/17, I, Officer K. Gross, P #15348, along with Officer C. Gibson, P #15353, operating as LVMPD unit 8M60, were conducting plain clothes surveillance at the Stage Door, located at Linq Ln and Flamingo Blvd LVN, 89109.

Myself and Officer Gibson were both in plain clothes operating a LVMPD unmarked vehicle (vehicle #4225, Blue Honda Pilot). We were monitoring the CCAC PSU channel on the vehicle's radio system and the CCAC primary radio channel on a handheld pack set. Officer Gibson was armed with a Springfield XDM9 Compact with a 13 round magazine and a 19 round magazine on his belt. I, Officer Gross, was armed with Glock 19 with a 23 round magazine and a 15 round magazine on my belt. Both I and Officer Gibson had plate carriers available in our vehicle which were laying on the floor board in the rear passenger compartment immediately behind the front seats. Both plate carriers were equipped with the following; ballistic rifle plates on the front and rear panels, medical pouches on the front panel and "POLICE" placards on the front and rear panels. I was also in possession of my MACTAC gear which was positioned in the rear baggage compartment of the vehicle.

On the initial call of shots fired by 169SE, we broke down surveillance and began heading towards Mandalay Bay in a code 3 response. Officer Gibson was driving and I was in the front passenger seat. While enroute I was able to dawn my plate carrier from the back seat. We proceeded westbound on Flamingo, travelled west through Bellagio service access road to Frank Sinatra. We then travelled south on Frank Sinatra then east on a no name street just north of Mandalay Bay Rd. We then travelled south on Luxor Dr then east on Mandalay Bay Rd.

Our understanding at the time was that the location of the shooter was in the Route 91 event venue actively engaging concertgoers. Based on that knowledge, Officer Gibson made the decision to stop our vehicle on Mandalay Bay road approximately 50 yards west of Las Vegas Blvd in order for Officer Gibson to dawn his plate carrier. Officer Gibson then exited the vehicle from the driver side and made his way to the driver's side rear passenger door of the vehicle while I remained in the passenger seat. During this time a string of automatic fire rang out from the south of our position which I believed to be coming from the roof top of

Mandalay Bay. I then immediately exited the vehicle from the driver side door and took a concealment position behind our vehicle. Officer Gibson was still in the process of donning his tactical equipment while we took position behind the vehicle. Shortly after the gun fire stopped, Officer Gibson got back in the driver seat and I climbed into the rear driver side passenger seat. Officer Gibson then drove east on Mandalay Bay road towards Las Vegas Blvd. We then came to a rest on the east side of Las Vegas Blvd in the northbound lanes closest to the sidewalk adjacent to the Route 91 festival.

I then exited our vehicle from the driver side backseat and observed Sgt. Andrew Bauman, P #9982, operating as LVMPD unit 790, taking concealment behind a marked LVMPD Ford Crown Victoria just North of the intersection of Mandalay Bay Rd and Las Vegas Blvd. I then ran towards Sgt Bauman and took a concealment position behind the patrol vehicle as well. While at the vehicle another volley of gunfire erupted from the area of Mandalay Bay Hotel/ Casino. Sgt Bauman then advised myself and the other Officers behind the vehicle that the shooter was firing from an elevated position inside the Mandalay Bay Hotel/ Casino and that we all needed to take cover behind the brick wall east of our position near Gate 1. On the command of "move", given by Sgt. Bauman, all Officers behind the patrol vehicle, to include myself and Sgt. Bauman, sprinted towards the gate 1 brick wall and hurdled over it. While behind the wall I observed Officer Gibson, several other Officers, and civilians also taking cover. Officer Gibson then advised me that Officer Casey Clarkson was bleeding from the neck area. Officer Gibson stated he was preparing to assemble his personal medical equipment to treat the injury a light source to see in our low lit area. I then provided light, via a handheld flashlight, while Officer Gibson provided medical care to Officer Clarkson in the form of a gauze bandage wrapped around his neck.

After another volley of gunfire, Sgt. Bauman and Sgt. S. Richmond, P # 9371, made the decision to evacuate two injured civilians taking cover behind the wall with Officers. The plan involved escorted them to a nearby medical tent. Officer Gibson and I facilitated the move and were able to hand the two wounded civilians off to an EMT with a wheel barrel. The EMT loaded the wounded in to the wheel barrel and proceeded to carry them to the medical tent. I and Officer Gibson then returned to the brick wall where we previously were. Sergeants Bauman and Richmond then designated two strike to teams derived of approximately 6 Officers each. I, Officer Gibson, and 3 other Officers were assigned with Sgt. Bauman. Our strike team then proceeded on foot west across Las Vegas Blvd towards the south east side of the Luxor property. We took a position of concealment behind the "Criss Angel" promotional sign on the northwest corner of the Mandalay Bay Rd/ Las Vegas Blvd intersection. We then proceeded south across Mandalay Bay Rd towards the Mandalay Bay Hotel/ Casino Property. Upon crossing the roadway I observed two civilians, a female and a male, sitting on the Northside of the property's sidewalk. The female was hysterically crying and asking for help. I then grabbed the female by the arms and escorted her northbound across Mandalay Bay Rd to the "Criss Angel" promotion sign and left her with a uniformed Officer.

I then proceeded back across Mandalay Bay road towards the property and rejoined Sgt Bauman and the other Officers in the strike team. We then proceeded through Mandalay Bay valet area and into the main lobby area of the Casino. Our strike team then proceeded to systematically clear the main lobby floor and rooms until the order was given by Sgt. Bauman to hold what we had while SWAT team members prepared to breach the room of a possible suspect. I then remained on the main lobby floor until approximately 0500 hours of 10/2/17.

SUBJECT

DIVISION REPORTING:	<u>Tourist Safety/CC16</u>	DIVISION OF OCCURRENCE:	<u>Tourist Safety</u>
DATE & TIME OCCURRED:	<u>10/1/17 2208</u>	LOCATION OF OCCURRENCE:	<u>3950 S. Las Vegas Blvd, Las Vegas, NV</u>

NARRATIVE:

At approximately 2208 hrs on 10/1/17, I, Officer C. Gibson, P#15353, and Officer K. Gross, P#15348, operating as LVMPD unit 8M60 were conducting surveillance of Stage Door, located at Ling Ln and Flamingo Rd.

We were both in plain clothes operating a LVMPD plain car, vehicle #4225 (Honda Pilot). We were monitoring CCAC PSU channel on the vehicle radio and CCAC primary channel on a portable radio. Officer Gibson was armed with a Springfield XDM9 Compact with a 13 round magazine loaded in the magazine well, a round in the chamber and a 19 round magazine on his belt. Officer Gross was armed with Glock 19 with a 23 round magazine loaded in the magazine well, a round in the chamber and a 15 round magazine on his belt. Both officers had tactical vests available to them on the floor board in the rear passenger compartment immediately behind the front seats. Both tactical vests were equipped with ballistic rifle plates on the front and rear panels, medical pouches on the front panel and "POLICE" placards on the front and rear panels. Additionally, both officers had stowed their MACTAC gear in the rear baggage compartment of the vehicle.

On the initial call of a 415A made by 169SE, we broke down surveillance and began heading toward Mandalay Bay. Officer Gibson was driving and Officer Gross was in the front passenger seat. Based on expected traffic conditions, we proceeded code 3 westbound on Flamingo Rd, travelled west through Bellagio service access road to Frank Sinatra Dr. We then travelled south on Frank Sinatra Dr then east on the south side of Luxor parking lot. My recollection is that we turned south off of Frank Sinatra Dr at approximately 2212:30 hrs based on the call made by 790, Sgt A. Bauman, that he had arrived at Las Vegas Blvd/Mandalay Bay Rd. My intent was to join Sgt Bauman at Las Vegas Blvd/Mandalay Bay Rd. We then travelled south on Luxor Dr then east on Mandalay Bay Rd.

Our understanding of the location of the shooter as we made our way from Ling Ln/Flamingo Rd to Mandalay Bay Rd was that the shooter was in the Route 91 event venue.

As we approached the monorail track crossing Mandalay Bay Rd from the west, we heard automatic weapons fire coming from an unknown location. On hearing the automatic weapons fire, I stopped the vehicle, placed it in park and rolled out of the vehicle via the driver's door. When the driver's door opened it became apparent that the gunfire was coming from our right, but we could not determine the point of impact. I attempted to seek

Event #: LLV171001003519

cover on the driver's side of the vehicle as I made my way to the driver's side rear passenger door to retrieve my tactical vest. I was able to retrieve my tactical vest from the floor board of the driver's side rear passenger compartment and donned it as I lay on my back. Officer Gross exited the vehicle via the driver's door immediately behind me. Officer Gross was able to don his tactical vest as we drove toward the incident. Officer Gross had stowed our portable radio in a pouch on the front of his tactical vest. After my tactical vest was secured to my body, Officer Gross and I had a quick discussion and determined that we could not remain at our current location. I entered the vehicle via the driver's door as Officer Gross entered the vehicle via the driver's side rear passenger door. I then placed the vehicle in drive and drove to a location immediately to the north of Sgt Bauman's vehicle (vehicle #10505), placed the vehicle in park and exited the vehicle from the driver's door. I then made my way around the rear of the vehicle (south side) and proceeded to the brick wall directly to the east of my position along Las Vegas Blvd. I made my way over the wall and was joined there a few moments later by Officer Gross and Sgt Bauman.

While behind the wall, I observed that Officer C. Clarkson, P#9170, had a wound to the left side of his neck. I broke out the medical kit on the front panel of my tactical vest and applied a gauze dressing to Officer Clarkson's neck. I then checked up and down the line behind the brick wall for anyone else in need of medical attention and found that there were no others. I remained behind the wall and escorted the last two civilians into the Route 91 venue through a break in the chain link fence approximately 50 yards north of Gate 1. One of the civilians had an injured knee and collapsed to the ground approximately 10 yards east of the chain link fence. I helped the civilian to his feet and helped him across the Route 91 venue by supporting his body with his left arm around my neck. On the east side of the Route 91 venue I surrendered the civilian to an EMT. I then rejoined Officer Gross behind the brick wall directly east of my vehicle's position.

Approximately 30 seconds after rejoining Officer Gross, we made our way as one of two teams, one led by Sgt A. Bauman and the other led by Sgt S. Richmond P#9371, west across Las Vegas Blvd to the Criss Angel sign on the northwest corner of Las Vegas Blvd/Mandalay Bay Rd. The teams consisted of approximately 6 members each. Our team then made our way south across Mandalay Bay Rd to a large rock formation directly adjacent to the south side of Mandalay Bay Rd where we observed two civilians seeking cover. Officer Gross, one other Officer and I escorted the two civilians north across Mandalay Bay Rd to the north side of the Criss Angel sign on the northwest corner of Las Vegas Blvd/Mandalay Bay Rd. Officer Gross, the other Officer and I then rejoined our team on the south side of Mandalay Bay Rd behind the large rock formation adjacent to Mandalay Bay Rd.

Approximately one minute after rejoining our team, the team made its way through the vegetated area west of the rock formation to Mandalay Bay Valet. While in valet, a single minivan approached the main entrance to Mandalay Bay via the valet driveway from the north. We were able to stop the vehicle approximately 25 yards prior to the valet overhead covering. I approached the vehicle from the front on the driver's side while another officer approached the vehicle from the front on the passenger side. We removed the two occupants from the vehicle, cleared the vehicle while maintaining control of the occupants then patted the vehicle's occupants down for weapons. After the occupants of the vehicle were patted down for weapons, they were moved under the valet overhead cover and directed to the far east side of the valet overhead cover where they remained with Mandalay Bay security personnel.

In the vicinity of Mandalay Bay valet, we rejoined the second team with which we had crossed Las Vegas Blvd. Both teams held before making entry into Mandalay Bay while another action within Mandalay Bay, which I do not remember what it was, was in progress. Both teams then made entry into Mandalay Bay via the main entrance. My team took responsibility for clearing the hotel lobby area and the back of the house areas to the south of the check in counter. We cleared the area up to the doors leading to the Four Seasons. We limited

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
**CONTINUATION**

Event #: LLV171001003519

our advance there due to insufficient officers to continue while maintaining control of the areas we had already cleared.

We maintained control of the lobby area until cleared off scene.

Route 91 Shooting

SUBJECT

DIVISION  
REPORTING:

Patrol

DIVISION OF  
OCCURRENCE:

CCAC/CC16

DATE & TIME  
OCCURRED:

10/01/17 2205 hrs

LOCATION OF  
OCCURRENCE:

Route 91 Festival Area

NARRATIVE:

Below is a record of my experience and actions in relation to the active shooter event that took place the night of October 1<sup>st</sup>, 2017. This record is made from recollection a week after the event took place.

On 10/1/17 around 2205 hours, I, Officer J. Mitchell P#15337 along with Officer R. Thiele P#15356, were operating as marked patrol unit 8m64 in support of our squad's (CC16) plain clothes operation. When the initial call of shots fired in the area of the Route 91 concert was broadcasted over the radio, we were traveling east bound on Sierra Vista just west of the Convention Center Area Command.

We immediately, turned around, activated our lights and sirens, advised dispatch via an "AM" that we were in-route code 3. I drove us to the festival grounds using Sierra Vista to Paradise, south to Corporate, then east to Howard Hughes, south to Flamingo, west to Koval, then south on Koval until the road turned west into Reno. As we drove down Reno we saw a flood of people rushing into the street running east bound away from the fair ground. Just as we got to the intersection of Reno and Giles we heard 790, our Sgt (Sgt. Bauman) call on the radio that he needed a strike team at Mandalay Bay Drive and Las Vegas Blvd, and we heard the gunfire that cut 790's radio transmission short. Both Officer Thiele and I feared the worst and I was determined to get to 790's location. As I turned south on to Giles the massive amounts of people fleeing the area completely blocked the road way and I was only able to make it just south of Gate 5 of the festival ground and the north church parking lot exit along Giles. I parked the car (around 2208-2210 hours) next to another patrol SUV that had been abandoned there to provide a larger area of cover for those running away from the shooting. As we got out of the patrol vehicle we were slammed with people yelling for help and asking us to drive them to the hospital, Officer Thiele and I urged everyone who could walk to run east past the church, we knew we needed to get to the shooters. I tried to assess the best way to get to the shooters in the fairground from the front of the patrol car looking at both Gate 5 and 6, at this time we still thought there were three shooter inside the fair grounds. I could hear shooting and it was so loud I didn't doubt it was coming from the inside of the event, and then it was broadcast over the radio that the shooter was above the 30<sup>th</sup> floor of the Mandalay Bay Hotel. By this time 50-60 people had taken cover behind the patrol cars and Officer Thiele had begun administering first aid to the critically injured who were on the ground near us. He had already passed out the medical bags in our car and was putting a tourniquet in a man who appeared to have a gunshot wound to the knee. I then helped a female who appeared to have a gunshot wound to the upper inside part of her left leg/buttock area, I applied a tourniquet as high on her leg as I could to stop/slow the bleeding. At this time a

DATE & TIME OCCURRED: 10/1/17 2208 LOCATION OF OCCURRENCE: 3950 S Las Vegas Blvd

**NARRATIVE:**

On October 1, 2017, at approximately 2208 hours, LVMPD dispatch received a call of a possible active shooter inside Mandalay Bay Hotel. I, Officer R. Farris P#15463, being a part of BA14, who was "in the box" for all MACTAC activities that night was activated, along with the rest of my squad.

We were told the rally point would be at SCAC. After gearing up with MACTAC equipment (gas mask, helmet, and tac vest), we proceeded to caravan to SCAC, with myself driving the lead car, with Sgt Stark P#13515 riding in the passenger seat. We were assigned "Strike Team 2" by the IC, and told there were reports of a 425b suspicious vehicle, possibly wired with explosives, parked outside the valet entrance of the Luxor. We set up approximately 50-75 yards away from the vehicle, which was the farthest we could be while still being able to make visual contact with the vehicle. Our squad was site security until ARMOR units were able to respond and let their bomb robot look at the vehicle. Upon further investigation, we were able to determine the vehicle was in fact an autonomous vehicle, and was not related to the incident at all. After this, we assisted Luxor security in enforcing the lockdown they had in place, before being moved to Mandalay Bay Rd. and Luxor Dr. to maintain security of the crime scene/property of Mandalay Bay.

DIVISION  
REPORTING: Southeast Area CommandDIVISION OF  
OCCURRENCE: SE14DATE & TIME  
OCCURRED: 10/01/2017 2208LOCATION OF  
OCCURRENCE: 3950 Las Vegas Blvd, LV, NV 89119NARRATIVE:

On October 1<sup>st</sup>, 2017 I responded to SCAC along with my supervisor Sergeant L. Reyes p# 13129 and call sign of 800. This response was regarding the active assailant incident under LVMPD event LLV171001003519. We deployed from SEAC to SCAC as an in the box squad which was directed by Captain John Pelletier. Upon our arrival at SCAC, I assisted my Sergeant with assembling an incident command post in the front parking lot of SCAC. Once command was transferred from my Sergeant to Captain John Pelletier, we were subsequently deployed as strike team 3. Our mission was to arrive at and clear the ground floor of the New York New York Hotel and Casino as communications received multiple reports of an additional active assailant at the front lobby of the said casino. We deployed on foot from SCAC and arrived at our post. There were zero victims, suspects, or casualties to report. After we secured the casino, we were directed to gain access to the T-Mobile arenas surveillance system and establish site security for the T-Mobile arena and the Monte Carlo Hotel and Casino. Once dayshift officers logged on, we were relieved from our post and secured for the day.

OCCURRENCE: Mandalay Bay

**NARRATIVE:**

On October 1st, 2017 I responded to SCAC along with my supervisor Sergeant L. Reyes p# 13129 and call sign of 800. This response was regarding the active assailant incident under LVMPD event LLV171001003519. We deployed from SEAC to SCAC as an in the box squad which was directed by Captain John Pelletier. Upon our arrival at SCAC, I assisted my Sergeant with assembling an incident command post in the front parking lot of SCAC. Once command was transferred from my Sergeant to Captain John Pelletier, we were subsequently deployed as strike team 3. Our mission was to arrive at and clear the ground floor of the New York New York Hotel and Casino as communications received multiple reports of an additional active assailant at the front lobby of the said casino. We deployed on foot from SCAC and arrived at our post. There were zero victims, suspects, or casualties to report. After we secured the casino, we were directed to gain access to the T-Mobile arenas surveillance system and establish site security for the T-Mobile arena and the Monte Carlo Hotel and Casino. Once dayshift officers logged on, we were relieved from our post and secured for the day.

OCCURRENCE:3950 S Las Vegas Blvd LVNNARRATIVE:

On 10/1/17 I was sitting in briefing at 2200 hours. A swing shift officer came into the room and informed Lt Hank that there was an incident at Mandalay Bay. I turned my radio channel to Convention Center where I heard an announcement of officers taking fire at the Route 91 Music Festival.

Our squad was instructed to load up our cars and stand by for further instructions. We were told to respond to area hospitals and place them on "lock down". Only the injured and first responders were to have access. I spent the shift at the intersection of Goldring/ Shadow directing those individuals until relieved by dayshift units.

DATE & TIME OCCURRED:	<u>10/01/17 2200</u>	LOCATION OF OCCURRENCE:	<u>3901 S Las Vegas Blvd, Las Vegas, NV, 89109</u>

NARRATIVE:

On 10/01/17 at 2200 hours, during BAC graveyard briefing, Lt C. Hank was advised of a possible active shooter in CCAC. Briefing was cut short and BA 14 was activated to go en-route to CCAC and BA11 would be sent to UMC. Upon arrival I assisted Sgt J. Houchen, who was at the entrance to UMC Trauma, secure the entrance so that arriving victims could get in. I then received a phone call from Officer R. Wicks who needed for me to take his position at Charleston/Shadow because he was going with BA14 as a second certified rifle carrier. Once at Charleston/Shadow, I had Northbound Shadow Ln blocked to keep Charleston open for arriving victims. At some point during the night radio traffic came out about a possible Vehicle Born Improvised Explosive Device. I began routing traffic away from UMC by sending West bound traffic South on Shadow. Law Enforcement and Medical personnel with proper credentials were allowed entrance to UMC along with any civilian vehicles carrying victims. Once everything began to slow down I was moved to Shadow/Goldring with Officer B. Potter to ensure only UMC personnel were allowed into the parking lot.

Mandalay Bay Active Shooter

SUBJECT

DIVISION REPORTING: Community Policing

DIVISION OF OCCURRENCE: Community Policing

DATE & TIME OCCURRED: 10/01/17 & 2205 HRS

LOCATION OF OCCURRENCE: 3950 S Las Vegas Blvd Las Vegas, NV 89119

NARRATIVE:

\*\*\*BWC Available\*\*\*

On the night of 10/01/17 at approximately 2205 hours my squad (NW12) and I were in briefing at NWAC. A Swing Shift Sargent came into briefing saying there is an active shooter on the strip and there are Officers pinned down and multiple people injured.

Our squad immediately went to the parking lot and logged on to our patrol vehicle. I, Officer H. Zarate P# 15454 & Officer T. DeFauw P# 15871 logged on as marked patrol unit 1DP62. Officer DeFauw and I switched the patrol vehicle radio to CCAC and we heard Officers in need of help, but were unsure of the exact location of the shooter(s) or where the shots were coming from. Officer DeFauw and I immediately began to head east bound on W Cheyenne Ave from NWAC. As we were about to get onto the US 95 south bound to head towards the officers and citizens in crisis, Officer DeFauw and I were contacted by Officer C. Miranda P# 15311 advising us, via text message, to meet up in the northeast parking lot of NWAC to rally up and wait for orders.

Officer DeFauw and I were hesitant whether to comply with the direction or just to continue to the strip to assist the efforts. We made a decision and headed back to NWAC to leave as a squad. While we were driving back to NWAC we were still listening to CCAC channel which was extremely agonizing and painful to hear. Our emotions and feelings were running high. When we arrived to NWAC we met up with our squad, at which point, we began to gear up with our TAC vest and helmet. Our Sergeant J. Hendricks P# 6091 was off this night, but Sergeant J. Dean P# 9157 assumed operational command of our squad and said he was coming with us. While our squad was anxiously awaiting the MTAC activation, Sergeant Dean made the determination to head to our MTAC rally point. We headed east bound, in a convoy, on W Cheyenne Ave, and continued south onto the US 95. As we arrived at our rally point, the graveyard MTAC activation was received.

NW12 formed up as a convoy again and were enroute to the CP at SCAC. Knowing that the highways were going to be very congested, we proceeded south bound on Rainbow Blvd from the rally point, turned east bound onto Russell Rd, and then south onto S Las Vegas Blvd. We arrived to the CP as we were waiting for our assignments by the watch commander. Our squad was joined by the PD detectives from NWAC, as we were

designated as Strike Team 7. Our team was initially dispatched to the Tropicana Hotel and Casino for an active shooter in the valet/lobby area, before arriving we were diverted to the Cromwell as the Tropicana was code 4. While on route to the Cromwell our squad was seeing multiple victims because tended to by other officers and medical personnel. This was a helpless feeling knowing that we could also have helped those victims, but had orders to proceed to the Cromwell and secure the bridges and front entrances of the Casino. Officer DeFauw and I were over watch on the pedestrian bridge that joined the Cromwell and Bally's casinos. Our strike team remained in this position until being relieved by dayshift units at approximately 0930 hours.

## OFFICER'S REPORT

Event #: 171001-3519Route 91 active shooter response

SUBJECT

DIVISION REPORTING:	<u>Patrol</u>	DIVISION OF OCCURRENCE:	<u>CCAC</u>
DATE & TIME OCCURRED:	<u>10/01/2017 2205hrs</u>	LOCATION OF OCCURRENCE:	<u>Mandalay Bay Las Vegas, NV</u>

NARRATIVE:

On 10/1/17, the following Homeland Security Saturation Team (HSST) Officers responded to the active shooter event that occurred at the Mandalay Bay: Officers M. Gass P#13643, C. Leavitt P#8737, S. Greene P#8918, C. Young P#15462, D. Garmendia P#14208.

The above Officers including the rest of HSST were on a RDO's when this event occurred, many of which had family and friends attending the Route 91 concert. When initial reports gun fire occurred many of those friends and family present contacted those Officers in panic. HSST was given permission by the Sergeants to activate and report to Headquarters as soon as possible. Upon arriving at headquarters there had been additional reports of gunfire at several locations, which we later found to be false. Officers rapidly deployed to the several locations to stop any additional incidents. Once we found those locations safe we reported to the staging area where the above Officers received further assignments, being designated as strike team 45.

Officers were briefed by SWAT at the Mandalay Bay valet and designated as a Rescue Protection Team (Rescue 2) tasked with clearing several hotel room floors while searching for any persons injured and additionally anything else suspicious or could have been related to the previous active shooter. Rescue 2 was assigned with fire rescue medics. Rescue 2 was assigned hotel levels 11 and 34. Officers knocked on each and every hotel room checking on guests. Once Rescue 2 concluded their assignments the team was broken down and the above Officers returned to the staging area for further assignments. All of the above Officers are rifle certified and deployed their rifles during this event, with the exception of officer C. Young.

The remaining HSST Officers were assigned to cordon off an area of Tropicana and Las Vegas Blvd. There was a casualty laying on the street. The area was to be cordoned off until the Coroner could arrive and process the body. While the coroner arrived and processed the body HSST held up white blankets blocking all views from the media and public on pedestrian bridges.

Mass Shooting Incident  
SUBJECT

DIVISION REPORTING: <u>ISD</u>	DIVISION OF OCCURRENCE: <u>ISD</u>
DATE & TIME OCCURRED: <u>10/01/17 2208 hours</u>	LOCATION OF OCCURRENCE: <u>Mandalay Bay Hotel 3950 Las Vegas Blvd S.</u>

NARRATIVE:

On October 01, 2017, at approximately 2211 hours, I, Detective C. Dalrymple, P#14303, was at home on my Regular Day Off (RDO) when I received several texts over the phone. Upon checking the texts, I observed that there was an active shooter going on at the Mandalay Bay. I immediately turned on my department issued radio and discovered the information was accurate and officers and civilians were actively being fired upon by an unknown suspect or suspects. The radio traffic indicated the action was ongoing, could possibly be the actions of multiple suspects, and would likely be result in massive casualties. SGT Whiteley told my team, CIU 1, to respond to the strip and assemble at the command post located at South Central Area Command. Upon arrival at 2236 hours, I placed my tactical vest and department issued helmet on and reported into the staging area. A short time later my entire team plus a contingency arrived who consisted of the following:

- Sergeant Robert Whiteley
- Detective Josh Costello
- Detective Kyle Prior
- Detective Kenneth Ruzicka
- Detective Jake Legrow
- Detective Robert Grantham
- Detective Jake Vance
- Detective Richard Moreno

A short time after arriving at the staging area, I our team was designated as Strike Team 1 consisting of myself and the above-listed individuals. We were tasked to respond to the Mandalay Bay and assist with any possible threats that might still be active. We were attached to Lt. John Leon who was tasked with setting up a forward operating area for SWAT to work from. My team initially set out on foot from SCAC heading toward Mandalay Bay. About halfway to the hotel we met up with a SWAT team and was picked up by a Bearcat and driven to the lower valley of Mandalay Bay where we established a base for operations. My team pulled site security and picked up straggler citizens. Detective Costello, escorted the security guard from Mandalay Bay who had been shot, to medical, utilizing one of the security guard's vehicle. I escorted them to the Michael Jackson theatre, having security open locked doors through the back hallways, in order to set up a safe passage from the valet to the Michael Jackson theatre, where a group of 1300 to 1800 citizens were being staged for safety

purposes. My team collectively escorted 40-50 individuals to the theater. SGT Whiteley addressed the crowd on a microphone in order to help keep them calm.

A short time later we were tasked to clear all the hotel rooms at the Mandalay Bay ensuring there were no suspects and looking for Officer Hartfield who at the time, was said to be missing. SGT Whiteley was given a universal key fob, and our team then proceeded to clear four floors consisting of approximately 500 individual rooms. We cleared the entire hotel in conjunction with several other teams at the direction of SWAT. Once the entire hotel was secured, I took my team back to the staging area and awaited re-assignment. At about 0630 hours my team was released from duty. At this time my entire team secured and returned home.

DATE & TIME  
OCCURRED:

10-1-17 @ 2208

LOCATION OF  
OCCURRENCE:

Mandalay Bay/Route 91

NARRATIVE:

On 10-1-17 at approximately 2208 hours, I Officer C. Kinman P # 14317 along with Officer J. Huber P # 16312 were in the area of Flamingo Road and Arville when SVAC dispatch broadcasted "active shooter in CCAC" over the radio. Hearing this, I switched my pack set over to CCAC channel and kept SVAC channel on the car radio. I learned quickly that the incident was around Mandalay Bay casino which was not far from where we were. I advised Officer Huber to drive towards Mandalay Bay via Tropicana Avenue. Once at Tropicana Avenue and Las Vegas Blvd we were stopped by the crowd of pedestrians/victims running northbound from the Mandalay Bay. Once there we assisted CCAC with crowd control due to Tropicana and Las Vegas Blvd being the staging area for medical and the initial command post. We assisted with vehicular and pedestrian control approximately 20 minutes until we returned to the medical staging area.

Immediately following the Route 91 shooting several 415A calls came out at the New York New York, Tropicana and Bally's Casinos. Since we were in the area we joined other officers in responding to these hot calls and made contact with security, employees and searched for possible victims.

We were then summoned to be part of "Force Protection Team 5" along with 5-6 other officers from different areas. As Force Pro 5 we cleared; Luxor, New York New York, Bellagio, Tropicana, and concluded at the Mandalay Bay. Under this duty we were in charge of protecting FD as they gathered and medically cleared victims from the Mandalay Bay/Route 91 festival. After completing this task we headed to the main command post at SCAC and returned to SVAC where we resumed our patrol duties.

OCCURRENCE:

Patrol/CCAC

DATE & TIME  
OCCURRED:

10/01/2017 beginning at 2208 hours

LOCATION OF  
OCCURRENCE:

CCAC

NARRATIVE:

On October 1<sup>st</sup>, 2017 at approximately 2208 hours I, Officer B. Moore P# 14318, was on duty as the acting sergeant for my squad, NE36A. My squad that night consisted of Officers A. Buric P# 14904, C. Savino P# 15100, and J. Pappas P# 15112. Officer Pappas was riding with my squad on his RDO.

We heard the initial informational broadcast of a shooting at the Mandalay Bay broadcast over NEAC's channel and immediately switched over one of our radio's to listen. We immediately heard the radio traffic of multiple subjects down and that Officers were taking fire from what sounded like automatic rifle fire. Based on that information, I told our squad to go en route toward the event. While en route we adjusted to the direction to report to the Command Post (CP) established at SCAC.

We arrived at SCAC, geared up, and reported to the CP our presence and readiness at approximately 2237 hours. Officer Pappas and I deployed our rifles, while Officer Buric deployed a shotgun. While at the CP, Sgt. C. Jivapong P# 9338 and Officers B. Corder P# 4592, J. Landers P# 8073, R. Ramos P# 5815, R. Medina P# 7422. We remained at the CP for nearly 40 minutes until approximately 2314 hours at which point we were finally sent as Strike Team CC25 to Tropicana and Las Vegas Blvd in response to an AMR unit reporting they were under fire. We loaded up in Sgt. Jivapong patrol car and a resident officer's truck for transport and drove north to Tropicana and Las Vegas Blvd.

Upon our arrival, we took cover on the southeast corner of the intersection and accessed the situation. We were unable to locate anyone reporting that rounds were being fired in the area. As a result, we began evacuating civilians who had taken shelter amongst the landscaping between the pedestrian bridges in front of the Tropicana towards NYNY. We also picked up two other CCAC officers who were already present at the intersection as part of our team.

We then made contact with security inside the Tropicana Hotel/Casino who advised us that they had a subject who needed medical assistance on the second floor near the pool. A section of our group formed an ad hoc Force Protection team and responded. We located the subject who was ambulatory and left under their own power. We then returned to Tropicana and Las Vegas Blvd.

Shortly thereafter we joined with Las Vegas Fire medics as Force Protection Team 1 (FPT 1). As a Force Protection Team, we responded to calls at Excalibur and Diablo's Cantina. We also responded to the Rivea

**Synopsis**

Active Shooter from the Mandalay Bay Hotel Casino during the Route 91 Harvest festival with mass casualties and MACTAC response.

**Details**

I, Gang Investigations Detective J. Keen P#14455, was home on my RDO's on Sunday night 10-01-17. I received a text in reference to an Active Shooter at the Route 91 Harvest festival. I sent a text to my Sergeant, S. Perry, and notified him that I was available if we were needed. He contacted Lieutenant John Leon and then texted back to be en route to South Central Area Command (SCAC) as it would be the staging area. Once at SCAC Sgt. Perry and Sgt. Burnett put together an 11 man Strike Team #35, consisting of members of Gang Unit Squad G30, CIU, and North Las Vegas Police Department members. We were assigned to provide security around a potential VBID at Reno / Las Vegas Blvd west of. The vehicle was deemed safe and we staged there in place to await further deployment. We were later deployed to provide site security at the Treasure Island Hotel / Casino until we were relieved by day shift units.

RESPONSE TO 1 OCTOBER, ACTIVE SHOOTER EVENT

SUBJECT

DIVISION REPORTING: Early Identification and Intervention

DIVISION OF OCCURRENCE: CCAC

DATE & TIME OCCURRED: October 1, 2017 – 2205 hrs.

LOCATION OF OCCURRENCE: Rt 91 Harvest Festival

NARRATIVE:

I, Detective Malcolm Napier, P#14459 am assigned to the Early Identification and Intervention section of LVMPD's Internal Affairs Bureau. My base schedule is Monday through Thursday, 0600 – 1600 hours with RDO's of FSS.

At around 2220 hours on Sunday October 1, 2017, I was off duty at my residence when I received a text message from a fellow officer advising me of an active shooter incident currently taking place on CCAC radio channel. I turned my LVMPD radio on and upon hearing radio traffic about officers being shot, multiple citizens with gunshot wounds and multiple active shooters at separate locations I notified fellow IAB Det. Jonathan Hovan, P#13919, of the incident which was taking place.

Together, Det. Hovan and I decided to self-dispatch to the event which I later found out was documented under event # LLV171001003519. Det. Hovan and I met at NWAC, obtained an unmarked police vehicle and logged on with the Admin channel as unit "IA6". After driving code 3, we arrived at a staging area near the Welcome to Las Vegas sign at around 2300 hours. We had been monitoring radio traffic and were aware of radio updates mentioning several separate reported 415A's with outstanding suspects having recently taken place in our immediate vicinity.

Det. Hovan and I wore plain clothes covered by tactical vests and helmets, we both deployed rifles and joined "strike team 4" (led by Sgt. Joseph Edens, P#9874). Our mission was to respond to the reports of active shooters and gunshot victims at the Mandalay Bay, Luxor, Excalibur, NYNY and Monte Carlo resorts. Our path took us north on foot from the staging area through / adjacent to the above casino's and ultimately we were held on the top level of the parking structure located just north of the T-Mobile area providing overwatch to the park area between the Monte Carlo, the T-Mobile arena and NYNY where we remained until stood down.

Ultimately, the reports of active shooters at the locations other than Mandalay Bay or the Rt. 91 festival turned out to be false and were possibly caused by citizens panicking or arriving at those locations with injuries sustained elsewhere.

While we did direct several dozen citizens to safety, we did not have the opportunity to detain any suspects or collect any evidence.

NARRATIVE:

On 10-01-17 at approximately 2230 hours, I was notified by supervisor that there was an Active Shooter at Route 91 located across Mandalay Bay located at 3950 S. LV BLVD LVN 89109. When I was notified, I was at home with my two young children ages 4 YOA and 20 months old. My spouse was at work at the time of the incident. Immediately after I was notified, I contacted my In-Laws to find out if they are able to watch my kids. Fortunately, they were home at the time and were able to watch my kids. After dropping off my kids, I went to CCAC as fast as I could and changed out. I ended up with Sgt. Kennedy at CCAC. I then met up with the rest of my squad-CC15 at Planet Hollywood Casino located at 3667 S. LV. BLVD LVN 89109 to secure the area and the bridges. After being cleared from there. My squad ended up in CP and ultimately had to link up with the CORONER to collect the dead bodies that were on the street outside of the venue. The rest of my squad and I were relieved by Day shift unit at approximately 0730 hours.

NARRATIVE:

On 10/01/2017 Officer D. Dominguez P# 16275 and Officer D. Chen P# 14466 operating as two man field training unit 3x21 acknowledge the call regarding active shooter working in CCAC. Both officers prepared mentally and would be getting ready to be enroute to CCAC when asked. We were part of the NWAC In-The-Box Squad and rallied at the rally point behind Bank of America building near Westcliff/Rainbow in V4. We geared up and awaited orders.

At approximately 2300 hours, our squad were dispatched to cover and stand post at critical infrastructures such as casinos and hospitals in our area command. We were assigned to stay on post of Summerlin Hospital located at 657 N Town Center Las Vegas, NV 89144.

We distributed voluntary statements to victims who arrived and put together a log in order to pass on the information to dispatch.

We stayed on duty at the post until relieved at 0630 hours.

Mandalay Bay Active Shooter

SUBJECT

DIVISION  
REPORTING:

CCAC

DIVISION OF  
OCCURRENCE:

CC33

DATE & TIME  
OCCURRED:

10/1/17 2208

LOCATION OF  
OCCURRENCE:

3950 S LVB LV NV 89109

NARRATIVE:

On 10/1/17 I Officer D Westhead P#14467 was operating as 3PT80 with my trainee, Officer D. Flamm P#14950 in vehicle #9965. We had just finished booking in several prisoners into CCDC and were dispatched to Harmon and Las Vegas Blvd for our first pickup. As we were driving southbound approaching Harmon, the radio traffic by 169SE came out saying "shots fired, Route 91 Mandalay Bay." Being that we had empty van with no prisoners I directed him to continue to driving southbound code 3 to respond to this call. Moments later radio traffic stated "Active shooter, automatic gunfire." As we were driving southbound towards Mandalay Bay 3 other CCAC black and whites were with us as we made the initial approach. Officer Woodruff was driving the lead vehicle, followed by Officer Rosales, then us in the PT van, followed by Officer Haynes and Officer Cook. As we were passing Reno on LVB I could hear the end of a burst of fire by the shooter which I believed were coming from the front of Mandalay Bay, possibly in their entrance off the Blvd. The radio traffic coming out from SE units seemed to put the shooter between Route 91 and Mandalay Bay.

All 4 patrol vehicles parked at Mandalay Bay road and LVB believing this was nearest to the threat to take immediate action. As Flamm and I exited our vehicles we could hear gunfire coming from the Mandalay Bay in short bursts. We took initial cover behind our PT van. After a few bursts which started to hit nearby on the ground and vehicles, both Flamm and I then move to the crown vick positioned in front of our PT van thinking it was better cover. Officer Haynes was positioned near the B pillar, myself at the passenger door, Officer Cook on the front tire, and Officer Flamm on the engine block. At this time a large burst of automatic gunfire began to hit directly on and around us. It was at this time that Officer Cook took a round to his arm and shouted "im hit." Officer Haynes immediately grabbed Officer Cook and they both ran northbound to get him out of the gunfire to treat him.

Believing the shooter had a direct line on us we moved forward to the Explorer that was driven by Officer Woodruff. Most units were positioned by the right passenger front wheel and engine block as another large burst continued to hit around us. As the burst ended, Sgt Bauman from CCAC came up to the explorer and said there was cover behind a brick wall approximately 50 feet directly to our east that we needed to move to. I was the farthest back in the group so I was in the first group of 2 to sprint and leap the wall that was located on the northeast corner of Mandalay Bay road and LVB. Once positioned behind the wall, units continued to come over as the shooter continued to fire automatic bursts. Units working overtime at the venue had already taken cover behind this wall.

Event #: 171001-3519

After the shooting had ended. Sgt Bauman and another SE Sgt began to decide how the approximately 11 Officers behind this wall were going to move and approach Mandalay Bay in strike teams. I was assigned to Sgt Bauman along with 5 other officers, and we then began to advance towards Mandalay Bay bounding along with the other strike team. We heard no additional gunfire once we moved out of cover. Once my strike team made it to main valet of Mandalay Bay we could see another strike team already in the hotel on the casino floor. We got their attention letting them know we were coming in, and then made entry into the registration area. Officer Woodruff and I were with 2 other officers and began to clear the offices behind registration. Once we made it to a hallway that connected the Four Seasons hotel to the Mandalay Bay I made the decision not to continue as a 4 man element into another hotel. Officer Woodruff and I maintained our position here holding this hallway until it was later cleared by strike teams from the other side approximately 2 hours later.

DIVISION REPORTING:	<u>CC14B</u>	DIVISION OF OCCURRENCE:	<u>Convention Center Area Command</u>
DATE & TIME OCCURRED:	<u>10/1/17 2208 hours</u>	LOCATION OF OCCURRENCE:	<u>3950 S Las Vegas Blvd LV NV 89109</u>

**NARRATIVE:**

FYI

On October 1<sup>st</sup>, 2017 at 2208 hours, I Officer Z. Emry P#14483 and Officer A. Farina P# 15766 were in patrol briefing when we were advised of an active shooter on the Las Vegas strip. Farina and I immediately grabbed our belongings, got into a patrol vehicle, and I began driving towards Mandalay Bay while Officer Farina logged on and assigned us via MDT. We arrived at the intersection of Reno and Giles and immediately noticed that we could hear automatic gunfire coming from the southwest. We exited the patrol vehicle and began advancing towards the sound of the gunfire. While advancing towards the venue, we passed several civilians who were wounded and taking shelter to the rear of some patrol vehicles. An EMT was attempting to administer medical aid to a downed female civilian and shouting that she needed a tourniquet. Officer Farina removed his tourniquet from his duty belt and tossed it to the EMT.

I made contact with a citizen fleeing the scene who stated that he observed the shooter on the south end of the stage, and that he was shooting into the crowd to the north. We formed a strike team and continued to advance towards the venue, giving verbal commands and directing fleeing civilians away from the venue and towards medical personnel. We entered the venue from an eastern gate in the fences on Giles St.

Once entering the venue, we began to clear area by area searching for the suspect or suspects because at the time we believed there might be multiple shooters, but at this point we no longer heard gunfire. We continued to push west through the venue, until we arrived at the western brick wall that separated the venue from Las Vegas Blvd. At this point we were advised by other officers that it didn't appear that there was a shooter inside the venue, and that the only shooter we knew for sure was the one that had been broadcast via the radio who was in an elevated position inside Mandalay Bay. As we no longer heard gunfire, we started to backtrack and evacuate survivors who were still inside the venue and render medical aid. We began evacuating restrooms and concessions booths when we met with an unknown SWAT member who had self-dispatched and arrived alone on scene. After clearing the area of people that were hiding and sheltering in place, we began checking people who were down in the area to see if anyone was still alive. After confirming the casualties in the field directly in front of the stage, we were re-directed to several tour buses south of the stage to evacuate people who had sheltered in place inside. We were advised over the radio that if none of the people on the buses needed immediate medical attention, we were to continue sheltering in place until the area was no longer a hot zone.

LAS VEGAS BLVD/RENO LV,NV

NARRATIVE:

FYI

On 10/01/2017 at approx. 2205hrs while in CC14B briefing Sgt. G. Everett P#8915 informed us that there was an active shooter at the Route 91 music festival. I and the rest of my fellow Officers in briefing sprinted to our patrol vehicles and went in route to the festival code 3.

I approached the East side of the festival from Reno/Koval and parked my vehicle at the intersection of Reno and Giles. Upon exiting my patrol vehicle I heard a loud volley of automatic fire which later discovered was coming from the Mandalay Bay.

Hundreds of people were running towards me screaming and pointing inside the venue saying the shooter was inside. I drew my firearm and provided lethal coverage for the crowd until I had enough Officers with me to form a strike team and enter the venue.

As I was watching over the pedestrians that were running and screaming a man yelled to me "they've been shot!". I turned around and notice two females with gunshot wounds, one to the stomach and one to the mouth. Both females appeared to be in shock. I called out over the radio "two females shot on Reno/Giles". After waiting about one minute I didn't see medical show up so I made the decision to run back to my patrol car and load the females into the back and transported them down to Tropicana and Koval where Medicwest was holding short. I helped both victims into the ambulance and they were transported to the nearest trauma center.

I returned back to the venue and linked up with a strike team of six Officers and we cleared the stage inside of the venue as well as the surrounding buildings inside of it. After we cleared the inside of the venue we provided security for the performers who were sheltered in place inside of their tour buses before they were escorted to the mobile command center.

Active Shooter Incident

SUBJECT

DIVISION REPORTING: <u>Patrol</u>	DIVISION OF OCCURRENCE: <u>Patrol</u>
DATE & TIME OCCURRED: <u>10/01/2017 @ 2208</u>	LOCATION OF OCCURRENCE: <u>LV BLVD &amp; MANDALAY BAY DR.</u>

**NARRATIVE:**

On October 1<sup>st</sup> 2017 at approximately 2208 hours, Officer V. Valles P# 14712, while operating as marked patrol unit 1N4, responded to an active shooter call at the Route 91 Festival.

Officers were en route with lights and sirens, travelling northbound on Las Vegas Blvd, towards the intersection of Mandalay Bay Dr. & Las Vegas Blvd. As Officer's entered the intersection, we heard that the automatic rifle fire was coming from the Mandalay Bay Casino, and that we had put ourselves in the crossfire between Mandalay Bay Casino and the Route 91 Festival. Officers exited their vehicles and I took cover behind the engine block. I directed and gave verbal commands for pedestrians and vehicles to move out of the fire zone, and pointed the vehicles carrying injured victims towards Las Vegas Blvd. & Four Seasons St. to safety.

Upon the cease of fire, Officers moved tactically to a safer position, and correlated a response to the alleged shots fired calls that were coming in from New York New York Casino and Tropicana Casino. Officer N. Hawkins P# 15847 and I travelled on foot to the Tropicana Casino, where we made contact with security officers out front. They advised us that no shots had been fired inside the Tropicana Casino, but that there was a victim with a gunshot wound to the head on the second floor. Officer Hawkins and myself made entry to the casino and extracted the victim from a second floor hotel room. The victim, a white adult male, had shrapnel embedded in the right side of his head. He was still conscious, able to walk and talk. Officer Hawkins and I escorted the victim to the bottom floor, where we were met by medics.

Upon releasing custody of the victim to medics, Officer Hawkins and I rallied with Sgt. Jivapong P# 9338 and other Officers from Northeast Area Command, and formed 'Force Protection 2' Team (Force Pro 2). From Tropicana Blvd & Las Vegas Blvd., Force Pro 2 was dispatched with Fire & Rescue to the Luxor Casino. We escorted Fire & Rescue through the casino to check on another possible gunshot victim. Our alleged victim checkout out with minor injuries, and did not need to be transported.

Force Pro 2 was then dispatched to the Mandalay Bay Casino, after receiving information that there were multiple people shelter-in-place on the top floors. Force Pro 2 made entry to floor 64, where there were over 40 people, civilians and staff, shelter-in-place. After no reported injuries, Force Pro 2 escorted them down to the Lobby and out of the Mandalay Bay Casino to safety.

Route 91 Festival

NARRATIVE:

On 10/1/2017 at approximately 2200 hours a call came out that there was an active shooter at The Mandalay Bay with an unknown number of subjects and an unknown direction of where the gunman were firing from. The details of the call are as follows; shots were being fired from Mandalay Bay from an unknown floor into the Route 91 Country Music Festival with an unknown number of subjects down and unknown number of suspects firing from The Mandalay Bay.

I arrived on scene, parking my patrol vehicle, unbeknownst to me directly in the line of fire. I heard the first barrage of shots ring out. My partner and I got out of our patrol vehicle and took cover behind our engine block. Citizens came running up behind in us in the chaos and we began directing them closer to the patrol vehicle so they could take cover. As more shots rang out we were directing more citizens to go to Mr. Deli which is on the northbound side of Las Vegas Blvd, but south of Mandalay Bay on the east side of the road. Shortly thereafter I linked up with another patrol officer from SCAC graveyard and we began doing citizen evacuation from the immediate area of Mandalay Bay. During which time a male citizen who was covered in blood with no shoes on approached myself and the officer I was working with.

The citizen said he held a tactical position in another district's SWAT team and that he wanted to help. This citizen was told to evacuate the area, go into Mr. Deli, and take cover, and advise others to do the same. Several minutes after the citizen was told to go to Mr. Deli and take cover he reappeared causing a disturbance and making himself a target for the would be shooter. He was told to go back to Mr. Deli and stay there. At the same time the citizen was told to go to Mr. Deli the local television station CW was set up in the parking lot of Mr. Deli, and as the citizen passed the CW news crew he tried knocking the camera off of the tripod. So myself and my partner, Officer Noriega, took him into custody, put him in the back of a patrol vehicle, and transported him down to where the Fire Department was staged in front of Las Vegas Blvd. and Russell. The citizen was taken out of the back of the patrol vehicle and taken out of handcuffs and told to stay out of the way.

I returned back to my current position and continued citizen evacuation which took approximately 45 minutes. I linked up with 3 more officers and approximately around 0200 hours we were recalled to SCAC to form a strike team which we

Event #: **LLV171001003519**

**Active Shooter at  
Route 91 Festival**

SUBJECT

Division Reporting: CCAC Patrol	Division of Occurrence: CCAC Patrol
Date & Time Occurred: 10-01-17 2210	Location of Occurrence: 3901 Las Vegas Blvd LV, NV 89119

On 10-1-17 at approximately 2200 Hours I, Officer Lefler P# 14745 and Officer Peterson P# 16439 were operating as a marked patrol training unit 3M35. We were on an accident call at Tropicana and Paradise LV, NV 89119 checking on injuries when we heard radio traffic of shots fired at the Route 91 concert and possible active shooter.

We cleared from the accident and assigned ourselves to the active shooter call, stating we would be en-route code 3 over the radio. We proceeded West Bound on Tropicana to Koval, South on Koval to Reno and went west on Reno. We arrived at the intersection of Reno and Giles where there was traffic blocking Reno West bound, so we then turned onto Giles south bound and I saw the gates opening up to the concert and people running out. I stopped the car and deployed my rifle. I then noticed two other Officers, Saleem P# 13393 and Officer Cooney P# 13581 staged at the North East entry gate of the concert. We met up with them to form a 4-man strike team with myself taking point.

Officer Cooney told me the shots were coming from the South West corner. I accessed the layout of the infield as best I could. We made entry to the concert and started to advance to a row on concession stands knowing that it was the best cover we had available to us. Once at cover we continued to advance South along the row of concession stands. I was continually scanning the area to see if I could see any signs of the shooter while the rest the team yelled at innocent civilians and wounded to run towards the gates to Giles. As we came to the end of the row of concession stands we could clearly see and hear rounds striking the ground in front of us. I heard Officer Cooney yell we are taking fire! I scanned for any signs of the shooter and did not see anything but innocent people running. I then yelled to my team to move back. We retreated as rounds hit the ground where we were previously standing. We moved several concession stands back to where we had a better advantage point for observation.

I covered the west, an open area with Officer Peterson and Officer Cooney and Saleem covered south. I then did a quick check of myself to see if I was hit anywhere from rounds, shrapnel or ricochets. I noticed that my body camera was not activated and activated at that time. While scanning the area several people with injuries came running up to us asking for help. I asked them if they could keep running and then told them to continue to move towards the gates while I covered their exit. While scanning the area we could hear radio traffic that there was 3 possible shooters, and multiple locations. We knew for certain that we were reciving fire from the South West and that the shooter was aiming for the fleeing civilians running towards Giles. We asked several people if they knew any information about the shooter or where he was coming from. People had many different answers ranging from no, multiple shooters, wearing all black, they are inside the venue and coming from Mandalay Bay. I continued looking for any signs of the shooter including muzzle flash, spent casings or someone with a firearm.

After several minutes passed of no active gun fire I yelled to my team that we need to move forward. We stacked back up with me at point and made our way back to where we were previously. Once at the end of the concession stands I observed people running and walking towards me. I continued to scan everyone to see if anything stood out as threat of the shooter. I yelled for people to run while trying to formulate a plan on how to move forward. At the end of the concession stands was an open viewing area for the concert that was dimly lit. Officer Cooney and myself saw a bar south of our location. We made the decision to use bounding overwatch to get to the bar. I covered down to the west where some trailers and other structures were located while Officer Cooney and Officer

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
**CONTINUATION**

Event #: LLV171001003519

Saleem made their way to the bar and cleared that area. I waited until I got the signal from Officer Cooney to move. I told Officer Peterson to move and we ran to the bar. Once at the bar I noticed that we were being back lit by the lights for the bar. I told the team and we were able to knock out the lights, helping conceal our location.

We then made our way to the trailers and cleared them one by one using two man teams while the others covered us. During this time other Officers joined us. We continued to clear the structures while moving towards the main stage. While doing so telling anyone we saw to run towards the street, checking on wounded and deceased.

Once we made it to the main stage I took a point and covered the infield while Officers Cooney, Saleem, Peterson and others cleared the stage. Once I learned the stage was cleared and that the rest of my team was west of the stage by the personal RVs I proceeded to make my way to the RVs to rejoin with my team. I saw Officer Saleem and asked him where my Officer in training, Peterson was at. He replied he did not know. At this time we had Officers positioned at the ends of the trailer securing a perimeter. I was concerned for the safety of Officer Peterson and tried to contact him. I was finally able to make contact with him and learned that he was outside the venue helping people out. Concerned that the shooter was possibly still inside the venue I told him to find a FTO on our squad or our Sergeant and stay with them.

I then became assigned to a strike team with several Officers including Officer Brian Jackson. Officer Jackson had a vehicle inside the venue with a medical kit inside. We made our way to his vehicle to retrieve the medical supplies. While making our way back to the RV's we checked on wounded and deceased, seeing if they were alive and if we could render aid. Unfortunately we did not locate any surviving victims.

When we returned to the RV's we then were told to go to SCAC for reassignment. Once out on Giles were told to go back inside the venue and clear everything inside the event. It was myself, Officer Jackson and several other Officers I do not know along with a Sergeant I do not know. While inside the venue we cleared several vehicles and small structures. We eventually made our way to the North East side where several small temporary construction buildings were. We saw light on in one of the buildings and went to clear the building. We found several people inside including Officer Richards and various people from MGM manning the Command Post for the concert. The Sergeant I was with tasked me and another Officer in training to man the building while the people inside continued to watch the cameras inside the venue. During that time I was tasked with protection detail for a MGM employee while he went around the venue shutting off gas to the concession stands so that fires would not start. We were also told to gather safety security boxes from the concession stands and secure them. After that was done all the MGM personnel went into a trailer by the North East gate and continued to work. I then was relieved by Officers at the gate. I was then able to contact Officer Peterson and meet back up with him to return to the station.

After this event I learned that dispatch never assigned us to the 415A and kept us on the 401B we were on before. I went into my axon videos and changed the videos relating to the 415A accordingly.

OCCURRENCE:Mandalay Bay Casino/HotelNARRATIVE:

FYI

On Sunday night 10/1/17 I Officer J. Henry P # 14753 was working overtime for the Route 91 concert as 162SE. At approximately 2200 hours I was standing at the intersection of Las Vegas Blvd and Mandalay Bay road conducting traffic control for the pedestrians going to and from the concert. Not long after 2200 hours, I was standing at the corner talking to some pedestrians when I heard a sound that to me sounded like fireworks. The pedestrians at the intersection asked me what it was and I told them in my opinion it sounded like fireworks and there was nothing to worry about. A few moments later I heard another short burst of sound and around the same time I heard a 415A call come out on the radio. Within a few seconds I heard multiple 415A calls coming out and it dawned on me that the sound I heard previously may be a part of the 415A calls coming out. I instinctively turned toward the sound I had heard (which was to turn around and face toward Mandalay Bay, instead of the concert) and immediately upon looking west toward Mandalay Bay I could see a light flashing on the east side of the casino near one of the windows about half way up the casino. I immediately got on the radio and stated that it was coming from Mandalay Bay. After that I could hear multiple people get on the radio and state that there was an active shooter and they could see it coming from Mandalay Bay also.

I immediately ran to my patrol car and grabbed my armor plates, as well as my rifle. As I was trying to make my way back to the intersection to cross I could see a number of pedestrians that appeared to be scared, confused and in immediate danger of the shots being fired. I started to direct the pedestrians to what I felt was a safe direction based on the limited intel I had at the time. As I was doing that there were more and more people coming out and running around and I continued to direct them to safety. I continued this for several minutes until it came out on the radio that there was a call coming in the multiple casualties were pinned down at 4 seasons that is connected to Mandalay Bay and that medical personnel could not reach them because it was still located in the hot zone. I made the decision at that time to get into a patrol car and drive to the 4 seasons in order to assist with those casualties. As I arrived at the 4 seasons there were somewhere between 50-100 people that were hiding behind whatever they could to protect themselves. I directed them to leave the 4 seasons and provided a safe direction for them to go (toward Russell) and placed myself between them and the Mandalay Bay and attempted to provide whatever cover I could with my rifle while they ran toward a safe direction.

Once everyone was a safe distance away, I noticed a squad approaching my location. I recognized them as a NEAC squad (strike team 4) that I used to work with and decided to implant myself in with them for greater number as well as to have leadership from the Sgt. At that time I moved with strike team 4 who was assigned to make their way to the Blvd and Tropicana as it was being broadcasted that medical personnel was taking fire. We made our way to that point and was retasked with clearing the New York New York. We cleared the New York New York and held the casino for the remainder of the night until relieved.

Event #: 171001-3519

Active Shooter at Mandalay Bay  
SUBJECT

DIVISION REPORTING: <u>HSST-SWAT</u>	DIVISION OF OCCURRENCE: <u>Convention Center</u>
DATE & TIME OCCURRED: <u>10/1/17 2208 hours</u>	LOCATION OF OCCURRENCE: <u>Mandalay Bay</u>

NARRATIVE:

On 10/1/17, the following Homeland Security Saturation Team (HSST) Officers responded to the active shooter event that occurred at the Mandalay Bay: Officers A. Nuas P#14755, R. Steiber P#9491, C. Latham P#14821, R. Lara P#8269, I. Duron P#14809, Mark Kennoy P#14825.

The above Officers including the rest of HSST were on a RDO's when this event occurred, many of which had family and friends attending the Route 91 concert. When initial reports of gun fire occurred many of those friends and family present contacted those Officers in panic. HSST was given permission by the Sergeants to activate and report to Headquarters as soon as possible. Upon arriving at headquarters there had been additional reports of gunfire at several locations, which we later found to be false, Officers rapidly deployed to the several locations to stop any additional incidents. Once we found those locations safe we reported to the staging area where the above Officers received further assignments.

Officers were briefed by SWAT at the Mandalay Bay valet and designated as a Rescue Protection Team (Rescue 5) tasked with clearing several hotel room floors while searching for any persons injured and additionally anything else suspicious or could have been related to the previous active shooter. Rescue 5 was assigned with fire rescue medics. Rescue 5 was assigned hotel levels 4, 10, 35, 36 and 40. Officers knocked on each and every hotel room checking on guests. Once Rescue 5 concluded their assignments the team was broken down and the above Officers returned to the staging area for further assignments. All of the above Officers are rifle certified and deployed their rifles during this event.

The remaining HSST Officers were assigned to cordon off an area of Tropicana and Las Vegas Blvd. There was a casualty laying on the street. The area was to be cordoned off until the Coroner could arrive and process the body. While the coroner arrived and processed the body, HSST held up white blankets blocking all views from the media and public on pedestrian bridges.

Route 91 Festival - Active Shooter

SUBJECT

DIVISION REPORTING: <u>CCAC – Patrol/Flex</u>	DIVISION OF OCCURRENCE: <u>CCAC</u>
DATE & TIME OCCURRED: <u>10-01-2017 &amp; 2230 hrs</u>	LOCATION OF OCCURRENCE: <u>Mandalay Bay/Rte 91–3950 S. Las Vegas Blvd, Las Vegas, NV 89119</u>

NARRATIVE

On 10-01-17, at approximately 2219 hours, Sgt. F. Obasi P# 6642, sent out a group message to our squad, CC15, that there was an active shooter incident that was on going at Mandalay Bay. Due to Sunday night to Monday morning being our squad's RDO, Sgt. Obasi requested any available body to head in to the call.

I, Officer S. Giles P# 14774, replied that I would be en route, via the group message, and left my home at approximately 2230 hours. I arrived at Convention Center Area Command (CCAC) at approximately 2245 hours. I dressed out in my green BDUs with vest and patrol belt, grabbed my MACTAC bag, and got inside a patrol SUV with three other officers. We immediately responded to the Tropicana hotel where there was radio traffic describing a possible active shooter, and the triage EMT area in the intersection was actively being shot at. I donned my riot helmet and gas mask gear, and assisted other officers in dressing out in their gear.

While at Tropicana hotel, we made a strike team consisting of two more officers. Once we walked on property, and met with other officers already located at the Tropicana hotel, we determined there was no active shooter inside. There were many citizens standing in open areas around the hotel and we advised them to head in to the casino area until told otherwise.

Sgt. Obasi advised he was at the Chateau nightclub conducting a sweep and for our now six officer-strike team to meet him at the Paris Hotel. We arrived at the Paris hotel valet area and walked through the casino floor. There were numerous citizens who were directed and escorted by security and officers to clear the casino floor. Sgt. Obasi advised we would head to South Central Area Command (SCAC) in order to be assigned a strike team number. While in our patrol vehicles driving south bound on The Strip, there was radio traffic to immediately cover keep the pedestrian bridges, above Harmon and Las Vegas Blvd, clear of foot traffic.

Sgt. Obasi then re-directed our strike team to cover the pedestrian bridges between: Cosmopolitan, Aria, Planet Hollywood, and Harley Davidson buildings. The casinos began to lock down their properties and many tourists were left wandering on The Strip and on the pedestrian bridges. For approximately 1 ½-2 hours we directed tourists and civilians to continue moving and to stay off the pedestrian bridges.

**CONTINUATION**

Event #: LLV171001-3519

Sgt. Obasi made phone calls to the CP at SCAC to determine where our efforts were needed. We reported to SCAC and waited to be deployed to the next area in need.

At approximately 0530 hours, our strike team (#50), was directed to report to the east gate area of the Route 91 Festival grounds. We were told to assist LVMPD ID technicians in photographing and moving the deceased. We arrived at the intersection of Ali Baba/Giles and we worked in teams of four to place the deceased in the black body bags and sheets provided by the coroners. I assisted in moving the deceased for photographs, cleaning their fingertips in order to get clear finger prints for PID, and laid the black body bags on the ground with sterile sheets beneath the deceased. As a team, we lifted the deceased and placed them on gurneys for the coroner.

Our strike team was relieved at approximately 0700 hours, and our strike team drove back to CCAC.

Active Shooter Incident

SUBJECT

DIVISION REPORTING:	<u>BAC/BA32</u>	DIVISION OF OCCURRENCE:	<u>CCAC</u>
DATE & TIME OCCURRED:	<u>10/01/17 / 2200</u>	LOCATION OF OCCURRENCE:	<u>Vegas Village / Route 91 Concert Las Vegas, NV</u>

NARRATIVE:

On 10/01/17, I Officer A. Loos P# 14797 was operating as a uniformed patrol officer in an overtime capacity at the Route 91 Country Concert. My call sign was 176 SE.

At approximately 2200 hours I was standing west of gate 2A directly behind the crowd which was centered at the main stage as Jason Aldean was singing for his portion of the event. I overheard automatic weapon fire, believing it to be fireworks at first before observing concert goers falling to the ground.

My overtime partner and I scanned the crowd for potential shooters before following Officer C. Clarkson and his overtime partner through gate 2A, after determining the shots were coming from outside the venue. Before leaving the venue, I forced two concert goers to the ground behind a food venue truck, while shouting at them to get down, giving them cover from where I believed shots were being fired from.

We went northbound on the sidewalk utilizing a brick/concrete wall as cover and determined that shots were coming from an elevated position at the Mandalay Bay. I believed the gunfire to be coming from a belt fed squad operated weapons system such as a M240B or M249SAW. Realizing that we were going to be ineffective against an automatic weapons system while armed with pistols, I shouted to my overtime partner that I needed to get my rifle located in my patrol car.

Prior to the start of this my overtime partner and I had moved our vehicles from the church parking lot off of Reno St, to a small turn in area near gate 2B, in order to take a lunch break in them during our designated eat time and should we need our gear at any point in the evening.

While en route to my patrol car I urged citizens to flee eastbound away from the Mandalay bay and the Las Vegas strip to reduce their chances of becoming potential casualties, my partner and I pulled people down below the wall, and directed them to enter gate 2B and run northeast through the venue. I stopped at the front of gate 2B, shouting for people to run east, I pushed a security guard for the venue behind a fence to conceal him from the shooter and ordered him to direct traffic back through the venue, at gate 2B.

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
**CONTINUATION**

Event #: LLV171001003519

When I arrived at my patrol car I observed four people taking cover behind a patrol SUV. I told them to stay put behind the vehicle as they had cover and concealment from incoming automatic weapons fire. I donned my plate carrier, loaded my patrol rifle and racked a round. I then ran across the northbound travel lanes of Las Vegas Blvd. taking cover behind a palm tree before running behind a patrol SUV located in the southbound travel lane.

Upon taking cover behind the patrol vehicle we were ordered to switch our radios from EVENT 5 to CCAC. I switched radio over from the officer in front of me and then turned mine over as well. I turned to my overtime partner stating that we had to, "Flank this guy." We used a bounding over watch tactic, I provided cover while he ran across the boulevard and took a position by the Luxor sign.

As I was setting up to join my partner, I observed panicked citizens run out of gate 2B westbound across the boulevard. The lieutenant working the route 91 overtime event and I managed to corral a few behind the patrol car. At this time a highly intoxicated HMA standing at approximately 6'0", with a medium build, wearing a baby blue polo shirt, having a buzzed haircut and a thin mustache approached me from behind. He shouted that he was a combat vet and that I should give him my rifle as he emerged from behind the cover of the patrol car and flipped off the shooter. I grabbed him and pulled him back to safety, he promptly stood up again and continued to flip off the shooter. I pulled him back a second time and he demanded my patrol rifle again. He then grabbed onto my rifle with both hands in an attempt to wrest it away from me. I then punched him one time in the jaw with my left hand causing him to let go and lay down flat on his back in a supine position. I then crossed the street and rejoined my partner.

Once I was behind the Luxor sign with my partner we observed people running in every direction so we corralled them behind the Luxor sign with us and we were joined by other patrol officers. The same HMA from earlier joined us behind the Luxor sign, and continued to act belligerently. Citizens assisted us and held him down behind the sign. We eventually collected approximately 50 people.

While behind the Luxor sign I observed cars traveling southbound into the direct line of fire of the shooter in Mandalay Bay. I used my flashlight and other means to signal the drivers of the threat that was south of them and was able to order them out of their vehicles to the Luxor sign. Other officers assisted me in this to include Sgt Skinnadore. While we were gathering civilians we overheard radio traffic that a vehicle was northbound in the south bound lanes. I immediately ordered them to get down on the ground and took a position facing the boulevard with them behind me and flanked by the cover of the Luxor sign. At this point we were not sure if there were multiple shooters or not. I believed there to be more than one suspect as I believed we were taking fire from a belt fed weapon system. While we were taking cover we were under continuous automatic fire.

Sgt Skinnadore formed a strike team to include my partner, and two gang unit officers. We changed our call sign to 792 and proceeded jumped over the guard rail adjacent to the Luxor sign, crawled through the bushes and took cover behind vehicles. Sgt Skinnadore and I directed a bounding over watch through the Luxor parking lot into a parking lot directly north of the Mandalay Bay in a circuitous south eastern direction in order to move outside of the shooter's field of fire. While we were advancing upon the Mandalay Bay we were approached by an off duty WMA officer wearing a dark blue t-shirt and blue jeans. We directed him to the Luxor sign to assist officers there with evacuating and providing protection for the 70-80 civilians taking cover north of the sign.

We continued to advance and eventually linked up with another strike team composed of officers that were unknown to me and a Sergeant that was working the Route 91 event, who made entry to the Mandalay Bay. Strike team 792 continued to advance on the Mandalay bay and entered east of the other strike team through the House Of Blues at Mandalay Bay. We cleared the area and worked our way through the casino floor to the sports book where we made contact with three different subjects, vetted them and then had them exit the casino through the House of Blues.

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
**CONTINUATION**

Event #: LLV171001003519

We made our way to the Michael Jackson Experience Theatre where approximately 1,000 civilians were sheltering in place. Sgt Skinnadore elected to take up a fixed fighting position in the theatre as we could defend it and hold in place to protect the civilians there. Eventually we were joined by other strike teams.

We held in place for an unknown amount of time with rifle carrying officers covering points of entry after clearing civilians away from fatal funnels created by the doorways. Sgt. Skinnadore was able to secure the PA system and did an outstanding job of calming people down, reassuring them that we would protect them, organizing dispersal of water, organizing restroom breaks, and directing his fire team in a manner that maximized the effectiveness of the weapon systems each one of his individual officers were carrying. I was able to assist him by positioning one officer to a corner by a door giving him a tactical advantage over anyone entering the doorway, which would catch a potential active shooter in the middle of a tactical L. We did this in response to multiple reports of active shooters in multiple properties on the strip. We were operating under the belief that we were under a Mumbai style terror attack and could be set upon by active shooters at any moment.

Eventually, we made contact with Mandalay Bay security who stated that other security officers were evacuating guests and civilians still in the Mandalay Bay to the Michael Jackson experience. I was relieved of my position and I linked up with a security officer who stated that he had been working at the casino for approximately 12 years. Along with him and Officer Magsaysay we managed to evacuate approximately 100 people to the Michael Jackson experience, including numerous people from the Irish pub Ri Ra. The 12 year security guard informed me that other people were sheltering in place to include valet personnel. I observed that they were in an area that did not provide cover and evacuated them. The security guard directed me to restrooms, and restaurants in the area providing me accurate details of the area which allowed me to clear it as a single unit. I had attempted to radio for assistance but was unable to get through. After directing people out of the Mandalay Bay shops area, we ushered them to the Michael Jackson Theatre. By the time we had finished evacuating people to the theatre the number of people inside of it had grown to approximately 5,000. We were joined by a few other strike teams and fire teams, making the Michael Jackson Experience a temporary staging area.

Sgt Baughman and Sgt. Skinnadore assumed tactical and command control of the Michael Jackson Experience and directed Officer Resources to include Homeland Agents, Parole and Probation Officers, LVMPD Officers and Fire fighters. Sgt Skinnadore organized an evacuation plan with the CP to transport the 5,000 subjects from the Michael Jackson Experience to the Thomas and Mack Center, utilizing RTC bus transportation. Buses were to pick up citizens to the north exit of the Michael Jackson Experience, in between two large stone walls and transport them westbound across the 215, head south and then east towards the Thomas and Mack center.

I was placed in charge of counting people as they left to ensure citizens did not stampede out of the theatre, and to minimize their potential exposure. For example a bus has 70 seats, I was to count out 70 people and send them outside to Officers, Agents and Fire fighter personnel who would direct them further. We began by evacuating the infirm, people with medical conditions, women and children first. Then we moved on to more able bodied people. The evacuation halted by call sign 105, and we were ordered to discontinue. At this point we still had approximately 2,000 people still inside of the theatre.

I managed to calm them down by relating some of the events that occurred that night. Of how we had officers down, friends of mine were hurt, I didn't know if they were alive or dead, but I had to push through in order to save as many lives as I could. I told them that every single officer in the room has had to do the same thing. I told them that I knew they were scared, angry and confused. I told them that I felt the same way. I assured them that we would protect them, that we would get them out of there and I begged them to push through it all with us. Homeland Security agents began to continue the evacuation with a plan all of their own, while myself and other officers kept the theatre secure and calmed citizens.

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
**CONTINUATION**

Event #: LLV171001003519

My overtime partner and I were eventually relieved and sent back to our patrol cars. Upon arrival we observed that his plain car had been taken. We attempted to find out if it had been towed or moved by other officers. It was eventually recovered off of Reno st., leading us to believe it had been taken by subjects attempting to flee the Route 91 concert.

After this I went to the CP and ensured that my partner and I had been checked out. I then drove northbound from Reno on the Blvd, checking to see if any officers needed relief to use the restroom, before returning to Bolden Area Command.

ROUTE 91 FESTIVAL ACTIVE SHOOTER  
SUBJECT

DIVISION REPORTING:	<u>HOMELAND</u>	DIVISION OF OCCURRENCE:	<u>CONVENTION CENTER</u>
DATE & TIME OCCURRED:	<u>10/1/17 2230</u>	LOCATION OF OCCURRENCE:	<u>ROUTE91 FESTIVAL</u>

NARRATIVE:

On October 1, 2017 at approximately 1020 hours I was made aware that there was an active shooter at the Route 91 Festival. I was on a RDO and self-dispatched along with the rest of the Homeland Saturation Security Team. I responded to Headquarters where I dressed out and responded in a marked patrol vehicle that contained all of my MACTAC equipment. At that time Sgt. S. MPhillips, Officer N. Alexander, Officer B. Bychinski, and I formed a strike team.

As a strike team we responded the Paris Hotel due reports of an Active shooter on the casino floor. We entered and cleared the casino floor. Security stated that they had not seen or heard any gunshots of possible suspects. The Bellagio Hotel then had reports of an active shooter. From the Paris Hotel we walked to the Bellagio where we entered and confirmed with security that that they had not seen or heard any gunshots of possible suspects.

Later we reported to the Command Post and were assigned to Force Protection call sign RTF3. We escorted the Fire Department personnel inside the Mandalay Bay. While inside the Mandalay Bay we conducted secondary searches of the beach and pool areas as well as the casino floor area. We also assisted in the evacuation of civilians that had sheltered in place inside of the showroom to a safe location on buses that transported them to a safe location at UNLV.

Upon completion of that duty we were assigned to safeguard deceased citizens that were at the locations of the Hooters Hotel and Tropicana and Las Vegas Blvd until CSA's and the coroner arrived.

Once the final citizen on Tropicana and Las Vegas Blvd was taken by the coroner we were relieved and secured.

Route 91 Active Shooter Incident  
SUBJECT

DIVISION REPORTING: <u>Patrol</u>	DIVISION OF OCCURRENCE: <u>EAC</u>
DATE & TIME OCCURRED: <u>10/01/17 @ 2200hrs</u>	LOCATION OF OCCURRENCE: <u>Mandalay Bay Festival Grounds</u>

NARRATIVE:

On 10/01/17, Officers were working a special event located at the Mandalay Bay Festival Event grounds for the Route 91 Country concert. During that time, at approximately 2200hrs, Officers encountered an Active Shooter situation that resulted in mass casualties. The incident was chaotic, and progressing from minute to minute. This caused a great strain for more and more resources to become necessary. As I was at home, I could hear the cries for help and the shots being fired in the background as my fellow Officers took cover, were shot and for plead for help to be rescued and evacuated.

While I was off-duty initially, my squad and myself could not sit back and not help. At approximately 0000hrs on 10/02/17, as the incident continued to unfold, I gathered up my troops, logged on at EAC and hit the streets to start helping handle calls for service. During that time, we received several calls from shooting victims who had been brought to unknown residences by strangers who assisted in leading those victims out of the hot zone and into safety for further triage. My officers responded to numerous calls for service and did everything possible to see to it that these shooting victims could get to a hospital for treatment. The officers listed below were nothing short of HEROS and when asked to help their fellow brothers and sisters in need, they never hesitated once and made every effort necessary to assist get them to safety and help those injured, and scared, reunite with loved ones or received medical care. There were many acts of heroism and many people who took a role in saving lives and these Officers are examples of just that.

S. Las Vegas Blvd	Las Vegas		

**Observations/Actions:**

On 10/1/2017 at approximately 2205 hours I was seated on the deck of the LOSERS bar with my wife and four friends. I heard a noise that I did not immediately recognize. The sound was gunfire with a distinctive cadence that I could not place. The cadence was consistent, however it was much slower than an automatic AR-15 or AK-47 platform. The cadence sounded similar to a Browning 50 Cal. M2 machine gun. Audibly the sound was coming from an elevated position towards Mandalay Bay. The attached photograph is my actual vantage point.

I ordered my friends and the other patrons off of the roof/deck. I attempted to prevent the crowd from running E/B into the firing line but they were panic stricken. I placed my wife and [REDACTED] behind a steel I-beam of the LOSERS bar. I took retired [REDACTED] with me and I went to the N/W corner of where the porta pottys were located. I slid a porta potty out of the way and used my pocket knife to cut several pieces of wire used to secure the corners of the fencing together. I forced the fencing open and then there was another fence with a post next to a rolling gate. The post was approximately 12 inches from the fence. I was able to squeeze between the post and the fence. I sent Don back to retrieve our wives. When we were all through the gap we continued to move E/B to a location behind the stadium seating where I located another person in my group, Sgt. Travis Lambert and his wife [REDACTED]. Travis said everyone in our group had made it out however no one had heard from Sgt. Darbie Ernst. I sent Don, his wife, my wife, Travis's wife and another 80 y/o woman [REDACTED] to the Tropicana. Travis and I went back into the venue to locate Sgt. D. Ernst. I stepped on a power cable and rolled my ankle. When I got up I did not see Travis. I entered the venue and moved towards the N/E corner of the VIP sitting area. There were two males doing CPR on another male who had been shot in the head and the upper right chest. I told the men to stop compressions and the injured male had a pulse. We helped put the victim in a wheel barrow and the men pushed victim towards the exit. I noticed the shooting had stopped. I saw several young men (20-30 y/o) wandering on the field and saying something to the extent of "I need to help". I showed them my badge and told them to come with me. There was a four person squad in tactical gear with patrol rifles posted in the S/E corner of the event, closest to Mandalay Bay. I identified myself as an off duty sergeant and asked what we could. One of the officers pointed to a group of people under the VIP bleachers and asked us to get the group out of there. We used our belts to apply tourniquets to several persons with leg injuries.

Several of the young men assisted the wounded towards the AM/PM. I told the officer the group had been removed and he said there were more under the main stage. We went over to the stage and located approximately 30 people hiding under the stage. We used shirts and belts to apply pressure to wounds and stop the bleeding on extremities. The group was assisted off by the last two volunteers I had with me. I began checking for pulses on the people left on field, no one had a pulse. A woman in a yellow traffic vest approached me and asked if I could help her cover the bodies on the field so people would not come back to see if they were alive. We used the advertisement signs that was attached to the fencing to cover the bodies.

I called Sgt. Lambert on the phone and he was on the west side of the VIP seats with Sgt. Mike Ernst (husband of Sgt. D. Ernst). They were doing CPR on a headshot victim. Sometime after we had returned to the field [REDACTED] called her husband. Sgt. D. Ernst lost her phone during her escape. She called her husband on a borrowed phone to advise she was out and safe. Sgt. M. Ernst decided to stay and help the wounded.

**Opinions:**

It is my opinion that there was only one weapon being fired at a time. The pitch of the rifle rapport changed slightly as the barrel was pointed to you, or away. I never heard any gunshots other than the shots fired from Mandalay Bay.

**Qualifications/Expertise:**

I am a Police Sergeant with the Carlsbad Police Department and have been employed by the City of Carlsbad since September 1993. I promoted to the rank of Sergeant in May 2006. I was previously employed as an Oceanside Harbor Police Officer from October 1993 until I transferred to the Carlsbad Police Department. I am currently a member of the Departments Weapons Training unit and the Departments Taser Coordinator. I was previously assigned as a SWAT Team member and Police Sniper. After my promotion to Sergeant I left the team for approximately one year before returning as the Sniper Team Leader.

I have attended the following related training classes:

• San Diego Regional Police Academy	888 Hrs
• Rapid Deployments and Tactics	8 Hrs
• Active Shooter (x4)	24 Hrs
• Police Sniper School	40 Hrs
• SWAT Academy	80 Hrs
• Survival Shooting	8 Hrs

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
**OFFICER'S REPORT**

Event #: 171001-3519

Mandalay Bay Active Shooter  
SUBJECT

DIVISION REPORTING: Tourist Safety Division

DIVISION OF OCCURRENCE: Tourist Safety Division

DATE & TIME OCCURRED: 10-01-17 / 2210 hrs.

LOCATION OF OCCURRENCE: Route 91 Harvest Festival

NARRATIVE:

On October 1, 2017, at approximately 2210 hrs. I was notified by my wife, through a phone call she received, that there was an active shooter with casualties on the Strip. I immediately grabbed my radio and the aforementioned information was confirmed. I quickly notified Deputy Chief Charles Hank of the situation and proceeded to dress out and go enroute, code three to the incident. I gave radio traffic and direction while enroute. I coordinated with Captain Robert Plummer about command locations. He would take the hospitals and respond to UMC. Captain Jim Seebock would stand up the DOC at HQ and Captain Andrew Walsh would respond to DTAC. I responded to the area and set up the command post at SCAC. I established roles and areas of responsibilities, locations of concern, as well as delegating out assignments.

The incident priority was first, life safety, and second, incident stabilization. My Deputy Incident Commander was Lt. Kristine Buist. My Intel Officer was Sgt. Branden Clarkson. Lt. Reggie Rader was assigned as the Operations Chief. The Investigative lead was Lt. Dennis O'Brien and the Intel/Investigative Liaison was Lt. Harry Fagel. For all other broken out assignments please refer to Sgt. Clarkson.

Operational goals and objectives were set throughout the night as well as unified briefing times. Within the Unified Command Post there were representatives from Henderson, NHP, North Las Vegas, School Police, FBI, Gaming, ATF, and CCFD. For further in depth roles and delegated tasks, please contact me as necessary.

Date and Time of Report: 10/06/2017 - 1238 hrs.

**OFFICER'S REPORT**

Event #: 171001-3519

Mandalay Bay Active Shooter  
SUBJECT

DIVISION REPORTING: Vice / Child Exploitation Task Force

DIVISION OF OCCURRENCE: Convention Center Area Command

DATE & TIME OCCURRED: 10/01/17

LOCATION OF OCCURRENCE: 3950 S. Las Vegas BLVD Las Vegas, NV 89119 (Mandalay Bay)

NARRATIVE:

On October 1<sup>st</sup>, 2017, at approximately 2220 hours, I was off duty at my residence and learned of an active shooter at the Mandalay Bay Hotel and there were numerous casualties to include an LVMPD Police Officer. I immediately donned tactical equipment and self-dispatched to the scene in my department issued take home vehicle. Approximately 20 minutes later, I arrived on scene and observed numerous casualties being tended to. A patrol officer warned me there is an active shooter who has taken the high ground at Mandalay Bay.

Shortly after, I heard radio traffic that there was another active shooter in the New York New York Hotel at address 3790 S. Las Vegas Boulevard, Las Vegas, Nevada 89109. I immediately began responding to that location when I observed approximately 8-10 patrol officers on foot making their way to the New York New York Hotel. I pulled up next to them and told them I can take three in my vehicle for a faster response. Officer Salvatore Mascoli P# 5115, Sergeant Brett Whitmarsh P# 5645, and another unknown patrol officer got into my vehicle. As we were responding we received an update that there were possible casualties down inside the front entrance of the hotel. I then heard Vice Sergeant Jennifer Benjamins P# 6964 on the radio with her team which was Strike Team #47 searching for a shooter in the New York New York Hotel. We arrived at the hotel and other additional patrol officers joined us. We made entry into the hotel and only observed a few citizens walking around. We escorted them to safety and began searching the casino floor for a possible active shooter. We then met up with Sergeant Benjamins and other Vice Detectives. During this time we began receiving additional reports of active shooters at various Strip locations. I integrated with Sergeant Benjamins team and continued searching various portions of the hotel until we deemed it was safe.

Later, we received orders to respond to the Paris Hotel at address 3655 S. Las Vegas Boulevard, Las Vegas, Nevada 89109 to maintain an officer presence. We arrived at the Paris Hotel consulted with security who deemed there have been no threats to their knowledge at their hotel. Later, we received orders to respond to the Command Post at SCAC substation. Upon our arrival at the CP, we were ordered to maintain an officer presence in front of the Bally's Hotel at address 3645 S. Las Vegas Boulevard, Las Vegas, Nevada 89109. We responded to the Bally's Hotel until we were properly relieved at approximately 0800 hours. We responded back to the CP at SCAC substation and were released from duty at approximately 0830 hours.

Route 91 Active shooter

SUBJECT

DIVISION  
REPORTING:

Patrol

DIVISION OF  
OCCURRENCE:

CCAC

DATE & TIME  
OCCURRED:

10-1-17 2208

LOCATION OF  
OCCURRENCE:

3950 S. LV BLVD LVN 89109

NARRATIVE:

On 10/01/17 at approximately 2200hrs, I Officer R. Theobald P#6468 and Officer R. Chase P#13633 were operating as marked patrol unit 9M31, working CCAC swing shift. Radio traffic came out of an active shooter at Route 91 festival located across the street from Mandalay Bay. We then went enroute to the incident.

We then arrived in the area of the Route 91 festival when updates were coming out that the shooter was possibly in Mandalay Bay, we then headed to Mandalay Bay. Upon Arrival to Mandalay Bay, we made entry at the west valet, eventually meeting up with and joining a strike team that was clearing the west side casino/convention center area. While clearing the casino, updates were coming over the air that there were possibly more shooters going into other casinos. We then split the strike team up to send half to the other casinos and half to stay and clear Mandalay Bay. We then ran to the SUV and loaded up the new strike team to go to the Paris Hotel/Casino to address the other possible shooter.

Upon arrival to the Paris, we did a quick clear of the casino floor and received updates from security that they haven't heard any shots fired. At this time, there was an update of a male entering the Bellagio with a rifle. The strike team then ran across Las Vegas Blvd to the Bellagio to address this possible shooter. Upon arrival to the Bellagio, contact was made with Bellagio security who also advised they heard no shots fired on their property. At this time we began to realize the new calls of shooters were either diversions to get police spread out or it was citizens calling in plain clothed officers. We then loaded up the strike team to go to Tropicana/Las Vegas Blvd for updates.

Upon arrival to Tropicana/Las Vegas Blvd, Officer Chase and I became "Force Protection 6" to assist FD/Medical in clearing areas. We responded to Tropicana Hotel/Casino first, clearing the rooms/locations of possible injured/deceased. We then responded to New York New York Hotel/Casino to do the same. After that, we then went to the Mandalay Bay to assist in clearing the Hotel floors.

Upon arrival to Mandalay Bay, we became part of another strike team and received instructions from SWAT to clear specific floors, room by room, to look for any injured, deceased, or anything suspicious to report. After clearing the assigned floors we then made the journey back to our patrol car to head into the station.

NARRATIVE:

**Synopsis**

Active Shooter from the Mandalay Bay Hotel Casino during the Route 91 Harvest fest with mass casualties and MACTAC response.

**DETAILS**

I, Sgt. S. Perry P# 6510, was home on my RDO's on Sunday night 10-01-17 at approximately 2230 hrs, when I received a text in reference to an Active Shooter at the Route 91 Harvest fest. I contacted my Lieutenant, John Leon, and notified my squad for mobilization for those who were available. I was requested to respond to the CP, notified those who were available from my squad to respond to the CP, and arrived at SCAC CP. Myself along with Sgt. Andrew Burnett put together an 11 man Strike Team #35, consisting of members of Gang Unit Squad G30, CIU, and North Las Vegas Police Department members. We were assigned to provide security around a potential VBID at Reno / Las Vegas Blvd west of. The vehicle was deemed safe and we staged there in place to await further deployment. We were later deployed to provide site security at the Treasure Island Hotel / Casino until we were relieved by day shift units.

Mandalay Bay Shooting  
SUBJECT

DIVISION REPORTING: <u>Patrol</u>	DIVISION OF OCCURRENCE: <u>Patrol</u>
DATE & TIME OCCURRED: <u>10-01-17/2208</u>	LOCATION OF OCCURRENCE: <u>Route 91 Festival/Mandalay Bay</u>

**NARRATIVE:**

Immediately after logging on as an area command lieutenant for SVAC I received word of the shooting and self-dispatched to SCAC, where the Incident Command Post was in the process of being established. I directed my in the box squad to do the same, while reminding the "at home squad" of their responsibilities. Shortly after arriving I established a small security team to provide security at the command post. Minutes later I was asked by Deputy Chief Hank to join him in securing the Mandalay Bay.

Deputy Chief Hank and I met Captain Greenway at the Mandalay Bay, where we established a secondary command post at the valet, providing direction to officers and Mandalay Bay staff in securing the outside perimeter of the property and the buildings. From this position we were able to direct numerous strike teams to the lower level for deployment to clear the nearly 64 floors of rooms, establishing a secure interior. These teams eventually were deployed through the direction of Lt J Leon on the bottom floor, and the clearing took a few hours. Teams continued to arrive from the SCAC command post for the next several hours and included personnel from a vast variety of agencies. It quickly became our agency's responsibility to maintain the integrity and security of this property, due the fact that much of the interior was left unsecure by fleeing and displaced employees.

Also from this post I established a place for key personnel from Mandalay Bay and MGM properties to meet and receive police protection, while they conducted necessary business. These included things such as securing of casino cash cages, shutting off casino music and turning the lights on at the Route 91 for investigators, as well as monitoring their property and employees who were displaced during the tragic event. During this time several patrons periodically came down from their respective rooms, not fully aware of the securing of the casino, and they had to be carefully addressed and displaced to a few locations for everyone's security. By now MGM personnel on scene included the President of Mandalay Bay, Manager for MGM Properties, Human Resources Director, Security Director and Business Manager. This became very important as the night proceeded, as key personnel provided us with information on the suspect, including the location of his vehicle, which we quickly cordoned off and subsequently was inspected by ARMOR.

After the interior of the casino and all rooms were cleared, we were able to address the needs of the few thousand displaced patrons and employees, who were held up in the various locations, including the Michael Jackson Theatre, employee dining hall and the events center, as well as several small rooms located in and

**CONTINUATION**

Event #: LLV171001003519

around the property. One of our goals was to provide Mandalay Bay management with the opportunity to reunite guests with loved ones and open the Mandalay Bay Casino back up for business. Through the full cooperation of Mandalay Bay and MGM Properties, this was done in an orderly manner in the morning. Although it must have seemed like forever to many who were held up in the various rooms, I feel things went swiftly and with little redundancy, much of which can be attributed to the quick decision by Chief Hank, to establish this secondary command, rather than try to accomplish everything from afar (SCAC Command).

As we systematically secured and cleared the property, people like the hero first responding security guard were located within the thousands of patrons and several citizens were eventually reunited with loved ones. Medical care was swiftly provided to personnel including the security guard who had been shot as well as others in need. "Blue on blue" accidents were completely avoided and important items of evidentiary value, such as spent shell casings and broken glass were quickly identified and secured.

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
**OFFICER'S REPORT**

Event #: 171001-3519

Active Shooter Incident

SUBJECT

DIVISION REPORTING: <u>Patrol/ SOB/ Laughlin</u>	DIVISION OF OCCURRENCE: <u>Events Planning</u>
DATE & TIME OCCURRED: <u>10/01/2017 2205 hrs</u>	LOCATION OF OCCURRENCE: <u>Route 91 Festival MGM Village lot 3901 S. Las Vegas Blvd, CCAC/ M4</u>

NARRATIVE:

On 10/01/2017, I Off. Anthony Bianco P# 6523 was assigned as a special events unit at the Route 91 Festival under call sign 186SE along with Off. Michael Maloney P# 5541. We were assigned to the interior of the event on the East side of the stage.

During the event while standing with the crowd by the east side food vendors, I heard multiple loud pops in a rapid succession. I did not observe any reaction from the crowd or from the artist on stage who continued singing. A few seconds later I again heard the same popping sound in the same rapid succession, but this volley continued on longer than the first. At this time I immediately recognized the sound as gunfire and knew it was an active shooter situation.

I then observed the crowd in the center area north of the stage began to disperse. Observing this, I thought the shooter was in the center of the crowd firing. Myself, Off. Maloney and two other unknown officers began to move to the center of the crowd in an attempt to locate a suspect. During this time I also activated my Body Worn Camera.

Once we were close to the center of the venue, we were immediately met with gunfire. Multiple shots were fired and I could hear the rounds passing by my head and ricocheting off the ground around me. I and the other officers all fled in different directions to find cover. I ran east back towards the food vendors and found cover behind a food service cart at a vendor booth.

While I was behind cover, I could hear multiple shot being fired by the suspect and rounds striking around my location. As the firing stopped, I would stand up and yell for citizens to come to my location for cover. I believe I had approx. 8-10 citizens behind cover with me in the vendor booth. As shots were continuing to be fired, I was advising the citizens with me to stay down behind cover.

As the shots continued to strike around my location, I instructed a male citizen to start unplugging power cords by him in an attempt to turn off the lights above us to provide better cover/ concealment. He was unsuccessful at doing so. I believed if we stayed at our current location any longer that either myself or one of the citizens would eventually be shot. I then advised the same male to pull up the tarp at the back vendor booth and advise

CONTINUATION

Event #: 171001-3519

me what was behind us, i.e. Additional cover/ concealment. I then made the decision to have the citizens with me, crawl under the rear tarp to get behind the vendor booths. All citizens were able to get out of the booth and I then pointed them to the exit of the venue, advising them to utilize cover.

While behind the east vendor booths, shots were continually ringing out, and I could still hear rounds ricocheting around my location. I observed citizens exiting off a roof area and verbally guided them to my location for safety. I then observed a female standing in an open area not utilizing cover as shots rang out. I ran to her location and physically grabbed her and we both utilized cover behind a stainless steel drinking fountain. I advised her when the shooting stops, we need to run to better cover, in which we did.

I was then advised by a citizen that a female was shot and she was laying behind the vendor area. I immediately entered the rear of the House of Blues Bar but could not find her. I then went to the vendor to the south and found a female with a gunshot wound to her stomach. There were also two males standing above her trying to comfort her. I told the two males and the female we needed to get her out of the location. I instructed the male to each grab her shoulder/ arm and I picked up her legs. As we exited the vendor area, shots were still being fired. I told the males as we move we needed to utilize cover. We were able to carry the female out of the east side exit of the venue, across Giles to the church parking where there were two ambulances. As we placed the female onto the ground, I was summoned by other citizens about a different female that was shot.

I made contact with another group who stated the female they were attending to was shot on the inside of her leg and she was bleeding out. I saw a male had a belt wrapped around her thigh slightly above the bullet wound. I then ran to our patrol vehicle which was parked nearby and grabbed by tourniquet and immediately applied it on her upper thigh. I then looked around for any assistance from medical personnel and realized the few of them that were there were inundated with patients. Due to the apparent severity of this victim's injury, lack of medical staff and her losing consciousness, myself and Off. Maloney made the decision to self-transport this female victim in our patrol car. She was loaded in the back seat and transported to Sunrise Hospital where we were met by hospital staff outside the emergency room. I advised a nurse of the victim's injuries and that I had applied a tourniquet and approx. how long it has been on.

Myself and Off. Maloney then departed Sunrise and were heading back to the strip. As we approached the intersection of Tropicana and Koval, units broadcast over the radio a possible suspect was inside an RV on the east side of Motel 6 at 195 E. Tropicana. We arrived at the location and took a position north of the possible suspect vehicle. A short time later the vehicle was cleared.

While at the Motel 6, victims from the shooting continued to approach us for medical assistance. We were able to flag down and guide medical staff to different areas of the Motel 6 for assistance.

SUBJECT

Division Reporting: HSD	Division of Occurrence: Tourist Safety Division
Date & Time Occurred: 10-01-17 / 2205 Hrs	Location of Occurrence: 3950 S. Las Vegas BLVD LV, NV

**Narrative:**

At 2214 hours, the SWAT/CNT notification system was activated directing all personnel assigned to the teams to report to SCAC - Command Post (CP). My assignment that night was the Assistant Team Leader position of the Crisis Negotiation Team. Upon arrival at the SCAC, I began to coordinate all my assigned personnel to one central location so we could begin to work towards gathering intelligence regarding the suspect, any additional suspects, and/or motives. This was my mission for the duration of the incident.

On October 2, 2017, at approximately 0600 hours, the momentum of the incident had slowed as the agency moved toward the investigation phase. Due to the A/B roster being initiated, I released many of my personnel so they could report to their regular assigned duties as most of them had a report time of 0600 hours.

OCCURRENCE: Route 91 Festival

NARRATIVE:

On 10/01/2017 at approximately 2230 hours, I, Detective Sergeant T. Baker P#6623, Detective L. Del Rosario P#13990, and Detective T. Byrd P#13958 responded to reports of an active shooter at Mandalay Bay. We arrived at the Command Post which had been established at the South Central Area Command. We formed a Strike Team and were given our assignment by Lieutenant Carlos Hank. We were assigned as Strike Team 24 (ST24) along with North Las Vegas Police Officer Joe Minelli, and LVMPD Officer W. Moreno P#8769, Officer Michael Murray P#9002 as well as other officers.

We (ST24) were assigned to secure the pedestrian bridges at the intersection of Tropicana and Las Vegas Blvd. due to possible additional shooters being reported in casino properties north of the Route 91 Festival. We arrived and secured the bridges until relieved by the CP at approximately 0200 hours.

After returning to the SCAC CP, we were assigned to secure the Route 91 fairgrounds. We secured the festival entrances at gates 1, 2, and 3 along Las Vegas Blvd. We relieved the scene to day shift personnel at approximately 0730 hours. We were secured by the Command Post at 0800 hours.

Route 91 Festival Mass Shooting  
SUBJECT

DIVISION REPORTING: <u>ODB</u>	DIVISION OF OCCURRENCE: <u>Patrol</u>
DATE & TIME OCCURRED: <u>10-01-2017 @ 2200hrs</u>	LOCATION OF OCCURRENCE: <u>Mandalay Bay Hotel and Casino/Route 91 Festival</u>

**NARRATIVE:**

On 10-01-17 at approximately 2209 hours, I, Officer R. Chamberlin P#6626, was at my personal residence during my regular day off (RDO). I began to receive a group text message from my teammates, Dean Hennesy #6736, Bert Hughes P#6750 and Branden Clarkson #8890. The messages stated that there was an active assailant at the Mandalay Bay and that we should turn on our portable radios to listen to the radio traffic. I immediately retrieved my portable radio and turned to CCAC radio channel. I could hear officers reporting that there were multiple subjects down and that they needed assistance. The group texts from my teammates said that they were ready to respond and assist where needed. We all decided to meet at our office at [REDACTED] which was only a few blocks away from the incident location. We wanted to get in uniform and retrieve our ballistic gear and weapons to be able to respond as a team and be more effective for any assistance that was needed.

We began to travel to the area and made the decision to go to Tropicana/Las Vegas Blvd because there were what sounded like plenty of units at the scene and Mandalay Bay. We knew at this point and time of the incident that we could be more effective by linking up with FD and start a RTF (Rescue Task Force). We arrived at Tropicana/LV Blvd and saw that FD and Metro units had the intersection blocked off and had triage stations set up. We started to hear reports on the radio that there were shooters in the Tropicana Hotel, so we entered as a team along with a Sergeant from Capital Police and a LVMPD Sergeant. The reports of the shooters were confirmed to be false after checking with security and video surveillance. More reports of other shooters were coming in at the New York New York, Paris, MGM and Aria Hotels to which we did not respond but stayed at Tropicana/LV Blvd. Radio traffic confirmed that the shooter was neutralized and a warm zone was established in the Mandalay Bay with the exception of the 32<sup>nd</sup> floor. FD was getting reports of injured citizens in the lower levels of Mandalay Bay, so we helped establish RTF1 with 4 FD personnel and 5 LVMPD officers to include Sergeant Dennis. We traveled from Tropicana/LV Blvd to the Mandalay Bay valet in a rescue unit. We exited the rescue unit and entered the main lobby of the Mandalay Bay Hotel, with Det Michael Smith from the ARMOR Unit. We observed other officers, but no citizens. Sgt. Dennis was told to hold the team in the lobby until further notice. After several minutes we linked up with another team and two of those officers remained with us.

We were told to regroup in the lower valet of Mandalay Bay and wait for another assignment, but then after several minutes we were told to return to the staging area at SCAC. After arriving at SCAC for several minutes we received an assignment as Strike Team 49 to deploy to the concert scene and report to Sgt. Van

**NARRATIVE:**

On the above date and time I officer Eric Gallegos P#6628 with officer Joshua Rowberry P#13894 were assigned to work special events at Town Square, the Blue Martini Club as 21SE. We were scheduled to start the overtime at 2300 hours. As I arrived early and was sitting in my car waiting, I heard the radio traffic of an active shooter at Route 91. Rowberry called my cell phone and had asked me do I hear this radio traffic and I stated yes. Rowberry which was driving patrol car 10265 was only minutes away from my location. At approximately 2230 hours Rowberry picked me up and we immediately decided to head to the command post. We jumped on I-15 north headed to South Central Area Command when we immediately hit grid lock traffic. The entire freeway was a parking lot. As we tried the emergency lane that was also backed up. As we were stuck an older pickup truck right in front of us looked to have people sitting in the back covered in blood. As I got out to give aid there were 3 passengers in the back. Two unknown females and one male. The first female was sitting upright and had blood on her arms and legs. I had asked her are you hurt? Have you been shot? She was in a state of shock and stated I don't think so. I looked her over and could not see any injuries. Laying down was an unknown female and male. They both were laying down face to face as the male was hugging her very tightly. I asked him sir are you hurt? Are you shot? He stated no, but she is. He stated the female he was hugging was deceased due to a gunshot to the back of the head. He was holding on to her to give her some comfort as they were on the way to the hospital. At this time a Fire Captain and AMR unit had pulled up behind us. Rowberry then went to the trunk and put on all his tactical gear. I then drove south on I-15 going the wrong way in a safe manner. We then hit 215 west and got off on Decatur and continued to head towards the Command Post. As we hit Flamingo Sergeant Jennifer Benjamins P#6964, call sign 705V got on the radio and stated that there might be another shooter inside the Paris hotel. Rowberry and I immediately headed towards the Paris to join a strike team and stop the suspected shooter. As we arrived we joined a strike team and immediately headed in to stop the shooter, render aid and help as many people as we could. As there was no shooter and 705V was given false information. We continued to clear out the Paris hotel and help people that were hiding and scared. Anybody we found were told to go the Paris conference room where security was keeping patrons until safe. At this time the Paris hotel was deemed code four and we waited there until further instructions were given. At approximately 0330 hours we were told to head to the command post and check in. At approximately 0400 we were released.

## OFFICER'S REPORT

Event #: 171001-3519Active Shooter Incident

SUBJECT

DIVISION REPORTING: TSD-CC-15 DIVISION OF OCCURRENCE: CCAC

DATE & TIME OCCURRED: 10/01/17 , 2205 LOCATION OF OCCURRENCE: Route 91- Mandalay Bay

NARRATIVE:

FYI

At approximately 2208 on 10/01/17 I Sgt, Francois Obasi p# 6642 was contacted by my wife Rachel Obasi P# 8945, who was working as a PD detective in the DTAC area, she informed me that there was an active shooter on the Strip and then multiple citizens and possibly officers were shot. I could hear the radio traffic from her portable.

I immediately activated my squad call in roster (CC15) and headed to CCAC. Upon arrival at CCAC, I quickly dressed out and responded to the Strip area. As I was approaching Tropicana and Las Vegas Blvd. I heard dispatch announce that there was a possible active shooter at New York, New York Casino. I parked east of the Boulevard and ran towards the south valet. I let dispatch know I was headed there and asked for a strike team to meet me at the valet, my call sign was 654. I was quickly met by a combination of officers wearing bike uniforms, swat uniforms, tan uniforms and plain clothes. We asked patrons and security about the possibility of a shooter, but no one seemed alarmed and no one had heard any shots. We worked our way to the Zumanity Theater, where the reported shooting was and cleared it. I requested that my team not rush or order patrons out, due to not wanting to create a panic situation. The New York, New York was negative, and we also cleared the park outside.

Soon after that a Vice sergeant called out that there was a person with a gun at the Paris, I mobilized my team to that hotel and did a systematic search of it. We also cleared the Chateau night club.

At the Paris, the rest of my squad, who had arrived but were scattered came to me and we secured the Harmon bridges until all Hotels were cleared north of the Mirage. My squad and I then reported to the staging area for reassignment. We stayed there and I was given the title of Strike team 50. At approximately 4 am, my squad and I were assigned to the Route 91 scene and asked to help CSA and the FBI with victim retrieval. We were relieved at 0700 hours.

I am assigned a 15 person squad, 3 were out of state due to being their weekend, of the available 12 to respond, 11 were in the action in under 30 minutes.

SUBJECT

DIVISION  
REPORTING: Traffic TR 33

DIVISION OF  
OCCURRENCE: Special events overtime

DATE & TIME  
OCCURRED: 10/01/2017 2205

LOCATION OF  
OCCURRENCE: Harvest festival / Las Vegas Village

NARRATIVE:

On 10/01/2017 I Officer J. Bengel p#6710 was assigned to special events overtime call sign 164 SE, working enforcement for the route Harvest festival. I was tasked to enforce traffic violations around the venue, specifically vehicles dropping off for the venue impeding traffic. I made 32 stops and wrote 40 citations for impeding traffic to speeding.

I finished my last stop at 2130 hours on Giles for the violations of speed and using cell phone without hands free. I then parked my motor on the back side of the event near gate 4A and began my count for the total number of violations issued as instructed at briefing. I gave my totals to the command post and met up with Officer J. Bassett p#9324 165 SE. At approximately 2155 hours I took Officer Bassett body camera and went to traffic to drop off our body cameras. While at traffic, I heard the radio traffic shots fired with several injures to head and chest.

I then responded back to the intersection of Russell and Las Vegas Blvd along with Officer J. Barker p#8085. We began diverting traffic away from the shooter, a ford pickup truck was traveling south with several injured people in the back and we waived them to continue. Patrol arrived and set up in the north to west turn lane and I told him to go further south and stop the traffic from getting past the welcome to Las Vegas sign.

Sgt. Price arrived and advised several of us that we were now a strike team and we then formed up and ran from the intersection to Mandalay bay making entrance into the shark reef hall. From there we cleared the patrons and had them go into the Michael Jackson room. Our team then met with another strike team at the elevators with security personnel. One team then started on the 2<sup>nd</sup> floor and the other team went above the target floor. Myself and Officer Barker stayed at the ground floor and secured the elevators.

After SWAT came down and several teams had cleared the casino floor and relieve us, we then retreated back to the intersection of Russell and Las Vegas Blvd.

**Active shooter at Mandalay Bay Route 91 festival**

SUBJECT

Division Reporting: EOB	Division of Occurrence: CCAC Patrol
Date & Time Occurred: 10-01-17	Location of Occurrence: Mandalay Bay Hotel 3950 S. Las Vegas Blvd.

I Officer J. Connell P#6722 working as marked Search and Rescue unit SR1 was working attached to LVMPD SWAT as a tactical emergency medic. I received a call from Lt. K. Delzer and C. Long at approximately 2215 hours. The calls stated there was an active shooter at the Mandalay Bay Hotel on the strip. After being notified I contacted other SAR officers J. Thayer and C. Neri via text to be en route. Along with the SAR Officers, two of our Volunteer doctors [REDACTED] and [REDACTED] were also advised to be en route to the staging area.

Upon arrival I was assigned as the tactical medic with a team of SWAT officers led by Jay James, also consisting of James Bertuccini, Matt Burris, Jake Werner, Alex Gonzales, and Kai Hoskings.

We left from South Central area command to the Four Seasons hotel, working our way into the Mandalay bay. The elevators were locked down for security reasons so we began working our way up the stairwells to the 32 floor. Prior Arriving Officers from SWAT, K9 and patrol made a positive breach into the suspect room. We cleared adjoining floors for signs of forced entry or injured persons.

About this time it was reported an Officer was unable to be accounted for, and that the suspect was 419 in the breached room. We worked our way to the roof and then back down to the first floor to team up with some firefighters to begin clearing each floor room by room. The missing officer unfortunately was accounted for deceased a victim of the concert.

Once all the Mandalay Bay floors had been totally cleared we returned to the command post to debrief.

**OFFICER'S REPORT**

Event #: 171001-3519

Active Shooter Officer's Report for K. Delzer

SUBJECT

DIVISION REPORTING: Emergency Operations Bureau

DIVISION OF OCCURRENCE: CCAC

DATE & TIME OCCURRED: 10/01/17 @ 2200

LOCATION OF OCCURRENCE: 3950 S. Las Vegas Blvd. Las Vegas, NV 89119

NARRATIVE:

On October 1 at approximately 1010 hours my wife, who was working a Paris Hotel, called and asked me why so many police cars were traveling southbound on the Strip with their lights and sirens on. I turned on my portable packset radio to CCAC and could hear an officer state they were taking automatic fire and people were down.

The following actions were taken by me within the first few minutes of the shooting at the Route 91 event.

- Contacted my primary and secondary on-call SWAT medics to start en route to the incident. Entire team of SAR medics were additionally dispatched to incident.
- Contacted the Air Support hanger and ordered my pilots to the incident to provide support.
- Notified Captain Boffelli of the incident and quickly advised him of what I knew and what actions we were doing to assist.
- Contacted my Air Support sergeant and set up with a secondary wave of assistance.
- Called into work additional pilots to the hanger in order to provide consistent air support for the event.

At 22:40 hours, I proceeded to the incident and established a landing zone for helicopter operations at 5191 S. Las Vegas Blvd., The Las Vegas Harley-Davidson dealership. This served as a base of operations for EOB Air Support. SWAT Lt. Huddler was advised of the location and of our capabilities. Air 5 was already on scene providing support to the patrol units.

The following actions were taken when I arrived on scene throughout the event into the morning hours.

- I outfitted, loaded and secured two SWAT snipers in the back of Air 5 for deployment. This was to find a position of advantage to stop the threat and to address additional threats if needed.
- Called in Search and Rescue Sergeant to assist in preparations for HH-1H operations over the Strip. Deployment and fast rope operations if needed.
- Had MD530 light rescue helicopter (Air 3) en route to provide additional support in anticipation of a secondary attack including deployment of SWAT officers if needed.
- Worked with SWAT section on deployment of air assets.
- Redeployed Air 3 to the numerous purported shooting calls, allowing them to clear up these calls faster than ground units could respond.
- Used Air 3 to look for out of place vehicles and sweep roof tops of hotels for suspicious activities.
- Used both Air 5 and Air 3 to search surrounding areas for additional victims from the shooting.
- Set up the refueling for our helicopters at McCarran International Airport.

- Provided ground security for our helicopter base during the entire operation.
- Had Air 3 land and stage at the helicopter base, after it was determined that we no longer had any active hot spots. They remained on scene for immediate redeployment if needed.
- Helicopter base was shut down at 3:30 am and Air 3 was returned to the Air Support hanger.

After the base was closed I arrived at the command post located inside of SCAC and reported in with Captain Boffelli. During this we were told of and dispatched to the suspects' vehicle located in the west valet of Mandalay Bay. I Worked with ARMOR during first part of operation until the bomb squad could take lead on clearing the vehicle. Once cleared from this scene I reported into the SWAT TOC for preliminary debriefing. After debriefing I reported back into Captain Boffelli and handled administrative task until 0730 hours.

DIVISION REPORTING:	<u>CCB/CLASSIFICATION</u>	DIVISION OF OCCURRENCE:	<u>SCAC</u>
DATE & TIME OCCURRED:	<u>10/01/2017 @ 2205</u>	LOCATION OF OCCURRENCE:	<u>ROUTE 91 FESTIVAL</u>

NARRATIVE:

On 10/01/17 at approximately 2205, I CO. II T. Ragone #5926, was off duty and in attendance at the Route 91 Festival along with my friend Ben Kole, who is a Las Vegas City firefighter. We were about 100 yards back from the main stage that Jason Aldean was performing and on the west side of the festival. Around this time, we heard what we thought were firecrackers being lit at the Mandalay Bay. These sounded like single round pops, but when we looked in that direction, we saw no smoke. I didn't say anything, but found it strange that if they were firecrackers, there would have been smoke. I saw no smoke. The band continued to play, so we thought nothing of it. About 15 seconds later, I heard what sounded like automatic weapon fire. The music was loud, so it was muffled. I thought it was part of the show until I saw Jason Aldean and his band run off of the stage.

Right then, I turned to Ben and told him "this shit is real" and told him to get down. I pushed Ben to the ground. I covered him until the rounds stopped and I said we need to find cover. There was this makeshift bar called "Losers" about 40 yards from us. We had frequented this place periodically throughout the festival. As we were running in there, I realized that it was concealment, due to it being a tent, and not cover. I found us a wood barrel to hide behind. Ben suddenly leapt up and said "Oh my God, [REDACTED] who was working there as an EMT that night. He took off running towards the east end of the venue, which is where she was staged. I stayed behind the barrel and flipped over a bar table for more cover.

I had a couple next to me that I was trying to keep calm. The lady wanted to get up and run. I told her to stay put and said that Metro was returning fire. Unbeknownst to me, this was not the case. The rounds seemed to be incessant and continued to grow louder. Then I realized that I could not stay in that location for much longer due to not knowing the location of who or how many shooters there were. I waited until the next volley of rounds ceased, then I ran over to the east side of the venue behind a Budweiser beer wagon. I stayed there behind a wheel well for a few minutes. The rounds seemed to continue for a while and sounded like they were getting closer. As soon as they stopped, it was either Metro or security told us to exit out the east gate along Giles St. I ran across Giles onto Reno, then through a parking lot to go to the Hooter's Hotel parking lot, which is where they told us to go.

NARRATIVE:**Officers Involved:**

M. Scott P# 16139

C. Sims P# 16143

R. Rietjens P# 16101

J. Johnson P# 16004

On 09/30/17 I, Officer M. Scott, P# 16139, while working a graveyard shift was involved in the following events. At approximately 2210 hours we were released from briefing after traffic came over the radio of shots fired near the Mandalay Bay hotel. I drove "Code 3" to Reno and Giles where I parked and secured my patrol vehicle. I made my way forward to join up with a team that was forming a strike team to make entrance into the Route 91 Festival. While entering I observed multiple injured citizens in which me and the Officer's I was with gave them directions to head east. While inside the festival it was determined that the shooter was firing from an elevated position in one of the rooms of the Mandalay Bay. We made contact with civilians and began clearing civilians out of the festival in a safely manner. We cleared the area near the stage and underneath the stage as well as the makeshift structures west of the stage. Which during we found multiple civilians hunkered down frightened to where they did not want to move. We encountered multiple wounded and uninjured civilians who we helped onto gates and tables so that they could be transported to safety. We worked as a team and were able to get multiple civilians out including ones who could not move themselves. We then headed west inside the event hitting a wall to where we could go no further. From there we teamed up with two people from gangs who was planning to go over to Mandalay Bay and allowed me to tag along. We then headed towards the Tropicana where we then quickly exited our vehicles once again.

Reports of "shots fired" emerged from New York New York and we made entry, as we made entry we observed that the hotel appeared to be operating as normal and immediately after we made entry there were reports that an AMR unit at Tropicana and Las Vegas Boulevard were in danger so we made our way there. We arrived back at the AMR unit and provided them with cover as they attended to the wounded. We formed up with two Officer's from "SWAT" who took control of the strike team. Together we headed for the Mandalay Bay making a quick stop at the Luxor. While at the Luxor we gained information that one of the vehicles in valet may have been armed with a bomb. After getting a closer look with SWAT they were able to see that it did in fact have potential to be a bomb. After safely clearing that area we proceeded to Mandalay Bay where we

cleared floors 30, 27, 26 and 25. After we cleared those floors SWAT determined that we were needed at other assignments and our strike team 6 was assigned to the Luxor hotel where we held rear containment. Once the job was complete we made our way back to our sergeant for further orders. We then spent the remainder of our time stopping foot traffic from tainting a crime scene and helping the coroner lift bodies off the streets.

Mandalay Bay Shooting  
SUBJECT

DIVISION REPORTING: <u>Tourist Safety</u>	DIVISION OF OCCURRENCE: <u>CCAC</u>
DATE & TIME OCCURRED: <u>10/01/2017 2215</u>	LOCATION OF OCCURRENCE: <u>3950 S Las Vegas Blvd Las Vegas, NV 89119</u>

NARRATIVE:

On 10/1/17 at approximately 2210 hours, I, Officer J. Pelley P#16157 assigned to Convention Center Area Command, responded to an Active Shooter event at the Route 91 Festival across the street from Mandalay Bay. My details of the event are as follows.

At approximately 2210 hours, Sgt G. Everett P#8915 called the squad to the corner of the briefing room to go over routine administrative matters. While the squad was assembling, Sgt Everett shouted that there were shots fired and that we needed to log on. A few seconds after that he called out that it was an active shooter. The squad ran out to the patrol cars and began driving code 3 to the Route 91 Festival; I was in a vehicle with Officer M. Scott P#16139.

Upon arriving, Officer Scott positioned our patrol vehicle on the corner of Reno Ave and Giles St. Upon exiting our vehicle we could hear automatic gunfire coming from the west. Officer Scott grabbed the shotgun and loaded it with slugs and the automatic gunfire continued. We were receiving multiple reports from citizens that the shooter was on the fairgrounds shooting an AK47 and we proceeded as an element toward the fairgrounds. Our element entered and moved through the fairgrounds to a wall on the west side of the fairgrounds and on the east side of Las Vegas Blvd. While moving through the fairgrounds and clearing, we were giving commands to citizens to continue running east and that medical would be to the east of the fairgrounds.

Our element posted up behind the wall for several minutes and then reentered the fairgrounds to continue evacuating citizens. Our element moved through most of the western part of the festival grounds telling citizens to evacuate toward the east. Our team cleared port-a-potties, a bar area, and stands located on the west side of the fairgrounds. After several minutes of clearing the western part of the fairgrounds, our element regrouped with other officers also on the fairgrounds next to a billboard. After regrouping, an unknown Sergeant stated he had two rifle officers and needed two officers with handguns. I was one of the few officers with a handgun as most other officers had a shotgun or rifle and went with the rifle officers along with Officer T. Guynn P#14891.

The rifle officers decided to post up on top of stacked containers next to a bill board on the fairgrounds. One rifle officer provided over watch for the Mandalay Bay and the other officer provided over watch for the Luxor. Officer Guynn and I provided cover for the rifle officers to ensure no threat approached the officers from behind. Officer Guynn and I maintained this position for several hours until force protection teams began sweeping the fairgrounds looking for survivals and victims.

FYI

On 10/03/17 at approximately 2210 hours I Officer R. Penha P#16161 while off duty at the Route 91 Country Festival located at 3901 South Las Vegas Boulevard, Las Vegas NV 89119. I was on the Coca-Cola Suites portion when I heard people screaming and what it sounded like shots, I ran into suite 6 and identified myself verbally as a police officer and started directing people out, moments later I exited towards the handicap designated area which was located directly in front of the suites. I advised whoever could walk to go towards the nearest exit, and tried to get the ones that couldn't to move to cover. A white male adult in his late 60's was in a wheel chair in the handicap area, I assisted him to move to the ground and carried him on my arms, to the next cover I could find, at this point I readjusted and threw him over my shoulder and went outside the venue. When I returned to the handicap portion I noticed everyone was gone, I heard shots beginning again and I jumped on the floor since I was not near any cover or concealment. I felt impacts near me and saw a bullet hit nearby and shrapnel hit my left forearm. I ran back outside where I saw a patrol car with two officers I identified myself as a police officer verbally and through my police identification card and got a shotgun from their vehicle. The three of us made entry and began clearing under the bleachers, the suites and the other tents. When I arrived at the end Southwest corner of the event. An Officer advised me to put a traffic vest so I could be identified as an Officer since I was armed with the shotgun and was not in uniform and strike teams were entering the venue.

DIVISION REPORTING:	<u>Tourist Safety Division Downtown Area Command</u>	DIVISION OF OCCURRENCE:	<u>Tourist Safety Division Convention Center Area Command</u>
DATE & TIME OCCURRED:	<u>10/01/17 at 2208 hours</u>	LOCATION OF OCCURRENCE:	<u>Route 91 Country Music Festival 3950 S. Las Vegas Blvd, LV NV 89119</u>

NARRATIVE

On 10/01/17 at approximately 2208 hours I, Officer J. Theal P# 16270 was attending the Route 91 Country Music Festival at 3950 S. Las Vegas Blvd, Las Vegas, NV 89119 in an off duty capacity. I was facing southeast towards the front of the stage when I heard a loud noise that sounded like firecrackers exploding. I immediately looked in that direction to see what it was but I saw nothing out of the ordinary. Approximately 5 to 6 seconds later I hear louder explosions that I immediately recognized as gunshots but could not tell where the shots were coming from. I then yelled out "active shooter everyone run" which at this time hundreds of people started to run east out of the park.

I shielded the two people I was with from gunfire by laying on top of them underneath a table. As I was covering them I was grazed with a rifle round in my lower left shoulder. I escorted my friends east out of the park. Once I ensured their safety, they were left out of harm's way and I met with uniformed officers. I identified myself as a Las Vegas Metropolitan Police Officer with my issued police ID to a uniformed patrol officer. My wound was bleeding and was looked at by the unknown officer. The officer stated the wound was minor and was non-life threatening. I did not receive medical treatment due to medical staff being at capacity treating life threatening injuries.

A team of several officers came to my location to clear the park. I asked for a gun and was handed a shotgun and a reflective police vest to assist with clearing the park. We headed south to the back of the stage to clear the park of any threats. Once the park was cleared, I assisted in evacuating citizens out of the area. Once I was done evacuating citizens, I was put on rear containment on the southeast side of the venue by Sgt. M. Bulmer P# 8420.

I notified my chain of command at approximately 0032 hours which was my Field Training Officer, Officer A. Perez P# 8392. Officer Perez attempted to notify Sgt. Rodriguez P# 8929, but he could not be reached. Sgt. J. Melvin, and LT Bechler were notified of the situation by Officer Perez. I held my position at the southeast side of the venue until ordered to move to the command post. I was put on a post on the outer perimeter located at the southeast side of the park by Sgt Bulmer. I was relieved of my post at approximately 0545 hours and was ordered to meet in the park for debrief by Captain Larkin.

Route 91 Harvest Festival

NARRATIVE:

On 10/01/17 at approximately 1600 hours I, Officer K. Koch, P# 16271, arrived at the Route 91 Harvest Festival. I was in attendance with my 13 year old daughter, my wife, a friend, and friends of my daughters.

At approximately 2140 hours Jason Aldean took the stage, and started his performance. All seven people I was in attendance with were standing just East of the fake grass, and just in front of the Northern most corner of the Coca Cola bleachers. We were fairly close to the opening in the East gate of the concert venue, on Giles. Just after 2200 hours I heard a couple of pops. One of the people with me said it's just the speakers. I could tell the sound was coming from in front of us, and there was a speaker, so I thought the explanation was plausible. Jason Aldean continued to sing. A few seconds later, there was a second round of the pops. Some of the crowd started to panic. I said to [REDACTED] that it's just fireworks, and we all need to stay calm and stay together. I told them to move towards the gate.

A woman directly in front of [REDACTED] was hit, and dropped to the ground. [REDACTED] took off and we were separated almost immediately.

As me and the girls moved towards the gate, a man pushing a woman in a wheelchair started screaming she's hurt, she's hurt. I let go of my daughter hand and turned towards the man. I tried to ask him if she was hurt from the shots or just in the wheelchair, but it just kept screaming. The man ran into and knocked over a trash can. I tried to clear a way for him to get around the trash can, just as another round of shots went off. He then ran into me with the wheelchair and pushed past me.

I turned around and could no longer see [REDACTED]. I could see my daughter [REDACTED]. I told her to get out the gate. She jumped over the short black barricade, and I caught up to her. As I went over the barricade, I believe more shots rang out.

I got to my daughter, and grabbed her hand. We made it to the middle of the street and took cover behind a police truck that was parked in the middle of Giles St. Someone yelled out that shots were hitting the police vehicles, so we retreated farther East. There was a temporary gate around the dirt parking lot on the East side of Giles, that people were climbing over, and it collapsed under the weight. I took [REDACTED] two or three rows of

Event #: 171001-3519

cars back, and had her crouch down behind a Gray Ford Focus. At this time, approximately 2209 I called my husband to let him know what was happening. While on the phone with him, several shots rang out. There were approximately four other people crouched behind the car with me. I explained that the safest place for everyone to be was directly behind the engine block and to remain calm. Another couple showed up, and the female was bleeding from her foot. I was able to examine her foot and determine that she had not been shot. She had lost her shoe and her foot was cut from running in the gravel.

During all of this, several more shots rang out, but I was focused on trying to help the people around me.

I tried calling the Officer's line, at approximately 2210 and explained that I was off duty, and attending the concert, to ask where I could help. After being on hold for several minutes, I hung up. I could see several people laid out on the ground behind another vehicle, two rows South of me. I told my daughter to stay down behind the Ford Focus, and I ran to the people that were laying on the ground, keeping [REDACTED] in my line of sight.

There was a possibly Hispanic man, wearing a dark gray or black shirt, and jeans, who had been shot in the lower right side of his back. I was able to determine there was no exit wound. We turned the man onto his left side, and I gave direction to a female who was with him to place pressure on the wound. There was a white, heavy build woman, wearing a bright pink shirt, who had been shot in the right shoulder. A man who stated he was Army, placed his finger in her wound to help control the bleeding. There was also an older man, who had been shot in the left foot. He was wearing dark pants and brown cowboy boots. I directed him to lie down, and keep his boots on, and have someone put pressure on the wound.

The people [REDACTED] was with had decided to keep moving, and had brought her over to me. I gave her my cell phone and directed her to hold the flashlight up for me so I could see. At this time I noticed the man with the foot wound had taken his boot off. So I helped tie a shirt or some material around his foot. A medic had arrived with us, and there was another male who stated he was an off duty officer there as well. Someone drove a light green colored SUV up near us, and we started loading people into the SUV.

I'm not positive, but I believe the shots had ceased at this point. I could see several people laying out in the parking lot. I took my daughters hand and going from one car to another I made sure people weren't hurt. We made our way back near the gate we had exited. I asked a white male, wearing a yellow "Event Staff" shirt how I could help. He told me to get [REDACTED] to safety.

We then started walking North. Along the way, I saw another man sitting on the sidewalk who had a bandana tied around his right ankle. I asked if he was hurt, and he told me he was shot. I took my belt off and tied it as tightly as I could around his thigh. He said to me, there are others who need your help more than I do. We continued North, and I saw a Metro SUV. I asked the two Officers, what I could do to help, and one replied to get everyone North of the Church. I started directing pedestrian traffic to get everyone moving.

While walking, we were able to reach [REDACTED] by phone, who had gotten to the Executive Airport safely. We were also able to reach [REDACTED]. They were hiding on the outside of the Tropicana Hotel, between a wall and some bushes. I told them to stay where they were, and I would come find them. Once I reached my vehicle, which was parked in the North East corner of the Tropicana parking lot, I put my daughter inside. I directed her to lie down on the floor in the back seat, and call Grandma. I then left my vehicle to go find the other three girls. I was able to locate them, near the North East entrance to Tropicana Hotel. They had another woman who had taken cover with them. I transported them all back to my vehicle, and had them get into the truck. I told them all to stay down on the floor.

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
**CONTINUATION**

Event #: 171001-3519

I then went back out to the corner of Tropicana and Las Vegas Blvd. to ask if I could be of assistance. I ended up getting stuck on the corner in front of Excalibur while officers cleared New York New York, Excalibur, and Tropicana. At approximately 2359 hours an Officer told the girls to all exit my vehicle and go into Hooters. I was finally allowed to cross back over the bridge from Excalibur to Tropicana at around 0200 hours. I made it to Hooters, and loaded all of the girls back into my truck and was able to get home.

LOCATION OF  
OCCURRENCE:

Route 91 Festival - LVB/Mandalay Bay Rd

NARRATIVE:

On October 1, 2017 at approximately 2208 hours, I, Officer W Sumalpong P#16386 and Officer D King P#8467, while operating as a marked patrol unit 1M21, responded to a reported active shooter at the Route 91 Festival located at S Las Vegas Blvd and Mandalay Bay Rd.

We responded code 3 from CCAC and approached from Koval Ln where it transitions into Reno Ave. When we reached Reno Ave just before Haven St, we witnessed numerous people running eastbound away from the festival location. Many were injured or helping people make their way away from the festival. They reported there were possibly more than one shooter and to approach with caution. I donned body armor and retrieved the shotgun which I loaded with slugs. King and I along with at least 3 other officers approached at a slow roll into Haven St. I drove while the other officers utilized my vehicle as cover. I drove until Haven St came in to a dead end and secured the vehicle and approached the venue on foot.

We approached the venue via an opening between a short brick wall and some fencing that many of the concert goers were egressing from located at the southwest end of the dead end of Haven St. The opening led to a dirt lot that was being used as parking for some of the vehicles at the venue. We did a bounding over-watch through the lot until we reached one of the southeastern gates into the venue.

Once I entered the venue, I was separated from D King and ran into Officer Jackson P#9690 who drove into the venue with his vehicle. He retrieved a ballistic shield from his vehicle and we had two other unnamed officers with us go in to the main stage of the venue to clear it. We checked the stage area and the bleachers for any suspicious people or possible secondary explosives.

As we cleared the bleacher area, we ran into LT R Spencer P#7598 who advised us of an RV area at the southwest end of the venue. We had victims located in the RV's sheltering in place. We did a headcount of the people and cleared the RVs for suspects and weapons. The LT advised them to shelter in place and we held a perimeter by the RVs.

Officers were then being requested to go to SCAC to reconvene and be reassigned as needed. LT Spencer advised some officers to go to SCAC. Jackson, 2 other officers and myself went back to Jackson's vehicle to retrieve a trauma kit bag and to recheck any casualties for vitals as well as doing a body count check. We

counted approximately 16 deceased in the main stage area and 4 more were found as we moved towards the north end of the venue.

As we cleared more of the north end of the venue, we ran into a surveillance trailer for the venue where SGT Hutchason P#12955 was reviewing footage of the incident. He requested myself and FTO Lefler P#14745 to watch the front door of the trailer. The remainder of the night was spent guarding the trailer until I was relieved of duty and I made my way to Mandalay Bay to meet with my FTO D King. We went to SCAC for reassignment and was relieved of duty for the day.

89119

NARRATIVE:

FYI

On 10/01/17 at approximately 2308 hours, I, Officer S. Sanchez p#16393 responded to an active shooter at the Route 91 festival. We responded to where the shots were coming from which was at the Mandalay Bay located on 3950 S Las Vegas Blvd Las Vegas, NV 89119.

Upon arrival to the Mandalay Bay myself along with my Field Training Officer A. Colucci and Officers C. Arrendale and E. Clatterbuck. We parked in the valet parking lot and we had one officer on rifle, one officer on shot gun and the other two officers on handgun to formulate a strike team. We entered the building we were flagged down by security guards and they stated someone was shooting on the twenty ninth floor. Security guards were leading us to the elevator to get up to the twenty ninth floor to confront the active shooter.

When we got to the twenty ninth floor we began to clear the floor and my job was to be rear guard. While clearing the floor and while watching the rear, I saw someone in plain clothes and a rifle pop out from the corner and came towards us. I yelled "threat" to let my team know I saw someone that was not supposed to be there. We yelled "Metro police" and they yelled back saying they were police officers. We proceeded to clear the floor after we knew the persons were not a threat but were officers clearing the building.

After clearing the twenty ninth floor and not coming in contact with the suspect we proceeded into the stair case where the swat team told us to hold our position. After holding my position for about four hours Swat came back and asked us to help them clear a couple more rooms. We helped the Swat team clearing floor 29 and 60 and let the guests know to stay in their room and not come out until further notice. After helping swat clear couple floors we proceeded and went back to the command post.

Upon arrival to the command post we made contact with Sargent Harrahs who gave us assignments to guard the outer perimeter of the Route 91 festival. I was assigned to stand outside gate 4 with my training officer A. Colucci.

DATE & TIME  
OCCURRED:

10/01/17 2230 Hours

LOCATION OF  
OCCURRENCE:

3950 S. Las Vegas Blvd, LV, NV 89109

NARRATIVE:

On 10/01/17, I Officer A. Lea P#16397 working as marked patrol unit 3M9 along with my partner Officer T. Peralta P#13912 responded to a 415A that occurred at the Route 91 concert at 3950 S. Las Vegas Blvd, LV, NV 89109.

As we were en route code, another officer came over the radio and called out an active shooter that was at the Route 91 concert. As we arrived we, stopped our vehicle east of the concert by the church and concert parking area and made our approach to the concert on foot through the parking lot. As we made our way to the concert we were stopped by multiple civilians with gunshot wounds that were in a panic telling us the shooter was in the concert. As we kept advancing toward the concert, we kept seeing multiple dead bodies and people wounded until we finally reach the gate of the concert. As we were moving through the parking lot, gun fire was still going on.

Once we made our way into the concert, there were multiple dead bodies and wounded civilians everywhere. We made our way to the stage where we tended to wounded and pulled people out from under the stage to head east towards Hooter hotel and casino. We stayed inside the concert to help the wounded and to get everyone we could out of there. As we got everyone out of the concert, we formed a strike team with other unknown officer and started to clear the concert tents and trailer looking for more civilians if they were hiding.

As soon as we got the concert cleared out we were given orders to post up by Reno/Giles and to keep civilians from walking back into the crime scene and to the Blvd. We were posted there until 0730 hours until a day shift until came out to relieve us.

**Route 91, Active Shooter**

SUBJECT

Division Reporting: Investigative Services Divisions	Division of Occurrence: Patrol Services
Date & Time Occurred: 10/01/17, 2230 hours	Location of Occurrence: 3901 S. Las Vegas Blvd Las Vegas NV, 89119 (Mandalay Bay Hotel)

On 10/01/2017 I was at my residence, off duty watching television. I received a text message from a coworker, Detective Flores P#, 6071 who was on a search warrant at 2220 hours. He stated there was an active shooter incident occurring at Mandalay Bay Hotel. I grabbed my patrol radio to listen to SCAC channel. I heard the commotion over the radio and immediately dressed out into my tactical greens and grabbed my chest rig an AR 15 rifle. I left my residence from North West area, 215 and Durango responding code 3 in my department U/C vehicle.

I arrived at the Incident Command Center at South Central Area Command. Upon arrival I met with other members of the Vice Unit and was assigned to Strike Team #47. Shortly after my arrival at the Incident Command, Strike Team #47 was advised to respond to the Paris Hotel and Casino, located at 3655 S. Las Vegas Blvd, Las Vegas, NV 89109. At that time it was reported that shots were being fired inside the hotel.

Upon our arrival, Strike Team#47 began clearing the casino floor of the Paris Hotel and Casino, searching for the additional reported shooter. Strike team #47 was able to evacuate the casino floor and effectively moved people to the Convention Area of the hotel for shelter. Ultimately it was determined that no additional shooter was present. Strike Team#47 maintained command and control of the property.

After several hours, Strike Team #47 was ordered back to the Incident Command to await reassignment. Strike Team #47, was reassigned to provide security in front of the Bally's Hotel and Casino located at 3645 S. Las Vegas Blvd. Las Vegas, NV 89109.

SUBJECT

DIVISION  
REPORTING:SC12DIVISION OF  
OCCURRENCE:SCACDATE & TIME  
OCCURRED:Oct. 01, 2017 2205hrsLOCATION OF  
OCCURRENCE:3901 S. Las Vegas Blvd LVN 89119NARRATIVE:**OFFICERS INVOLVED:****T. THAI P# 6263 (1111)****S. LISKE P# 14882 (1111)****J. PARK P# 10011 (3S6)****J. BLASKO P# 15065 (3S23)****SGT. G JACKSON P# 13418 (798)**

On October 01, 2017 at approximately 2200hrs, Officer Liske and I were at SCAC attending the graveyard shift briefing with the rest of SC12 and SC13 squads. About 10 minutes into the briefing, Sgt. Jackson informed us there was report of a shooting within the area of the Mandalay Bay. He instructed everyone to get log on and head that way. He said if you don't have a car, just jump in with someone and go for now. Everyone scrambled out of the briefing room and drove code 3 to the location. With limited information, many units found themselves in the line of fire.

Officer Liske did not have a vehicle that night so I told him, he's welcome to jump in with me. Officer Liske employed his tactical gear and had his rifle deployed as he rode passenger out of the area command with me. As we were driving code 3 to the scene, we heard updates that there were already multiple casualties and possibly one officer shot (maybe in the head). When I approached the first perimeter unit on scene, I asked where are shots coming from and what direction was it firing. The unit at Russell and Las Vegas Blvd pointed out that it appear to be coming from the Mandalay Bay Tower and firing across the street into the festival. While gathering this intel, two EAC units pulled up behind us. I believe they were Officer Blasko and Officer Park.

With the knowledge obtained, we avoided the front of the hotel and drove west, toward the back of the Mandalay Bay. We went west on Russell Rd and north on Frank Sinatra Dr until we got to the loading dock just south of the parking garage. At this time we were still monitoring CCAC channel for updates and haven't heard any strike team information. Radio was busy with chatters so we stayed off the radio. After about a minute when there was no direction from any supervisors and our surrounding area was quiet, I told the group that we will have to go in to an assess the situation from the security control room and gather additional intel unless someone object. No one objected so we formed a mid-shift strike team and entered through the loading dock.

**CONTINUATION**

Event #: 171001-3519

Officer Liske had a rifle so he took point, Officer Park and I were on handguns and I acted as team leader. Officer Blasko was asked to handle rear guard with a shotgun.

When we entered and encounter employees, everyone was calm and no one knew about the shooting. Everyone we came across, we told to notify security and exit the building through the back. We came across a squad of security officers by the time clock waiting to clock in for their shift. We asked if they knew about the shooting and no one knew. We had one of them directed us to the security control room and told him to coordinate evacuation for their employees.

Once we got to the control room, the staffs were surprised to see us. It looks like they had just very recently got the information but haven't had time to act. I can see on cameras that the casino level were still full of guests. They haven't started any evacuation process. I didn't see any strike teams on property yet. Security advised that they just got the info and in the process of talking to our dispatcher to get more info. Our radio had no signals so I asked to use their phone to maintain communication with Metrocomm. I first thing I told our dispatcher was who I am. I've a team of four, we've secured the security control room and what weapon we have available to us. I told her that we would stay there to maintain communication as well as security unless they need us anywhere else as we don't have radio signals and don't have much information. I updated the status of the casino level and any other updates I got from security. I obtained suspect's info from Guest Room information and updated it via text with Sgt. Jackson when the phone line got disconnected.

Not knowing the extent of the attack, our mission objectives were to:

- Maintain security for the hotel control room
- Establish and maintain communication between police and security personnel
- Update any intels or vital life-threatening information
- Coordinate evacuation and any tactics with the Command Post

Eventually, we observe several other police personnel and strike teams enter the property after the casino was evacuated. Several teams came through the control room and moved on after they realized that we've already established security. Officer Liske slipped away with one of the metro team that pass through. Officer Park and Officer Blasko remained with me the entire time until we were relieved by DC Hanks at about 0500 hrs.

REPORTING:NEACDIVISION OF  
OCCURRENCE:CCACDATE & TIME  
OCCURRED:10-01-17 / 2205LOCATION OF  
OCCURRENCE:Mandalay bay road and S. Las vegas BlvdNARRATIVE:

Late in the evening of 10-1-17, new reports started coming in regarding an active shooter near the Mandalay bay resort. Several officers from NE34 gathered at the station and wanted to go see what they could do to help. I called NEAC dispatched and let them know that I had seven officers and myself if needed. A short time later dispatched recalled and told me to report to the staging area located at SCAC. Upon our arrival at SCAC I checked in with the staging manager and were designated as, strike team 37. Later we were assigned to be roving patrols and to cover the area from Harmon to Sahara on the Las Vegas blvd. We had been patrolling for about an hour when myself and three officers were told to try and obtain video from a Catholic church located at Reno and Giles. When we arrived at the church we were unable to find an emergency number. One of the officers researched the address and was able to find the number of the sectary of the church. She was asked to come to the church in hopes that we could obtain some type of video of the shooting. Once the sectary arrived we were able to watch the video but unable to make a copy. She was instructed, once her IT guy arrived to make a copy of all the videos we requested and call 311.

Later in the morning, the unit at the church was tasked with reliving the overtime officers who had been at the event all night. We relived two officers and shortly we were relived. I checked back in with the staging manager at SCAC and we were told to go home. We left area and returned to NEAC.

Event #: 171001-3519

**SYNOPSIS:**

On 10-01-2017 a mass shooting occurred at Mandalay Bay Hotel and Casino. The shooting resulted in approximately 58 people dead and hundreds of individuals shot.

After the shooting, in the early morning hours of 10-2-2017, I responded to Sunrise Hotel to assist with any needed police activities. Upon my arrival, I observed a dynamic scene with dozens of people receiving medical attention. I also observed several deceased individuals within the Endoscopy room located just east of the Trauma area. I helped medical personnel identify the deceased and supported ID as they documented the decedent's injuries along with Coroner's office.

**PERSONS AT SCENE:**

Patrol Division

1. Officer Domingo Lucero P# 5477

**INVESTIGATIVE SERVICES DIVISION**

1. None

**CLARK COUNTY CORONERS OFFICER**

1. Angelika Alaimo
2. Jennifer Fagnant

**MORTUARY**

1. Davis

**CRIMINALISTICS**

1. Supervisor Kristen Grammas P# 7808
2. CSA Joel Albert P# 13204
3. CSA Kathryn Biwer P# 16190

**DETAILS:**

On October 1, 2017 a mass shooting occurred at the Route 91 concert. The shooting resulted in significant loss of life and injuries.

At approximately 0630 hours on October 2, 2017 I self-dispatched to Sunrise Hospital located at 3186 S. Maryland Pkwy. Las Vegas, Nevada. Officer Domingo Lucero P# 5477 was present with me.

Upon arrival, I came into contact with Captain Nichole Splinter who was outside the Trauma doors of the hospital. Captain Splinter briefed me on the situation at the hospital and escorted me to the Endoscopy room where the deceased individuals were being kept. Captain Splinter stated many of the deceased had been identified but several of the victims had not been correctly or fully identified.

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
**CONTINUATION**

Event #: 171001-3519

After being briefed, I took on the assignment of guarding the deceased, identifying the unidentified and assisting ID document victim injuries with the assistance of the Clark County Coroner's office.

Officer Lucero and I personally escorted each of the decedents to the mortuary vehicles which were tasked to transport the deceased to the Coroner's office.

There were approximately 14 deceased individuals in the Endoscopy room when I arrived. It should be noted, the body of Officer Charleston Hartfield had already been removed from the hospital before my arrival.

Officer Lucero and I worked with hospital staff who were receiving a massive amount of information from concerned individuals and loved ones inquiring about their missing friends and family members. Hospital staff was able to use photos from the inquiring individuals to preliminarily identify the deceased. This information was subsequently given to ID and the Coroners officer.

The process of identifying the victims took many hours to complete.

While the process of identifying the deceased was taking place, CSA Joel Albert and Kathryn Biwer along with the Coroners officer were photographing the injuries of the deceased. The documentation was complete with measurement. After proper documentation, each of the deceased was placed in a body bag and subsequently placed on a gurney.

Our deceased victims were then personally escorted by myself and Officer Lucero to an awaiting Davis mortuary vehicle. They were then transported to the Coroner's office.

After all the deceased victims were transported, I began to walk about Sunrise Hospital. I encountered dozens of victims suffering from gunshot wounds.

Officer Lucero and I did not know if the injuries of the injured had been documented by ID or not. I spoke with ID supervisor Kristen Grammas who stated the injuries had not been photographed.

In an attempt to preserve evidence and document injuries the Crime Scene Analysis began going bed to bed in an attempt to make preliminary identifications of the victims and photograph, as best as possible, their injuries. I was present while the CSA's photographed our victim's injuries.

Because of the seriousness of the injuries, many of the bandages were not removed for photographs. The victims were identified by first and last name and then photographed.

The names of all the victims were compiled and taken to Head Quarters by Officer Lucero. Officer Lucero stated he provided FIT with the documentation.

For a more complete record of victim and decedent injuries please refer to the CSA and Coroner reports.

DATE & TIME  
OCCURRED:

10/01/2017 2205

LOCATION OF  
OCCURRENCE:

3950 Las Vegas Blvd

NARRATIVE:

On 10/01/17 at approximately 2210 I was notified by my team leader Sgt. Mueller there was an active shooter at the Mandalay Bay. Due to being close to the SWAT hanger and the possible need for an armored vehicle to be able to approach the Mandalay Bay under gun fire, along with the possible need for down officer rescues I went to the SWAT hanger and retrieved a bear cat. I then responded to the scene. I was told to respond to SCAC where I was assigned to an active shooter response team.

My team responded to the Mandalay Bay in search of the suspect or possible suspects. While inside the Mandalay Bay we learned that there was a suspect on the 32<sup>nd</sup> floor. We attempted to access the elevators to get to the 32<sup>nd</sup> floor, but they were shut down. We were unable to find anyone to help us access the elevators, so we found a stairwell and began climbing the stairs. While in the stairwell we learned the 32<sup>nd</sup> floor had been cleared and the suspect was found dead.

We continued to climb the stairs and began clearing the rest of the floors searching for another possible suspect and possible victims. Once the Mandalay Bay was deemed cleared by the CP we were advised to head back to SCAC for debrief.

October 1 /Route 91 Festival Shooting

SUBJECT

DIVISION REPORTING: <u>Community Policing</u>	DIVISION OF OCCURRENCE: <u>Community Policing</u>
DATE & TIME OCCURRED: <u>10-1-17/2200hrs</u>	LOCATION OF OCCURRENCE: <u>Mandalay Bay</u>

**NARRATIVE:**

On 10-1-17, at approximately 2200 hours, I, Captain Jim Seebock, P#4555, was notified of an active shooter event occurring at the Mandalay Bay Hotel. I immediately contacted my supervisor, Deputy Chief B. Zimmerman, who advised me to set up the Department Operations Center (DOC) at Headquarters. The DOC was responsible for:

- Providing support and coordination for LVMPD resources on scene at Mandalay Bay
- Maintaining routine communications with the Incident Command post for Mandalay Bay
- Coordinating the delivery of personnel, supplies, and equipment for the incident
- Communicating and coordinating with the outside jurisdictions that were involved, to include Clark County Emergency Operation Center
- Coordinating information sharing with SNCTC, FBI, Investigative sections, and other partner agencies involved with this incident

My role was to "open" the DOC and get it established so that the above bullet points could be accomplished and lead its efforts throughout that night. This was a team effort with several LVMPD employees contributing in their respective roles at the DOC. During the night, the DOC's role evolved, as did my responsibilities. In addition to overseeing department logistics, staffing, and coordinating communications, the DOC morphed into an "Area Command" for all agencies impacted by this event. Throughout the evening, more agencies both public and private, and elected officials responded to our DOC. As representatives arrived, they were given a role and contributed to the coordinated efforts.

As the night unfolded, I also was charged with mobilizing LVMPD commissioned officers to A/B rosters. This was accomplished by 0300 on 10-2-17. I also assumed the lead role of coordinating information and intelligence flow with the Incident Command Post, hospitals, and ensuring strike team assets were sent to the staging area for the incident. I provided intelligence and information updates to all that were present at the DOC every 30 minutes throughout the night until relieved at 0800. Prior to 0800, plans were put into place to provide manpower to maintain the multiple crime scenes, hospitals, Coroner's office, and other locations. The DOC transfer of command occurred at 0800.

October 1 – Active Shooter Incident Involvement

SUBJECT

DIVISION REPORTING:	ISD	DIVISION OF OCCURRENCE:	HSCB
DATE & TIME OCCURRED:	10/1/2017 – 2206 Hours	LOCATION OF OCCURRENCE:	Route 91 Festival / Mandalay Bay

**NARRATIVE:**

On 10/1/2017 I, Detective M. Mangione P#13727 was notified by [REDACTED] Dispatcher Z. Mangione P#15163 of an active shooter incident at the Mandalay Bay / Route 91 festival at approximately 2210 hours. I began monitoring the CCAC radio channel and was listening as the event unfolded. I notified my sergeant and squad mates of the incident and prepared for call out. I work as a Detective in the LVMPD Computer Forensics Lab. We have prepared for an incident like Route 91 for the ingestion of data and to exploit mobile devices utilized by the suspect. At approximately 0240 hours on 10/2/2017 I was called out and directed to LVMPD HQ to assist with sorting through emails being sent to the LVMPD email address setup for tips from the public. Det. D. Barringer P#7178 and I spent the majority of the morning sorting through email tips and separated out tips containing actionable information which were eventually given to the FBI on a USB thumb drive.

Once we finished sorting through email tips, Detective Barringer and I were directed to drive towards the suspect's residence in Mesquite to assist with a search warrant. Our mission was to identify potential sources of digital evidence and preserve it. While en route to the residence, I received a phone call from my supervisor informing me we were no longer needed at the residence because the FBI was flying in computer forensic experts to handle the scene.

In the afternoon hours of October 2<sup>nd</sup>, I was sent with several CFL detectives to the Ogden Luxury Condos (150 Las Vegas Blvd. N. Las Vegas, NV 89101) to assist DTAC PD detectives on scene. The PD detectives had received information that the suspect stayed at the Ogden in several different condos and needed assistance recovering a mass quantity of surveillance video and lock interrogation information. Upon my arrival I realized the amount of video being requested was going to require removing the video systems and taking them back to the lab. Accommodations were made through the Ogden's security company to bring replacement video systems on scene so we could collect the systems containing potential video of the suspect. While on scene, Analyst T. Bishop P#15207 and I examined a computer system containing door lock access information. We were unable to extract the requested records on scene so a forensic image was made of the computer's hard drive by Analyst Bishop for further analysis at the LVMPD CFL. When we returned to the CFL, we were notified that the FBI would be conducting analysis of all digital evidence including the video we had gathered and made arrangements to provide their agents with the evidence collected.

SYNOPSIS

The above listed officers are members of NE32, a patrol squad who was "in the box" on October 1, 2017. The members of NE32 were conducting routine patrol in the northeast area command, when we were notified of the active shooter incident taking place at the Route 91 Harvest Festival, in the Convention Center Area Command.

**CONTINUATION**

Event #: LLV171001003519

Because we were in the box, we rallied together at the northeast area command substation and drove together as a squad convoy from the northeast area command to assist on this incident. It should be noted that all above officers were on duty at the time, with the exception of Officer C. Nelson. Officer Nelson was on vacation this day, and at home, when he started receiving phone calls and text messages regarding the incident. Officer Nelson decided on his own to meet the rest of our squad at the northeast area command, despite being on vacation that day.

While we were enroute, the CP was being established at the South Central Area Command. NE32 Officers arrived at SCAC as strike teams were being assembled. At this time, the squad (being a large FTEP squad with trainees), was divided into two separate strike teams, "Strike Team 4" and "Strike Team 9" as listed above. Both strike teams 4 & 9 deployed from South Central Area Command.

**DETAILS OF INVOLVEMENT**

**Strike Team #4:**

Upon being deployed from SCAC, Strike Team 4 was assigned to move north from SCAC along Las Vegas Boulevard, towards the Mandalay Bay. At the time we had left SCAC, we were aware of at least one shooter inside the Mandalay Bay Hotel, although it was not known at the time where specifically inside the hotel the suspect was located. Additionally, there had been numerous radio broadcasts about multiple active shooters inside the Route 91 Festival, or potentially in the area of Las Vegas Boulevard and Tropicana. Strike Team 4 moved on foot due to the fact that Las Vegas Blvd (most notably the area directly in front of the Mandalay Bay complex) had not yet been cleared. Strike Team 4 was the first assembled Strike Team to clear this area.

Strike Team 4 cleared Las Vegas Boulevard in front of Mandalay Bay Hotel, and continued north. At this time, we were hearing numerous broadcasts about the possibility of active shooters at Tropicana & LVB, as well as the NY NY Hotel. We continued on foot to the NY NY Hotel. Hundreds of civilians were fleeing the hotel, indicating there was a dynamic incident inside. Officers of Strike Team 4 evacuated all occupants of the casino floor including civilians and employees, instructing them to go north on LVB, away from the Mandalay Bay/Las Vegas Village. This extensive evacuation included the casino floor, bars, restaurants, shopping center inside NY NY, and Zumanity theater.

After NY NY was cleared and we confirmed no active shooter incident took place there, we were directed to the T-Mobile Arena, where we were reunited with our counterparts on Strike Team #9. Both Strike Teams #4 & 9 assisted other units in clearing the T-Mobile Arena. After the T-Mobile Arena was confirmed code 4, both Strike Teams #4 & #9 were directed to the Monte Carlo parking structure, top floor, where we provided over-watch security for the courtyards around T-Mobile, Monte Carlo Hotel, and NY NY Hotel. Officers remained there until relieved in the morning hours of October 2.

**Strike Team #9:**

Because NE32 was a large FTEP squad with both FTO's and Trainees, we were divided into two separate strike teams. Having only one Sergeant, Strike Team #9 was ran by Team Leader C. Erskine. Officer Erskine was selected to be Team Leader due to his experience on the police department, his position as an FTO, which involves first line supervision, and his current placement on the active Sergeant's Promotional Eligibility List.

Strike Team #9 moved from SCAC to clear the east side of Las Vegas Boulevard, starting at the "Welcome to Las Vegas" sign. They were the first strike team deployed for this mission, clearing the region of LVB from the Welcome sign all the way north along the outside of the Las Vegas Village.

After this area was cleared, members of Strike Team #9 met with Strike Team #4 at the T-Mobile Arena. Both Strike Teams #4 & 9 assisted other units in clearing the T-Mobile Arena. After the T-Mobile Arena was confirmed code 4, both Strike Teams #4 & #9 were directed to the Monte Carlo parking structure, top floor,

OCCURRENCE: CCAC / PATROLDATE & TIME  
OCCURRED: 10/1/17 2208LOCATION OF  
OCCURRENCE: 3950 S. LV BLVD, LV, NV 89119NARRATIVE:

On the above date and time I, Officer M Mitchell P# 6273 was contacted by my supervisor Sgt M. Marlow P# 6204 of the active shooter event occurring at Mandalay Bay. Due to the overwhelming magnitude of the unfolding event, Sgt Marlow planned to have Officers B. Corder P# 4592 and R. Ramos P# 5815 remain in the resident area, allowing myself along with Officers J. Landers P# 8073 and R. Hagberg P# 6351 to respond to Mandalay Bay and assist. I responded to the location directly from my residence.

I arrived at the staging area at SCAC and was immediately assigned to Force Protection Team 2 with Officer Hagberg and Officer Landers. This was under the command of Sgt C. Jivapong P# 9338. Our missions for this event consisted of providing security for the CCFD Casualty Collect Point located in the intersection of LV BLVD and Tropicana. We also responded to reports of shots fired and casualties at various strip properties and evacuated patrons and staff from the Rivea Restaurant located on the 65<sup>th</sup> floor of the Delano Las Vegas. I used no force nor observed any officers on my team utilize force during the incident.

OCCURRED: 10/01/2017 2205

LOCATION OF  
OCCURRENCE: Route 91 Festival MGM Village Lot 3901  
Las Vegas Blvd. (CCAG M4)

NARRATIVE:

On 10/01/2017 under event number 171001-3519 I was attending the Route 91 concert as a patron. At approximately 2205 a gunman opened fire on the crowd. I got involved by helping people to take cover and get to safety. At one point a citizen brought a wounded unknown WMA over to where I was. I noticed the WMA had a tourniquet on his right arm that was not applied properly. I then reapplied the tourniquet with my bare hands. While doing this I got blood on my hands. I had an open cut on my left index finger at the time. The WMA was transported to an unknown hospital by a Clark County work truck. The only first aid I did was wash my hands later that night when I got home. I did not realize I had the cut until Saturday night.

OCCURRENCE:Events PlanningDATE & TIME  
OCCURRED:10/01/2017 2205LOCATION OF  
OCCURRENCE:Route 91 Festival MGM Village Lot 3901  
Las Vegas Blvd. (CCAC M4)NARRATIVE:

I attended the Route 91 Harvest Festival with my girlfriend [REDACTED] on Sunday night when the active shooting took place. When the shooting started [REDACTED] and I ran for cover so as not to get hit and become a casualty. We made it to the buildings by the set of bleachers to the north of the stage and took cover. As we were taking cover, I witnessed lots of patrons trying to go out onto Las Vegas Blvd. right into the line of fire. At this time I took action and tried to get as many people to listen to me to get down and behind the buildings for shelter as well as go east away from where the shots were being fired. The volleys of gunfire stopped and then I started advising people to go east bound away from the Blvd. While I was doing this some other citizens brought an injured white male adult over to where I was. The WMA had a tourniquet on his right arm that was not applied properly. I tightened the tourniquet and made sure the bleeding stopped. This WMA also had a gunshot wound to his right lower abdomen, but the wound was not bleeding at that time. I was trying to figure a way to evacuate him to a hospital when I was notified that a Clark County truck was on the Blvd. and citizens were loading wounded into it to be taken to the hospital. I and another citizen helped the wounded WMA to the county truck and got him into the bed for transport. I then went back into the venue and started asking if anyone else was injured so I could put them in that truck to be transported. I then observed many patrons hiding behind a block wall I made my way over to them and got them to go east away from the area.

After I was done with that I went back to where the citizens were taking shelter behind the building and started to get them to go east bound towards Reno/ Koval area. There were also many citizens hiding under the bleachers that I convinced to leave the area as well. I also helped get another WMA who had a GSW to his left foot evacuated to the east. I then went back into the area and started searching for any other injured and trying to convince stragglers to go east bound towards help. Other citizens and I then started clearing portable bathrooms and the concession area. The venue had a makeshift bar by the name of Losers and it had a dance floor on top. We went up there and found several people taking shelter. We got them off of that roof top and got them to safety to the east of the venue. I along with other off duty first responders kept searching the venue, until I had to get [REDACTED] out of the area. We went to the east of the venue and out of the exit gate. At this time I was no longer allowed back in to help out so we left the area.

I got the name of an [REDACTED] by the name of [REDACTED] who helped out evacuating citizens. I have reached out to him to see how he is doing and to get his contact information. At this time he has not

## OFFICER'S REPORT

Event #: LLV171001003519ROUTE 91 FESTIVAL ACTIVE SHOOTER RESPONSE

SUBJECT

DIVISION REPORTING:	<u>BAC</u>	DIVISION OF OCCURRENCE:	<u>CCAC</u>
DATE & TIME OCCURRED:	<u>10/01/17 2208 HOURS</u>	LOCATION OF OCCURRENCE:	<u>MANDALAY BAY 3950 S. LAS VEGAS BLVD</u>

NARRATIVE:

On 10/01/17, at approximately 2208 hours, an active shooter incident occurred at the location of 3950 S. Las Vegas Blvd. I Officer D. Ottomanelli P#15841 a team member of BA14, was sitting in on graveyard briefing at Bolden Area Command (BAC). BA14, was designated "In the Box" on the night of the incident. At approximately 2215 hours, a swing shift unit opened the briefing room door and advised L.T. Hank of what was unfolding at the Mandalay Bay/Route 91 Festival. CAD was pulled up and everyone in briefing turned on their radios. We quickly determined to end briefing and respond as quickly as possible. As all BA14 units were at BAC, there was no need to meet at the BAC MACTAC rally point. The squad doubled up, and met in front of BAC and donned their tactical gear. The BA14 strike team consisted of the following units:

## BA14 – Strike Team 2

Sergeant J. Stark, P#13515, (811)

Officer D. Spivey, P#15328 (1W1)

Officer M. Smith, P#15315 (1W11)

Officer R. Farris, P#15463 (1W12)

Officer D. Ottomanelli, P#15841 (1W21)

Officer J. Mercado, P#15902 (1W22)

Officer A. Javier, P#15910 (1W8)

Officer J. Bryant, P#15876 (1W18)

Officer R. Wicks, P#15400 (1W77 assigned to BA11 but reassigned to my squad for the night due to being a rifle carrier)

**CONTINUATION**

Event #: LLV171001003519

**Response**

Sergeant Stark sent dispatch BAC dispatch an administrative message to update all call signs to 811a-811g, but due to the chaos on the radio and department wide, the call signs were never updated and it appeared dispatch utilized the line-up to log and monitor all the units.

L.T. Hank briefed us quickly with what he knew in front of BAC. Our task was to get to SCAC which was the CP for the incident. All units donned their tactical gear and loaded up into vehicles. Officer Mercado and myself rode together in vehicle 10458 and Mercado drove while I monitored and responded to all radio communications for the vehicle. We responded code 3 and caravanned to SCAC. We arrived at the CP at approximately 2240 hours.

**Command Post**

The front parking lot of SCAC was filled with marked patrol units, plain cars and other jurisdiction units. To alleviate ingress and egress BA14 parked on the first street south of the parking lot in single file. The CP was filled with units with command and control just starting to form. L.T. Hank assumed the role of Staging Area Manager and began to appoint strike teams. We were the second strike team to form and were appointed Strike Team 2 (ST2).

At approximately 2250 hours, calls began to come into dispatch regarding shooters at multiple hotel/casinos. These calls included a possible 445 device in a Black Audi SUV in front of the Luxor Hotel and Casino. Due to the amount shooting calls coming in from multiple locations it was believed there were multiple suspects and this was a takeover style terroristic attack similar to the attacks in Mumbai. L.T. Hank ordered each strike team to respond to a location of a call. ST2 was given the task of addressing the 445 device in the 425b under the Sphinx in the Luxor valet.

**Luxor 445 Device**

Sergeant Stark created a plan, and showed the strike team a map and gave us assignments. ST2 quickly responded to the Luxor and located the possible device. We created a perimeter around the device and coordinated with Luxor security to ensure the casino floor was evacuated at the hotel was on lock down. Officer Mercado and myself took the perimeter spot South of the valet placing us between the Luxor and the north side of the Mandalay Bay Hotel. The newer model black Audi SUV had a NV plate officers did not recognize. On the back of the SUV were wires connecting a large PVC pipe and several unknown square objects which were taped to the tailgate. The vehicle and the device protruding from it were extremely suspicious and with the details of the ongoing incident it was likely either an actual device or a decoy. The perimeter was moved back to approximately 80 yards.

While on scene, ST2 maintained 360 degrees of lethal coverage while around the valet area of the Luxor. Officer Mercado and Officer Farris had a cell phone call with each other that was an open line of communication between the units that were both North and south of the valet as to not crowd the radio and allow for communication to flow more freely and uninterrupted. Individuals who were hiding, lost, of intoxicated would wonder up through the parking lot and ST2 utilized Luxor security to get them into the Luxor lockdown areas. The perimeter could not be moved back farther due to the amount of people coming from different direction. Eyesight between officers needed to be maintained. Sergeant Stark told Luxor security to review their video

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
**CONTINUATION**

Event #: LLV171001003519

surveillance for more information on the vehicle. We were able to gain intelligence on the four individuals who dropped off the SUV and went running through the Luxor. Their descriptions were broadcasted and where they were last seen over the radio. ARMOR was requested and responded.

A plain clothes Gang Unit officer and a uniformed CCAC patrol officer were in the Luxor parking lot and I assigned them to ST2. We did not make note of their names to document them in this report. They assisted in maintaining the perimeter and stayed with ST2 throughout the night. ST2 maintained the perimeter on the device for several hours before ARMOR arrived.

ARMOR and CCFD Bomb Squad responded and were briefed on the limited information we had. ARMOR Detectives determined the device was suspicious and the robot was sent up to inspect it. It was ultimately determined to be some sort of testing device for a self-driving car.

After the device was deemed safe, ST2 became the Luxor Security Strike Team. Several more hours past and once the IC determined the Luxor could be taken off lock down, ST2 moved to the southern perimeter and maintained security on Mandalay Bay Dr preventing anyone from the Luxor parking lot from entering the Mandalay Bay property. At around 0715 hours, ST2 was relieved by dayshift, responded to the CP, checked out and made our way back to BAC.

#### Summary

Throughout the incident ST2 maintained their composure during the most chaotic incident the LVMPD has ever faced. They displayed bravery and courage in their response to the 445 device, which due to the intelligence present seemed very legitimate. ST2 placed themselves in line of fire and in proximity of a 445 device to protect thousands of innocent citizens inside the Luxor. At the time, we did not realize it, but we were in the line of fire of the suspect's room on the 32nd floor of the Mandalay Bay. ST2 worked seamlessly with Luxor Security to gain intelligence and protect citizens as they appeared. ST2 stayed vigilant throughout the night for any and all threats. ST2 displayed compassion for the victim's and the victim's families as they approached and requested the assistance they needed and gave them the information they needed to get victim services. Of special note was assisting and off duty California Police Officer and the wife of one of the off duty California Police Officers who was murdered that night.

I am proud of Officer Mercado for being my battle buddy that night who NEVER left my side, and every officer who responded that night and I am especially proud of BA14 for taking on a mission and seeing it through completion without any further injury to officers as well as any citizen in the immediate area.

Officer D. Ottomanelli

BA14 Bolden Pride

On 10/1/2017 I was at home when I received a call from a friend of mine who was at Route 91 asking if I was working and that there were people shooting up the strip. I then left my house and went to my station Northeast Area Command and listening to the news as I drove in. When I arrived at NEAC I dressed met with several other officers who had come into the station to see what we could do to help. We all dressed out and Sgt. Fletcher called dispatched and informed them that we had formed a strike team. Dispatch called back and told us to report to SCAC. The staging manager at SCAC designated us as strike team 37 and had us roving up and down Las Vegas Blvd. from Harmon to Sahara. We were then tasked with obtaining surveillance video from the Church located at Reno and Giles. Officer Hart P#15277 was able to contact one of the representatives from the church who came down and provided us with the surveillance footage from the cameras on property. We notified detectives who responded and viewed the footage as well. We then were tasked with relieving officers who had been working overtime at the actual route 91 concert. We stayed on post until around 0830 hours before being sent back to NEAC.

DATE & TIME OCCURRED: <u>10/1/17</u>	LOCATION OF OCCURRENCE: <u>3950 S. Las Vegas Blvd. Las Vegas, NV</u>

NARRATIVE:

On 10/1/17 at approximately 2200 hours, I Officer T. Dionisio P# 15079, while operating as marked patrol unit 3W22, heard a broadcast of information stating an Active Shooter was occurring at Route 91/Mandalay bay and possible other locations on the strip.

I immediately drove code toward UMC to secure trauma so arriving vehicles would not have an issue. When I arrived at UMC, there was no one arrived or anyone standing outside of trauma, including medical personnel. I began to place Police tape around the parking lot and clear the area looking for any more threats. I notified medical staff of the active shooter and stated vehicle should be arriving with wounded civilians.

The first civilian truck arrived where people were piled in the bed of the truck and inside of the cab. I began to grab people from the bed of the truck until I got to people who were severely injured by gunfire. I carried an unconscious female who was under several people in the bed of the truck into UMC trauma. The female was immediately declared deceased.

I went back to Trauma bay where more civilian vehicles and marked patrol units were self-transporting civilians and off-duty officers to UMC for medical attention. As the vehicle arrived I helped in escorting, applying pressure and carrying wounded people from vehicles into Trauma for further medical attention.

I received direction from an unknown Lieutenant who advised me to attempt to write down in-coming vehicle plate numbers and gain "tally marks" for victims entering Trauma. I stood at UMC Trauma Bay speaking to victims and their families until approximately 0700 on 10/2/17.

Event #: 171001-3519415a  
SUBJECTDIVISION  
REPORTING: Tourist SafetyDIVISION OF  
OCCURRENCE: Tourist SafetyDATE & TIME  
OCCURRED: 10-01-2017LOCATION OF  
OCCURRENCE: 3950 S. LV Blvd LVN 89109NARRATIVE:

On 10/01/2017 at approximately 2315 hours, I, Det. G. Laster P#5658, was off duty when a call was received from my supervisor, Sgt. B. Carroll stated an active shooting event was currently on-going from the Mandalay Bay Hotel/Casino located at 3950 LV. Blvd. So. LV. NV. 89109. She instructed me to go to the Convention Center Area Command (CCAC) to retrieve my department emergency vehicle as well as whatever else may be needed given the circumstance. She further instructed me to report to the South Central Area Command (SCAC) where a command post had been set up.

After gathering the necessary items from CCAC, I arrived at the command post approximately fifteen (15) minutes later. I was advised to check in with LT. K. Buist, P# 6966 and she would assign assignments. I, along with the other members of squad CC28, inclusive of Sgt. Carroll, were told to report to the Thomas & Mack. We were informed that non-injured victims as well as other spectators were being sent to the Thomas & Mack in an effort to receive voluntary statements from these individuals. This was done to establish timelines and sequences of the event in addition to what the victims/spectators may have seen or recorded on their phones.

Our squad along with other officers dealt with several thousand people, giving comfort, words of encouragement and trying to make these folks as comfortable as possible. We made arrangements for food, water and blankets to be supplied. We also tried to keep the people updated as much as possible as to when they would be able to return to their respective hotels. We stayed with the victim still approximately 0700 hours at which time the hotels were off lockdown and receiving guests.

After being made aware of an active shooter situation on the Las Vegas strip, I, Lieutenant Jamie Prosser, advised Sergeant Joey Herring and Sergeant Mike McGrath to report to the designated command post at South Central Area Command with all available detectives.

Upon arrival at the command post we were immediately advised to send one team to the Mandalay Bay and one team needed to assist with gathering witness interviews in order to determine the number of assailants involved.

Sergeant McGrath's squad assisted with reviewing CAD and interviewing witnesses that were transported to the command post. Said witnesses claimed to believe there was more than one shooter, however, there was no information to corroborate their statements. Ultimately, Sergeant McGrath and his team deployed to the Thomas and Mack command post along with Homicide and assisted with recovering a multitude of witness statements.

After discovering the identity of the assailant, it was learned he had a previous DMV address in Henderson from 2012. Sergeant McGrath coordinated with Henderson Intelligence Sergeant Rob Hart and contact was made at the residence. The sole occupant of the residence claimed to be the assailant's ex-girlfriend. All information was forwarded to FIT Lieutenant Dennis O'Brien and the Watch Desk for "lead" tracking purposes. Ultimately FBI completed a follow-up interview with the subject.

Sergeant Herring responded to the Mandalay Bay, his team coordinated their response with hotel security in order to access all video surveillance and intelligence surrounding the assailant. Throughout the course of their investigation, their team interviewed all employees that had any interaction with the assailant from his initial check-in date. They also gathered any and all related intelligence specific to the assailant's actions while at the Mandalay Bay.

A coordinated time-line was produced with the assistance of Senior Analyst's Howe and Haynes. The time-line incorporated all interviews, movements specific to surveillance videos, valet, food service, gaming, lock interrogations, room temperature monitoring and all intelligence recovered throughout the week following the incident.

All gathered intelligence was turned over to FIT for case completion.

**OFFICER'S REPORT**

Event #: 171001-3519

Active Shooter  
SUBJECT

DIVISION REPORTING: Homeland Security

DIVISION OF OCCURRENCE: CCAC

DATE & TIME OCCURRED: 10/1/17 2210 Hours

LOCATION OF OCCURRENCE: 3950 S. Las Vegas Blvd Las Vegas, Nevada

NARRATIVE:

On 10/1/17, I Officer Ferrante, P#13331, was on duty/ logged on and operating as Z27, when I received a text message from my Sgt. Mueller, that there was an active shooter at Mandalay Bay. While enroute to the scene I was advised over SWAT 1 to respond to the command post, set up at SCAC, due to there being multiple assailants.

Upon arrival, I immediately dressed out, formed an active shooter element and responded to Mandalay Bay Hotel. Upon arrival into Mandalay Bay our team located the elevators and a security guard. The security guard was unable to assist us on which elevator we needed to take, so we could get to the 32<sup>nd</sup> floor. We then received information that the suspect was coming down the elevators. We each took up a position holding on all elevators on the casino level. After a short time holding on the elevators we located the correct elevator to take us to the 32<sup>nd</sup> floor, however the elevators were shut down. We located the stairs and began to ascend. Once I reached floor 20 we learned that entry had been made into the suspect's room and he was 419. We were told we were no longer needed on the 32<sup>nd</sup> floor, but to begin clearing floor by floor looking for more suspects, civilians and possible casualties. As my team and I completed clearing one floor we were directed by the command post to respond to lower level valet. While at the lower level, I began to assist other officers in clearing the casino and employee areas of Mandalay Bay. We were able to extract approximately 30-40 employees who were sheltered in place out of the casino employee area and hand them off to where medical was staged, if needed. The Mandalay Bay security guard who was shot was one of the subjects evacuated from the employee area. My team and I continued to clear the casino and employee area. We located another two employees who had barricaded themselves in the women's spa area and evacuated those employees back to valet. Once the casino/ employee area was deemed clear we were told to respond back to valet.

Once we got back to valet we broke up into force protection teams. My team along with several others went back into Mandalay Bay and began clearing every room of the hotel looking for officers, suspects, civilians and possible casualties.

Once the entire hotel was cleared I was advised to return back to the staging area for debriefing.

ACTIVE SHOOTER OR  
SUBJECT

DIVISION REPORTING:	MAJOR VIOLATORS	DIVISION OF OCCURRENCE:	NARCOTICS
DATE & TIME OCCURRED:	10-01-2017 / 2200 HRS	LOCATION OF OCCURRENCE:	Route 91 Festival., Las Vegas, Nevada

**OFFICERS INVOLVED:** SGT. J. Bonkavich #6961 (Supervisor)  
DET. J. Murray #4756  
DET. N. Gulli #4073

**DETAILS:**

On 10-01-2017, at approximately 2200 hours, I was attending the last day of the Route 91 Festival with my family and friends (to include Detective N. Gulli #4073). We were sitting on the first grassy area for chairs, on the east side of the grass in the last two rows.

During the Jason Aldean concert, we heard what sounded like firecrackers or the concert speakers having feedback. The sounds then stopped and then we heard what appeared to be a heavy volley of gunfire coming from the west side of the venue. During the volley, panic was starting to overcome the crowd and individual concert goers were panicking and running every direction knocking over chairs and individuals. During the initial volley of gunfire, it sounded like there were two active shooters inside the venue working themselves through the crowd (west to east). During these initial volleys of gunfire we observed several individuals in front of us and to the west get shot and drop to the ground in need of medical attention. Individuals with them appeared to be conducting life saving techniques on these individuals.

After realizing the gunfire was coming from the west side of the venue, I decided to have members in our party start evacuating towards the east of the venue. As we were evacuating and turning toward the east exit, we again were overcome by automatic gunfire (with bullets flying over our heads and skipping off the ground next to us as we attempted to flee the area). During this commotion individuals were laying on the ground and others were trampling over others on the ground. Members in my party became separated as the

gunfire continued. Individuals in the crowd continued to panic and at that time myself, several other officers in plain clothes and firemen identified ourselves as Police Officers/First Responders to the individuals running and assisted them to find cover behind several items to wait for the gunfire to stop. After several minutes the gunfire continued and individuals again were running toward the exits and several appeared to get shot and were able to make it outside the venue as others stayed behind cover waiting for the gunfire to stop. During this commotion we were able to assist others evacuating the injured, shot and others attempting to flee the area.

Eventually the gunfire stopped and myself along with others were able to continue to assist others exit the venue to safety and vehicles to take them to medical personnel. We then checked the immediate area for other victims and to make sure individuals still hiding were safe and directed them to the east side of the venue towards McCarran airport.

After several hours members of my party were able to reunite and it was determined no one was shot (other than one that appeared to get hit in the forearm by the concrete from a ricochet) but several in my party were knocked to the ground (trampled with injuries).

During the incident I notified my supervisor Sgt Bonkavich as to my involvement.

## OFFICER'S REPORT

OCCURRENCE:CCACDATE & TIME  
OCCURRED:10/01/2017 22:05LOCATION OF  
OCCURRENCE:3950 S. Las Vegas Blvd, LVN 89119NARRATIVE:

On 10/01/2017 at approximately 22:05 hours, I, Officer H. Singh P# 14310, while being assigned TDY to the Blue SWAT Team, was training at the LVMPD Range, along with other members of the Blue Swat Team. We received a notification of a possible active shooter at the Mandalay Bay with multiple victims. I proceeded to the hangar to pick up mobile armor. Once I arrived, I met with Officer C. Thompson P#9836, and we both loaded into the Bear Armored vehicle and headed to the Mandalay Bay. While en route to the call, we received Intel of possible multiple shooters so the decision was made by the Swat Commander to stage at South Central Area Command and formulate a plan. Once arrived at the area command, Officer Thompson and I, along with other SWAT and SAR members, made a strike team and headed down range towards the Mandalay Bay. Once arrived at the Mandalay Bay, we began traversing the staircase to the 32<sup>nd</sup> floor, intel of where the shooter was located. Our team made it to the 23<sup>rd</sup> floor when other SWAT and K9 members breached the suspect's room and determined that room and floor were clear. Once the 32<sup>nd</sup> floor was cleared, we began clearing every floor, room by room. During the searching of the rooms, we encountered one security officer who was armed and did not have any credentials or identification to confirm his identity. Due to the severity of the situation, with possible multiple shooters, the security officer was detained until a Security Manager could confirm his identity. After Mandalay Bay was determined to be cleared of any other suspects, we turned over control of the Mandalay Bay to patrol officers and detectives.

Active Shooter at Route 91

SUBJECT

DIVISION REPORTING: <u>Patrol</u>	DIVISION OF OCCURRENCE: <u>Special Events</u>
DATE & TIME OCCURRED: <u>10/1/17 at 2205 hours</u>	LOCATION OF OCCURRENCE: <u>MGM Village Lot (3901 S. Las Vegas Blvd)</u>

NARRATIVE:

I, Sgt. M. Bulmer, P# 8420, was assigned to the Route 91 Country Festival on 10/1/17 beginning at 1300 hours. I was working the interior of the event, in a uniformed capacity, as 748SE.

On 10/1/17 at approximately 2156 hours, I arrived in the medical tent inside the venue by the northeast gate (Gate 4A) due to Officers P. Zaragoza and B. Rich (179SE) requesting the assistance of a supervisor reference an intoxicated female who was trespassing on property. At 2204 hours I activated my camera while my officers were handling the intoxicated subject.

At 2205 hours I heard what sounded like rapid gunfire. I have responded to countless unfounded shootings and was trying to process if the sound was something else, such as firecrackers or something that was part of the show. Once it was announced over the air that it was in fact a shooting, myself and the other officers went outside the tent and observed people starting to leave the venue in a seemingly confused and anxious state. Believing the situation to be an active shooter on property, I immediately started running toward the gunfire with the intent to find the threat and utilize deadly force to stop it. Based on the fact that it was a large event on the strip, I also assumed that this was likely a coordinated terrorist attack and that there were likely multiple assailants in the venue. There were multiple two story structures throughout the venue used for VIP guests so my assumption was that the shooting may be coming from one of them.

As I ran southwest toward the gunfire, I tried to remain vigilant for the possibility of multiple attackers in the venue. I repeatedly told people to "go east" while signaling with my hands the direction to evacuate. During the melee, I lost track of the officers I had been with. I then came upon Officers M. Bordoni and C. Delvillar who were behind concealment. They advised me that the shooting sounded like it was coming from the Mandalay Bay.

I was then flagged down by a man stating that a woman had been shot in the head. Once I located the female, I called out the radio traffic as to her location. I was advised to switch channels to Convention Center. I then directed the people with the downed citizen to evacuate her from the premises as medical was not going to be able to respond during an active shooter. I moved out of the open area to switch my radio zone/channel. At

SIGNATURE: M. Bulmer 8420

## CONTINUATION

Event #: LLV171001003519

one point, an intoxicated female laying on the ground told a male to take my gun. I noticed the male did not react at all to her. I chose not to respond to her as I knew people were in a panicked state.

Throughout the incident, multiple people were notifying me of more people shot. I felt that addressing the threat was more important to handle first. I continued southwest through the venue, while instructing people to go east, until I reached the furthest most west gate. At that point, I was told that the shooting was coming from the 31<sup>st</sup> floor of the Mandalay Bay. Due to the distance, I decided to transition to evacuation of the injured.

I assisted an unknown male carry out an unknown female to the east exit. Another officer (whom I did not know) and I then provided people lethal cover while citizens evacuated injured persons. At one point I removed my bright yellow traffic vest and left it inside one of the tents. I felt that the vest not only made me a target, but anyone who were to come to me for help.

At approximately 2221 hours, I came across another group of unknown officers, and off duty LVMPD Officer J. Theal asking to assist. Officer Theal identified himself and one of the officers handed him a shotgun. There was also a continuous flow of off duty medical, police and unknown persons asking to help, assisting to carry out the injured and leaving.

We ended up at the tour buses near the back of the stage. Initially we continued to evacuate people from that area as well, but it was then decided by Lt R. Spencer (3611C) to have Jason Aldean and his crew shelter in place. The shooting had ceased for some time at that point, but we felt that if the tour buses began to move that they would be a large target for any possible outstanding suspects. In addition, we had just funneled thousands of people out of the back gate and I heard over the radio that multiple roads were closed. We decided to shelter in place until we could either confirm it was safe to move Jason Aldean or I knew there was at least a clear route out where he would not get stuck by traffic and hysterical fans. The buses were parked in a U shaped pattern. A 360 perimeter was created behind cover. Throughout the incident there was radio traffic of more active shooters at other hotels. I assumed it was a Mumbi-style coordinated terrorist attack.

Eventually, Officer T. Fredrick (Special Events- Event Coordinator) arrived and drove a MGM 15 passenger van to escort the remaining civilians out of our area, with officers Krnjeu and Kraut walking on foot alongside the van to provide cover. It took three trips to evacuate the occupants from the tour buses. Once everyone had been evacuated, myself and the remaining officers that were with me went to the C.P. that had been set up prior to the event by Special Events, located in the church parking lot east of the venue. However, by the time we arrived, the C.P. personnel were gone.

I asked Officers to get the names of the citizens that were still waiting near the C.P. and release them, as many were complaining and wanting to leave. I also asked Officers to get written statements from them, but someone from Special Events arrived and had them stop getting statements. I also gathered a group of officers and walked the perimeter to find places to put them for crime scene preservation. I eventually made contact with Lt. Yatomi who arrived at the C.P. and stayed until I was relieved by Sgt. McMurtry. I provided the list of people that sheltered in place in the tour buses to unknown detectives at the end of my shift.

The following officers assisted me to the best of my recollection:

Krnjeu, P# 9336 (181SE)

Kraut, P# 9313 (181SE)

Gurule, P# 15122 (Off Duty LVMPD)

Ooms, P# 2402 (Off Duty NLVPD)

On 10/01/17, I, Lieutenant Richard Maupin, was off duty. At approximately 2215 hours, my supervisor, Captain John Pelletier, called me on the phone. Captain Pelletier instructed me to report to work because of an active shooter at the Mandalay Bay Hotel and Casino. I was instructed to report to Convention Center Area Command (CCAC).

While at CCAC, I was tasked with coordinating the call back of CCAC commissioned personnel to assist with the active shooter incident and calls for service within CCAC. I coordinated a portion of the personnel to report to the staging area to assist with the active shooter incident while the other portion to handle multiple calls for service that were pending within CCAC. I ensured that a designated channel and dispatcher were obtained for the personnel that were handling calls for service because the CCAC home channel was being utilized for the active shooter incident. I also coordinated the implementation and notification of the A/B roster for CCAC as it was going to start on 10/02/17 at 0600 hours.

Route 91 Harvest Fest

SUBJECT

DIVISION REPORTING: <u>Tourist Crimes</u>	DIVISION OF OCCURRENCE: <u>Tourist Crimes</u>
DATE & TIME OCCURRED: <u>October 1st, 2017</u>	LOCATION OF OCCURRENCE: <u>MGM Festival Lot</u>

**NARRATIVE:**

On October 1<sup>st</sup>, 2017 at about 1025 hours, I was home and decided to turn the television on to the local news. When I did, I saw that there was an active shooter being reported at the Mandalay Bay. I grabbed my phone and realized that I had several missed calls and texts about the incident and immediately called my supervisor Captain Richard Fletcher. He advised me that there was an active shooter engaging guests at the Route 91 Festival and I needed to get over there to assist.

I got into uniform and headed towards that location when I became stuck in traffic on the I15 south in front of Town Square. While there, I encountered an older pickup truck that had a WMA in the bed holding a WFA who was bleeding profusely from an unknown location. There was also another young looking WFA laying with him bleeding as well. I asked were they ok and he told me the female he was holding was his wife and she was dead. The other female was injured but looked to be more in shock.

As we were boxed in, I knew there was no way to get them any help so I just tried to keep them at ease by talking to them when I observed an ambulance trying to get through the traffic jam. I ran over to them and advised of the injuries in the truck and they came over to assist. There were two other patrol cars stuck with me and we all worked to get her to clear a lane and went against traffic and were able to get out of the area. I then reported to UMC where I met Captain Plummer and began assisting him and Lieutenant Jeffrey Goodwin with managing that scene.

About three hours later, the hospital scene was secure so I relocated over to the Route 91 lot to assist there. The scene was pretty static at that point so I walked around talking to the officers making sure they were ok and to see if they needed anything. I was then called over to HQ to assist with putting together the Emergency Activation Plan. After the plan was complete, I then went over to SCAC to help get all the officers showing up at 0600 briefed, answer any questions and ensure everyone was sent out to the right spots.

The next few days, I worked at the DOC managing the ABX roster, along with staffing for the many crime scenes, coroner's office, and convention center.

On 10/01/17, I Officer D Ferrin P#6535 was at the LVMPD Range when a text came out from Sgt. Mueller, stating that there was an active shooter at Mandalay bay and several people were down. Myself and the Officers that were training at the range headed towards Mandalay Bay.

While in route to the active shooter we were on radio channel SWAT 1 so that we could communicate with each other as we were clearing intersections. While South bound on I-15 we were notified that there possibly several shooters and that individuals were seen on the tarmac of McCarran airport. We were also informed that this could possibly be a coordinated attack and to report to SCAC.

I arrived at SCAC along with the majority of the SWAT section. From there we were formed into strike teams and moved towards the Mandalay Bay. While moving to the Mandalay Bay we believed that there were multiple suspects in the area. We made our way into the lower level of Mandalay bay casino and found the elevators.

At the elevators the radio traffic on SWAT1, CCAC, SWAT Simplex was very limited due to interference from the buildings thick walls. We received information over the radio that a suspect was coming down the elevators. All of Blue team formed up on the elevators waiting for the suspect to come down. We were unable to confirm the information and realized that the elevators were inoperable.

The SWAT section then moved to the stairs due to the elevators being shut down and began to ascend the stairs. We had received information that there was definitely a suspect on the 32<sup>nd</sup> floor and we were under the impression that there were more suspects on the upper levels of Mandalay Bay.

Me and several other SWAT Officers reached approximately the 27<sup>th</sup> floor when Officers made entry into the room on the 32<sup>nd</sup> floor. Approximately six of us began clearing the floors below the 32<sup>nd</sup> floor.

The strike team that I was with cleared several floors and then ended up on the 43<sup>rd</sup> floor that opened up onto the roof and the back of the Foundation room. We were instructed to hold that position until further notice.

At that time the Officers that were with me were:

## Officer's Report for Active Shooter

SUBJECT

DIVISION REPORTING:	<u>SEAC</u>	DIVISION OF OCCURRENCE:	<u>CACC</u>
DATE & TIME OCCURRED:	<u>10-1-17 / 1005</u>	LOCATION OF OCCURRENCE:	<u>Mandalay Bay / Route 91 Festival</u>

NARRATIVE:

**Synopsis:** Officers from Southeast Area Command in-the-box squads were activated due to an active shooter from the Mandalay Bay Casino targeting concert patrons at the Route 91 Festival. Officers assigned to SE25 were advised to not respond with the MACTAC squads and await orders from SEAC. SE25 did receive orders to respond to Sunrise Hospital and set up a security perimeter around the hospital. The following paragraphs depicts their actions the night of Oct. 1, 2017.

Officer's Involved (SE25):

Nickolas Jones P# 9043 (Sgt.)  
Baron Bybee P# 15080  
Vincent Vanslyke P# 15181  
Jacob Barr P# 15312  
Kelly Lindemann P# 15485  
John Alessio P# 15670

I, Sgt. N. Jones P#9043, currently supervise SE25 which encompasses the officers assigned to dayshift COP and the Southeast Area Command swing shift bike squad.

**Narrative:** On October 1<sup>st</sup>, 2017, I was at home due to an adjusted shift but the bike officers assigned to SE25 were working swing shift. At approximately 1008 hours, I was called by Officer Vanslyke and advised of an active shooter at the Mandalay Bay Casino. I told Officer Vanslyke to rally the squad at the rally point for MACTAC and coordinate response through the in-the-box sergeant.

Officer Alessio, Vanslyke, Barr and Lindemann arrived at the rally point and were told by Sgt. Wert to remain at Southeast Area Command Substation to await orders. At approximately 2300 hours, Sgt. Deschutter gave orders to SE25 to respond to Sunrise Hospital and set up security around the property.

Officer Bybee, Vanslyke, Barr, Lindemann and Alessio arrived at the north entrance to the hospital and observed a female with a gunshot wound to her leg. Officers quickly learned the north doors had been closed by hospital staff. They immediately lifted the female into the back of a patrol vehicle and drove her to the south ER entrance while attending to her leg. Once at the south entrance, they gave the female to medical staff and immediately began to set up a perimeter around the south entrance.

The hospital was chaotic as wounded were being dropped off and grieving family members were filling the waiting areas. Officer Bybee, Alessio, Vanslyke, Barr and Lindemann did an outstanding job to coordinate the security efforts with Henderson police officers and responding Nevada Highway Patrol troopers.

I arrived at Sunrise Hospital, after driving in from home, and took command of SE25 under the direction of Captain Splinter.

Officer Lindemann and Barr walked the halls within the hospital to help keep peace and provide a presence. They were also tasked with gathering information from family members who had missing loved ones to help identify the deceased and injured. The task was difficult as emotions were high from all involved.

Officer Lindemann, Barr and I assisted detectives and medical staff in identifying the deceased. SE25 was relieved by dayshift and secured at approximately 0700 hours.

## NARRATIVE:

On 10/01/17 at approximately 2215 hours, I Officer D. Ruberio P# 7144 (Call sign SR5) assigned to Air Support / Search and Rescue, was off duty and at my residence when I received a phone call from SAR Officer Thayer P#9171. SAR Officer Thayer informed me of the active shooter event at the Mandalay Bay and said that he, SAR Officers Long P# 6902 and Connell P# 6722 were responding. I left my residence and drove my department vehicle (#9968) code 3 to the command post at SCAC.

Upon my arrival, I made contact with our volunteer [REDACTED] who had arrived around the same time. I informed [REDACTED] of possible multiple gunman on the loose and instructed him to stay close by my side. [REDACTED] and I dressed in our tactical gear, then walked over to the SWAT Bear, which was driven by SWAT Officer Mark Lineberger. SAR Officer Thayer and volunteer [REDACTED] along with multiple other SWAT Officers arrived and entered the Bear, and we were all transported over to the Mandalay Bay lower valet area.

Once we arrived the Mandalay Valet area, SAR Officer Thayer and I assigned (unknown named) K9 Officer to stay with the Doctors inside the Bear, and to assure that she remain with them at all times for protection. [REDACTED] were given instruction to establish a Casualty Collection Point at the lower Valet in the event we come across any casualties.

SAR Officer Thayer and I were attached with SWAT Officers and we entered the Mandalay Bay. We began ascending the stairs to the upper level floors in search for, at the time, multiple gunmen. Upon reaching our assigned floor, our team began clearing the floor. We cleared multiple floors which were coordinated by the SWAT ATL Kevin Stevens and/or the Command Post. Once we received information that all floors were cleared, we were instructed to regroup at the valet area.

Once we arrived back at the valet, we received information regarding a missing patrol officer who was not answering his phone and/or radio. Force Protection Teams were broken up and two FD personnel were assigned with my group. We were given a master room key and told to begin searching all rooms for our missing officer and civilian casualties. We received information that the missing officer was found, and continue to search for casualties. No casualties were found, and all teams returned to the command post and were released to secure.

Stephen C. Paddock  
04-09-53/ 563-86-6197  
WMA, 6'4", 230 lbs, Brown hair, Blue eyes  
Deceased

**DETAILS**

On October 1<sup>st</sup>, 2017 at approximately 2208 hrs Stephen Paddock began shooting from the 32<sup>nd</sup> floor of the Mandalay Bay Hotel/ Casino into the Route 91 concert venue killing 59 people and wounding 527 more. Sergeants immediately began making notifications for detectives to respond and provided direction. Detectives from the Counter Terrorism Section with the SNCTC Fusion Center responded to the Command Post that had been set up at South Central Area Command.

Upon arrival Detectives Baker, Stuart, Enriquez, and Kesterson were assigned to assist in developing intelligence about the suspect and to respond to the Mandalay Bay Security Surveillance room to start coordinating responding assets. While at Mandalay Bay they received information that the suspect's vehicle was parked in the garage. The Detectives made their way to the vehicle to ensure that there were no other suspects at the vehicle. Upon arrival they cleared the vehicle and found that the vehicle was unoccupied. When clearing they observed several bags within the vehicle. Fearing the vehicle may contain an explosive device Detectives called for patrol assistance in establishing a perimeter. They requested K9 and ARMOR to mitigate the vehicle. Ultimately, the contents of the vehicle did in fact contain explosive material in raw form and ammunition. There were no constructed explosive devices or other components.

After the suspect had taken his own life and responding officers cleared and secured his room, the investigation into the incident began. The SNCTC Counter Terrorism Section assisted in coordinating investigative efforts for Homicide, Force Investigations Team, FBI and various other sections and agencies. Joint Terrorism Task Force Detectives responded to the FBI Field Office and assisted with being the conduit for LVMPD and the FBI's joint investigation. Other Counter Terrorism Detectives and Sergeant Meyers responded to LVMPD Headquarters to ensure the proper information was being passed to the Department Operations Center that had been setup in response to the incident.

Detectives Baker, Casto, Stuart and Hardman drafted over 20 search warrants and court orders related to digital media involving this case over the past 10 days. In addition, Detective Mead authored the original search warrant for the suspect's residence in Mesquite with Detective Brewer being the affiant of a piggy back warrant for the residence. Sergeant Dockery responded to Mesquite PD's Command Post to coordinate efforts with other jurisdictions for the search warrant service. Sergeant Dockery was assisted by Detectives Kelly, Lima and Lowery. Spring Valley Area Command PD Sergeant Mike Fletcher responded to assist with his squad at the Mesquite search warrant service. There were multiple investigative tips and leads followed up, interviews conducted, and intelligence work products produced for situational and investigative updates to the executive staff. Counter Terrorism Detectives still managed to investigate an elevated number of Suspicious Activity Reports (SARs) while maintaining a focus on the mission.

The SNCTC Counter Terrorism Section worked on an AB Roster, working 24 hours a day on 12 hour shifts for the entire week after the incident. The section then changed to 10 hour shifts the following week with no days off. The investigation is still on going at the time of this report.

OCCURRENCE: Mandalay Bay/ Route 91NARRATIVE:

On October 1<sup>st</sup>, 2017, I returned from a trip out of state at approximately 2100 hours. I arrived home at approximately 2200 hours, and received a text from a friend at 2215 hours. She was listening to her scanner, and heard the events unfold and texted me to be careful. I immediately called a dispatch supervisor, who advised me there was an active shooter at Mandalay Bay with multiple confirmed casualties. I immediately logged on and called Captain Pelletier to advise I was enroute. Captain Pelletier advised me to meet him at the Command Post located at South Central Area Command. I proceeded to that location code 3 in my unmarked but equipped department vehicle. Upon my arrival, I made contact with Captain Pelletier and assumed the role of Deputy Incident Commander. Please refer to Captain Pelletier's officer's report for further on incident priorities and assignments.

LVMPD

CCFD Chief Klassen

CCFD

CCFD Chief Buchanan

CCFD

I, Robert Byrd, a civilian employee assigned to the firearms training and tactics unit was working my outside employment as a Community Ambulance Paramedic on Sunday 10/01/2017. At approximately 2205 hours, as I was standing outside of the medical tent located in the north east corner of the venue, I heard a burst of gunshots. As I looked up toward the stage area noticing the band still playing, causing me to believe that a drive by shooting had occurred on the strip outside of the venue. Moments later I heard a second burst of gun shots begin that sounded as if there was a shooter inside the festival area. Immediately following I heard a third burst of gun shots that were even louder, at the same time people were jumping fences and trying to exit the venue on the east side as I thought the shooter was moving toward the medical tent.

I began to make contact with multiple victims that were now arriving at the medical tent. I began to apply tourniquets to two victims, and directed a patron to apply direct pressure to an abdominal wound of a third victim. Inside the medical tent there were multiple people with gunshot wounds, and a white female walked in stating she was shot to the head. She was immediately attended to by medical personnel inside the tent. Outside the medical tent, I evaluated two additional victims who were both pronounced deceased. Recognizing the need for additional medical assistance I got on the radio to Community Ambulance dispatch and requested additional ambulances from AMR, MedicWest and Community ambulance.

As people were exiting the venue and unidentified person approached me and advised that there was a Metro Officer down near the stage suffering a gunshot wound to his neck area. I grabbed another community [REDACTED], and two metro officers, Officer Ryan Rotta and his partner, that had their rifles deployed, informing them of the officer that was down. We developed a Force Protection team and

CONTINUATION

Event #: 171001003519

proceeded toward the stage in the direction of the downed officer. As we neared the stage area we made contact with officers already in that area who advised that the injured officer had been extracted from the venue and was being transported to a local hospital. Myself and [REDACTED] then proceeded toward the exit looking for further injured persons under bleachers and inside tents and booths as we made our way back to the medical tent. I instructed countless people that were still within the venue to exit out onto Giles and seek safety and cover.

After exiting through the gate onto Giles I made contact with an AMR supervisor who was in front of his crown Victoria and providing care. I advised him that triage was to the north of where he was located where there were additional medical personnel that could assist him. The AMR supervisor informed me that there were two people deceased along the sidewalk on the east side of Giles. I continued walking north bound on Giles and made contact with CCFD Chief John Klassen who advised that multiple emergency medical units were enroute, to include CCFD, LVFR, HFD, NLVFD to provide emergency medical attention and transport injured parties.

I then learned via Community ambulance dispatch that there were multiple persons shot at McCarran airport and additionally CCFD was advising of a possible active shooter inside the New York New York Casino, Excalibur Hotel & Casino, and Hooters Casino. All of which were found to be victims from the Route 91 festival that had fled on foot from the venue.

As ambulances were arriving in the area, I was informed that the ambulance crews were being flagged down and overwhelmed with injured people from private vehicles and those that were able to make it on foot. After the initial injured were transported from the scene off of Giles I was able to establish a staging area with 5 ambulances to the east side of the venue on Giles.

I went back inside the venue noticing four victims that were deceased to the west side of the medical tent, there was a white male sitting on the ground near one of the bodies who stated he was afraid to move and wanted to stay with one of the decedents. This information was passed on to LVMPD officers who were inside the venue securing the scene.

I exited the venue and made contact with CCFD Chief Klassen and Chief Buchanan. Together we coordinated our medical response to calls at various locations needing ambulances for person(s) that were shot. I then proceeded to relay this information to the supervisor at the staging area to dispatch units to these locations one of which was 50 people injured at the hooters casino. Multiple agencies and rescue units responded to this scene.

I then continued to direct the response of medical units to reports of victims such as a deceased person lying in the street on Reno Ave. and Haven St. and Sunset and LV BLVD. I had an ambulances dispatched to the area who located a deceased person at each location. I was informed of a female off of Ali Baba that had been shot, I sent an ambulance crew over to the area who transported the victim to Sunrise hospital. Additional reports of the same continued to come in to the east command post for the next several hours and I would coordinate and dispatch ambulance crews that had been staged to handle them. At 0530 hours, I secured the staging scene and released any medical personnel from the east staging area.

SUBJECT

DIVISION  
REPORTING:CC15/FlexDIVISION OF  
OCCURRENCE:CCACDATE & TIME  
OCCURRED:10/01/17 2208LOCATION OF  
OCCURRENCE:3950 Las Vegas Blvd LVN 89109NARRATIVE:

On 10/01/17 at approximately 2211 hours I, Officer R. Bass P# 14720 was notified by Sgt. Obasi P# 6642 of an active shooter located at the address of 3950 S. Las Vegas Blvd LVN 89109 (Mandalay Bay). The message stated there were over 100+ victims at the Route 91 concert just east of the Mandalay Bay and Sgt. Obasi was en route. During this time I was at my residence in the Northwest area. I immediately donned my gear and grabbed my department issued rifle. I was then contacted another officer on my squad B. Robbins P# 15029. I agreed to ride into CCAC with Officer Robbins together since we lived in the same area. I then left the area of our homes at approximately 2220 hours. While en route to Convention Center Area Command. Officer Robbins logged himself on as unit 8M53 and I as unit 8M.

Once we arrived at Convention Center Area Command at approximately 2235 hours, Officer Robbins grabbed his tactical vests, gun belts and ran out to our patrol vehicle #10350. Minutes later were then en route code 3 to the address of 3790 Las Vegas Blvd LVN 89109 (New York New York) due to dispatch stating there were reports of an active shooter at that location. Upon our arrival we met with Sgt. Obasi and other officers and went into New York New York conducting a "Casino Sweep" meaning we cleared and secured the casino floor.

Once New York New York was cleared, dispatch broadcasted that multiple callers were claiming that there were active shooters in the surrounding casinos and areas. Based upon the information from dispatch we then made our way through the T-Mobile arena property and Monte Carlo. A Metro Vice unit then broadcasted there was a report of an active shooter at the Paris (3655 Las Vegas Blvd LVN 89109), so we then drove our vehicle code 3 to that location and conducted another casino sweep. During the casino sweeps, all night clubs and bars were also checked inside the casinos.

Once the Paris was cleared we then staged on the bridges at the intersection of Harmon and Las Vegas Blvd. Shortly after, Officer Robbins and I drove to the command post at the intersection of Tropicana and Las Vegas Blvd. Where we were directed by a Sargent to assist at Hooters (115 E Tropicana LVN 89109). While at Hooters, a person with a gunshot wound was reported to be at MGM (3799 Las Vegas Blvd LVN 89109) so we met with four other officers along with units from the fire department and EMT's, and began making our way there.

Once at MGM we spoke with security staff and other officers who were already there in which nothing was seen or heard regarding a person with a gunshot wound. We then went back to Hooters and was directed to

Active shooter  
SUBJECT

DIVISION REPORTING: <u>Patrol</u>	DIVISION OF OCCURRENCE: <u>South Central</u>
DATE & TIME OCCURRED: <u>10-01-17 2208</u>	LOCATION OF OCCURRENCE: <u>3950 S Las Vegas BLVD. LVN 89119</u>

**NARRATIVE:**

On 10-01-17 at approximately 2215 Hrs. while out with family members on a vacation day, I received a phone call from a friend asking what was going on in the area of Mandalay Bay. He advised me that there were a large amount of police cars, and he can hear many gun shots. I hung up with him and called the Watch desk, so that I can get more information. I was then advised there was an active shooter possible multiple shooters, and a sniper. I then left my family, and drove into work as I was close to SCAC. I notified my immediate supervisor, Sgt. Lee that I was coming into work. I arrived at SCAC and got dressed, grabbing my Tac gear and head out to the command post in front of SCAC. There was no room in any of the vehicles, so I crammed in someone's patrol vehicle and head to the scene. I arrived at Mandalay gathered up in a strike team, and went up to the 32<sup>nd</sup> floor as units were already breaching the door at room 135. We then decided that we would begin to check other rooms for victim, and or possible victims. We were advised at a later time by swat operators that they needed assistance, checking all the rooms for victims and possible suspects on the 17<sup>th</sup> and 18<sup>th</sup> floor. We ascertained a master key from security and began searching those rooms. After the third floor, my team was advised that there were victims with gunshot wounds at MGM. We all jumped into CCFD rescue 18 and drove to Hooters Casino, where we deployed on foot, across the street to the MGM where we located a victim with a gunshot wound to the abdomen. We then assisted a victim that was injured while she was running from the concert, she had a very large contusion to the forehead, and a gash to her head. We were then advised that there was another gunshot victim that was located at Fat Burger just north of MGM. We deployed north and treated and assisted another victim who had a GSW to his lower half of his body.

After that we went back to Mandalay bay, due to the fact that they needed assistance with more floors being cleared. We joined up with another strike team and began a room to room search on the 32<sup>nd</sup> floor. We went back down to valet after every time we cleared a floor and were given a new floor to clear. We were given the 35<sup>th</sup> floor next. When we arrived back at valet, we were told to clear the 48<sup>th</sup> floor. The all access door card that we were given by security did not give us access the 48<sup>th</sup> floor. We were then notified that the floors after the 37<sup>th</sup> floor, belonged to 4 Seasons. They needed a different card for entry. As a unit we decided to take the stairs up rather than wait. We climbed up to the 48<sup>th</sup> floor, clearing all 3 hallways of rooms again. We then went back down to Valet to speak with the SWAT operator that was giving us our floor assignments. We had to keep walking back down due to him not answering his phone. When we arrived back down he advised us that there
